also reflecting on his own childhood and how his parents prepared him for being a father It all started the day Scarlett Sharon Patterson came into the world and Steve Patterson became a father at the age of forty three yes he knows he s a procrastinator It hadn t all seemed real until the moment he heard his daughter s first cries There they all were Scarlett screaming at the indecency of being plucked from the primordial hot tub she had no intention of getting out of she was two weeks late which is about the same amount of time it still takes her to get ready for a routine outing Patterson sitting gape mouthed and astonished at the miracle he d played a very small part in making happen and Nancy his wife bawling with joy and no doubt relief for the end of the excruciating pain A pain Patterson understands akin to a man wrapping his bottom lip around the top of his stupid head Now after more than two decades of travelling the world making people laugh and seven years at the helm of The Debaters on CBC Radio suddenly it wasn t about him anymore Which granted should also have been the case as soon as he was married but that s not the same as being responsible for another human s very existence These were the thoughts on his mind as Scarlett was passed from the arms of hospital attendants into Nancy s and then finally into his Daddy she said Well not exactly Scarlett couldn t speak English the second she was born She s smart but she s not that smart But Patterson could tell she knew exactly who he was She looked right into his soul and he could hear her speak even if no one else could Daddy she said You better not screw this up Over the next several years Patterson would learn just how much he didn t know From how to get free stuff for your child to the many ways that toddlers resemble politicians parenting is a constant adventure And although it s the toughest job there is it can also be hilarious

The Dad Zone Michael Burkett,1993 Combining the wit of Erma Bombeck and the practical wisdom of Bill Cosby this book is the perfect Father s Day gift a funny and totally real look at strained peas dirty diapers bedtime stories and the awesome love that comes from being a dad Burkett s The Dad Zone newspaper column is nationally syndicated

The Good, The Dad and the Ugly Brian Viner,2013-05-23 Brian Viner s children are finally leaving home Exhausted and broken and on average 200 000 worse off per child Brian felt it was time to look back on the adventure of being a father over the previous 18 years There is nothing like the actual experience of parenting to undermine all the theories to rip apart all the textbooks This book provides at least some insight for the father to be or the newly with child into the strange and yet common unique yet universal condition of fatherhood And perhaps it will offer a few crumbs of comfort After all if you have a teething baby or a 17 year old stop out giving you sleepless nights or a relcalcitrant toddler driving you demented or a cheeky eight year old giving you lip or a sullen teenager ignoring you and if he or she is equally capable of filling you with boundless love joy and pride then you are a Dad and welcome to the club

For You, Dad Jack Julian Taylor,2011 This book celebrates fatherhood in all its glory the trials tribulations and sheer joy that it can bring You may have a tricky dad or fear morphing into them or perhaps you have in law problems Or maybe you are a new father who years for an unbroken night of sleep but still love your children so much that it s like a physical throbbing ache This book provides insight answers and a few laughs in a celebration of the journey of
