Sciences The book examines inter ethnic violence in Cyprus also as a case study of the multiple dimensions and actors playing a role in non international armed conflicts by turning the spotlight on internal legal and political developments thus removing the spotlight away from the usual focus on international diplomatic power struggles relevant to this conflict The Cyprus Question is an excellent example of a highly complex conflict involving a network of internal and external actors whose relationship today is further complicated by the passing of more than half a century since the events addressed in the book Considering that nowadays the majority of ongoing armed conflicts face similar complexities the book is insightful in illustrating the deepest controversies of the internal politics of armed conflicts and Law s role in them Hence the book offers contributions to Public International Law scholarship as well as International Relations and Conflict Studies among others
