Cyrus K Holliday A Documentary Biography

John Sedgwick

Cyrus K Holliday A Documentary Biography:

Cyrus K. Holliday, a Documentary Biography William E. Treadway,1979 Dangerous Ground John Suval,2022
Dangerous Ground examines how white squatters in the American West came to occupy a central and destabilizing position in US political culture in the decades culminating in the Civil War *From the River to the Sea* John Sedgwick,2022-07-05 A sweeping and lively history of one of the most dramatic stories never told of the greatest railroad war of all time fought by the daring leaders of the Santa Fe and the Rio Grande to seize control and create the American West **Historic Shawnee County** Spencer L. Duncan,2005 An illustrated history of El Paso Texas paired with histories of the local companies

Going Back to Bisbee Richard Shelton,1992-05 The author shares his fascination with a distinctive corner of the country Bisbee Arizona with a narrative that reflects the history of the area the beauty of the landscape and his own life

From the Reservation to Washington Debra Goodrich,2024-10-15 The first person of color to serve as vice president Charles Curtis was once a household name but has become a footnote in American history As a mixed race person who became a public figure in the nineteenth and early twentieth centuries his story is more relevant today than ever He was constantly forced to choose whether to be Indian or white Society would not let him be both When his temper flared it was his savage nature coming through when he presided over the United States Senate with an unprecedented knowledge of the rules and procedures it was evidence of his civilized ancestry Charles Curtis was born into Bleeding Kansas and came of age during the most turbulent of times His father participated in the violence as a Kansas Redleg avenging the actions of Missouri bushwhackers As Civil War evolved into the Plains Indian Wars Curtis was an eyewitness as his own people were starving and even the most powerful of tribes were confined to reservations These forces shaped his philosophy and perspective To this day he holds the distinction of being the only person of Native American heritage to be elected the second highest office in the land He served as the 31st vice president of the United States from 1929 to 1933 under Herbert Hoover Private and pragmatic he became a respected statesman championing citizenship for Native Americans and rights for women But his path of inclusion was perceived by others as destroying tribal sovereignty Perhaps he realized that But in his experience the most powerful force on earth was the federal government and he learned to play the government game and to be better at it than almost anyone else *Kansas* Craig Miner,2002-10-21 Kansas is not only the Sunflower State it s the very heart of America s heartland It is a place of extremes in politics as well as climate where ambitious and energetic people have attempted to put ideals into practice a state that has come a long way since being identified primarily with John Brown and his exploits Craig Miner has written a complete and balanced history of Kansas capturing the state s colorful past and dynamic present as he depicts the persistence of contrasting images of and attitudes toward the state throughout its 150 years A work combining serious scholarship with great readability it encompasses everything from the Kansas Nebraska Act to the evolution creationism controversy emphasizing the historical moments that were pivotal in forming the culture of the

state and the diverse group of people who have contributed to its history Kansas The History of the Sunflower State is the first new state history to appear in over twenty five years and the most thoroughly researched ever published Written to enlighten general readers within and well beyond the state s borders it offers coverage not found in previous histories greater attention to its cities notably Wichita and to its south central and western regions accounts of business history contributions of women and minorities and environmental concerns It presents the dark as well as the bright side of Kansas progressivism and is the first Kansas history to deal with the post World War II era in any significant detail Craig Miner has spent almost forty years researching teaching and writing Kansas history and has dug deeply into primary sources especially gubernatorial papers that shed new light on the state That research has enabled him to assemble a wider cast of characters and more entertaining collection of quotations than found in earlier histories and to better show how individual initiative and entrepreneurial aspirations have profoundly influenced the creation of present day Kansas Ranging from the days of cattle and railroads to the era of oil and agribusiness this history situates the state in its own terms rather than as a sidebar to a larger American epic Miner brings to its pages an identifiable Kansas character to preserve what is distinctive about the state s identity for future generations echoing what one Kansan said over half a century ago Kansas is simply Kansas May she never be tempted to become anything else

On the Plains in '65 George H. Holliday, 2021-01-12 A new scholarly edition of an Ohio boy soldier s revealing post Civil War memoir This annotated edition of Holliday s recollections known primarily among historians of the American West re contextualizes his memoir to include his boyhood in southern Ohio and the largely untold story of the hundreds of Buckeyes who crossed the Ohio River to serve their country in Virginia later West Virginia regiments ultimately traveling across Kansas Nebraska Colorado and Wyoming to safeguard mail and stage routes along the celebrated Oregon Trail during a pivotal time in American history Glenn Longacre s extensive research in federal state and local archives manuscript collections and period newspapers complements his correspondence with the living descendants of Holliday and other soldiers His research integrates this story deservedly as part of Appalachian history before during and after the Civil War From this perspective it addresses an entirely new audience of Appalachian studies scholars Civil War and frontier history enthusiasts students and general readers

Biography Index Bea Joseph, 1979 A cumulative index to biographical material in books and magazines

Cyrus K. Holliday, a Documentary Biography William Eugene Treadway, 1979

Cities on the Plains James R. Shortridge, 2004 Drawing on rich historical research filtered through cultural geography Shortridge looks at the 118 communities that ever achieved a population of 2 500 and unravels the many factors that influenced the growth of urban Kansas He tells how mercantilism dominated urban thinking in territorial days until after statehood when cities competed for the capital prisons universities and other institutions He also shows how geography and size were employed by entrepreneurs and government officials to prepare strategies for economic development And he describes how the railroads especially promoted the founding of cities in the nineteenth century and

how this system has fared since 1950 in the face of globalization and the growth of interstate highways BOOK JACKET

Kansas History Homer E. Socolofsky, Virgil W. Dean, 1992-04-20 The first volume in the series State Bibliographies this book provides comprehensive coverage of secondary materials on Kansas history and also includes useful references to major archival and manuscript collections Although excellent specialized bibliographies have been published this volume is the most complete compilation of historical and related materials for the state Its broad and diverse scope ranges from standard political and economic studies to social and environmental histories to local studies and to regional studies with special significance to the state The volume is divided into sections on prehistory indigenous population early exploration territorial period statehood Kansas since 1898 agriculture economic life transportation cultural life education science and medicine social history general histories and reference guides local and county history historiography materials and historic sites Entries include informative annotations designed to aid the novice and the scholar The volume is thoroughly indexed by author and subject and includes the only existing index for all the major articles appearing over the past 125 years in the Kansas State Historical Society's major publications The Journal of Business Leadership, 1992 **Midwest Historical and Genealogical Register**, 1981 *Kansas History*, 1984 History News, 1980 *Iron Horses* Walter R. Borneman, 2014-11-18 A masterly account of the origins of the transcontinental railroad Douglas Brinkley by the author of the bestselling *The Admirals* After the completion of the first transcontinental railroad in 1869 the rest of the United States was up for grabs and the race was on The prize a better shorter less snowy route through the American Southwest linking Los Angeles to Chicago In *Iron Horses* Borneman recounts the rivalries contested routes political posturing and business dealings that unfolded as an increasing number of lines pushed their way across the country Borneman brings to life the legendary robber barons behind it all and also captures the herculean efforts required to construct these roads the laborers who did the back breaking work the brakemen who ran atop moving cars the tracklayers crushed and killed by runaway trains From backroom deals in Washington DC to armed robberies of trains in the wild deserts from cattle cars to streamliners and Super Chiefs all the great incidents and innovations of a mighty American era are made vivid in *Iron Horses* **Subject Catalog, 1980** Library of Congress, 1980 A Biographical Directory of the Indiana General Assembly: 1900-1984, 1984 *Arizona and the West*, 1983

The Enigmatic Realm of **Cyrus K Holliday A Documentary Biography**: Unleashing the Language is Inner Magic
