Dada 1916 To 1966

Stephen C. Foster

Dada 1916 To 1966:

The Dada Painters and Poets Robert Motherwell, 1989 Presents a collection of essays manifestos and illustrations that provide an overview of the Dada movement in art describing its convictions antics and spirit through the words and art of its principal practitioners *Arman, Raysse, Spoerri, Dufrêne, Rotella, Villegle* Milan Galleria Schwarz, Arturo Schwarz, 1966

Dada, 1916-1966 Hans Richter, 1966 **Dada 1916-1966** Hans Richter, 1966 Dada and After Alan Young, 1983

Dada and Its Later Manifestations in the Geographic Margins Ronit Milano, Raya Zommer-Tal, Noam Gonen, 2024-06-14

This volume focuses on the unstudied geographic margins of Dada delving into the roots of Dada in Israel Romania Poland and North America Contributors consider some of the practices and experiments that were conceived a century ago surfaced in art throughout the twentieth century and are still relevant today Unearthing its Israeli origins examining Dadaist expressions in Poland and shedding light on overlooked facets of Dadaist art in Romania and North America the authors cast a spotlight on the less explored geographical peripheries of Dada The book is organized around four thematic trajectories space language materiality and reception which are dissected through the lens of micro histories Recognizing the continuing validity of questions raised by Dadaist artists this volume argues that Dada persists as an ongoing endeavor a continual reexamination of the fundamental tenets of art and its ever evolving potential manifestations The book will be of interest to scholars working in art history modernism and history of the twentieth and twenty first centuries **Shock and the**

Senseless in Dada and Fluxus Dorothee Brill, 2010 A groundbreaking analysis of two movements of the historical avant garde **Dada in Italia**, 1966 **Modernism - Dada - Postmodernism** Richard Sheppard, 2000 Modernism Dada

Postmodernism collects updates integrates and contextualizes the critic Richard Sheppard's essays on the historical avant garde Sheppard's topic in all of these essays is the modernist writers artists and philosophers linguistic and visual responses to a changed sense of reality and human nature Beginning with an overview of the problematics of European modernism Sheppard establishes the dialectical relationship between the cultural crisis that occurred during the period 1880 1936 and the different responses from European modernists and the avant garde With its combination of classic and new essays and its perspective on the theoretical avant garde modernism debate in the United States Sheppard's volume should give the specialist as well as the general reader an insight into the highest sample of European scholarly discourse on this subject

Europe's Long Century Spencer Di Scala, 2013 The twentieth century has been interpreted as a short century marked by extremes According to this view the century lasted only from 1914 to 1989 or 1991 These dates coincide with the rise and fall of communism that came to power in Russia in 1917 and ended with the fall of the Berlin wall 1989 or that of the Soviet Union 1991 Thus the concept of a short century is unduly influenced by a Cold War perspective In Europe's Long Century Spencer Di Scala presents an alternative view that will be more helpful to undergraduate history students in the twenty first century namely that twentieth century Europe was actually a long century lasting approximately from 1900 to 2000 with

patterns and antecedents discernible before the century began and that continue to be elaborated today Comprehensive current and affordable Europe s Long Century integrates the histories of Eastern Europe Scandinavia and the Balkans that are often neglected in similar treatments It also thoroughly covers the role of science in shaping modern European life and the book s biographical sketches profile the lives of important though not always well known people who influenced Europe s long century *Movement Dada, 1916/1966* Galleria Schwarz,1966 **Dada 1916-1966** Hans Richter,Goethe-Institut Inter Nationes,1996 *Crisis and the Arts: Exquisite Dada : a comprehensive bibliography* Stephen C. Foster,1996 Despite the short life of the Dada movement it has provoked the interest of art historians museum directors and literary critics from all over the world The present volume comprises the literary texts of individual Dadaists and periodicals from all Dada centers as well as books articles exhibition catalogs and bibliographies by international scholars Jo rgen Scha fer s *Exquisite Dada* is the most exhaustive bibliography on Dada that has ever been compiled so far By giving a synopsis of some decades of scholarly research it provides an indispensable source for further studies on the matter **Dada** Galleria Schwarz,1966

Dada 1916-1966 Hans Richter,1969 **Dada 1916-1966** Hans Richter,1966 **Dada Magazines** Emily Hage,2022-12

Dada magazines made Dada what it was diverse non hierarchical transnational and defiant of the most fundamental artistic conventions This book the first of its kind to critically examine the place of Dada periodicals within the art movement redefines the story of Dada by demonstrating the centrality of these graphically inventive provocative periodicals Dada New York Dada Dada Jok and dozens more that began crossing enemy lines during World War I Anchored in close material analysis within a historical and theoretical framework Dada Magazines models a novel multifaceted methodology for assessing many kinds of periodicals The book traces how the Dadaists Marcel Duchamp Tristan Tzara Dragan Aleksic Hannah H ch and many others compiled printed distributed and exchanged these publications At the same time it recognizes the journals as active agents that engendered the Dada network and its thematic chronological structure captures the constant exchanges that took place in this network With in depth scrutiny of these magazines and 1970s Dadazines inspired by them Dada Magazines is a vital source in the histories of art and design periodical studies and modernist studies

Gaming Utopia Claudia Costa Pederson,2021-04-06 In *Gaming Utopia Ludic Worlds in Art Design and Media* Claudia Costa Pederson analyzes modernist avant garde and contemporary video games to challenge the idea that gaming is an exclusively white heterosexual male corporatized leisure activity and reenvisions it as a catalyst for social change By looking at over fifty projects that together span a century and the world Pederson explores the capacity for sociopolitical commentary in virtual and digital realms and highlights contributions to the history of gaming by women queer and transnational artists The result is a critical tool for understanding video games as imaginative forms of living that offer alternatives to our current reality With an interdisciplinary approach *Gaming Utopia* emphasizes how game design creation and play can become

political forms of social protest and examines the ways that games as art open doors to a more just and peaceful world

Remaking the Readymade Adina Kamien-Kazhdan, 2018-05-11 Replication and originality are central concepts in the artistic oeuvres of Marcel Duchamp and Man Ray *Remaking the Readymade* reveals the underlying and previously unexplored processes and rationales for the collaboration between Duchamp Man Ray and Arturo Schwarz on the replication of readymades and objects The 1964 editioned replicas of the readymades sent shock waves through the art world Even though the replicas undermined ideas of authorship and problematized the notion of identity and the artist they paradoxically shared in the aura of the originals becoming stand ins for the readymades Scholar poet dealer Arturo Schwarz played a crucial role opening the door to joint or alternate authorship an outstanding relationship between artist and dealer By unearthing previously unpublished correspondence and documentary materials and combining this material with newly conducted exclusive interviews with key participants *Remaking the Readymade* details heretofore unrevealed aspects of the technical processes involved in the re creation of iconic long lost Dada objects Launched on the heels of the centenary of Duchamp's *Fountain* this new analysis intensifies and complicates our understanding of Duchamp and Man Ray initial conceptions and raises questions about replication and authorship that will stimulate significant debate about the legacy of the artists the continuing significance of their works and the meaning of terms such as creativity originality and value in the formation of art
