**Czechoslovakia, a Bibliographic Guide** Rudolf Sturm, Library of Congress. Slavic and Central European Division, 1968 Professor Rudolf Sturm of Skidmore College was commissioned in 1965 to undertake Czechoslovakia in an ad hoc appointment as a consultant to the Slavic and Central European Division In selecting books and periodicals for inclusion the potential users of the bibliography include librarians building their collections relating to Czechoslovakia specialists dealing with the area in depth and it is hoped general readers with only occasional and less specialized interests Assuming that it would be used primarily in English speaking countries it seemed appropriate to include publications first of all in English then in French and German and some also in Italian and Spanish Books in Czech and Slovak are listed only when they are of basic importance for a subject for which no adequate Western imprint is available Thus this guide is expected to be of interest and assistance to beginners as well as to the more advanced students of Slavic and Mid European affairs

**The Czech And Slovak Republics** Carol Leff, 2018-02-15 This clear objective introduction to the politics of Czechoslovakia and the successor Czech and Slovak Republics provides a comprehensive analysis of Czechoslovakia in the postcommunist period Carol Leff builds a framework for understanding the dynamics of the triple transition democratization marketization and a national transformation that has reconfigured the dynamic between state and nation She shows how the interaction of these three transformational agendas has shaped Czechoslovakia's development ultimately culminating in the paradoxical disintegration of a state that most of its citizens wished to preserve The book offers a valuable case study of a country coming back to Europe but it also provides an opportunity for analyzing the influence of communism on what had been a significant interwar European state The book's strong comparative element will make it invaluable as well for those seeking to understand contemporary Central and Eastern Europe
