Daedalus Fall 1969:

The Mozartian Historian Joseph Levenson, 2021-01-08 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1976 **The New History and the Old** Gertrude Himmelfarb, 2004 For this updated edition of her acclaimed work on historians and historiography Himmelfarb adds four new essays In examining the effects of postmodernism the illusions of cosmopolitanism A J P Taylor and revisionism and Fukuyama's end of history Himmelfarb enriches her exploration of the ways historians make sense of the past **Minority Enterprise and Expanded Ownership: Blueprint for the 70's** United States. President's Advisory Council on Minority Business Enterprise, 1971 **World Justice**, 1970 *Comparative Methods in Sociology* Ivan Vallier, 2023-11-10 The essays in this volume are intended to help social scientists do better comparative research and thereby to improve our possibilities for creating more satisfactory explanations or theories These broad aims are advanced throughout the book in several ways 1 by an identification and assessment of the methodological strategies of exceptionally important comparativists past and present 2 by an explication and refinement of logics of procedure that are central to many types of comparative research 3 by a presentation of new research models that link or bridge heretofore separate lines of comparative inquiry and 4 by the definition of methodological criteria by which theories and conceptual frameworks can be more fruitfully related to and qualified by comparative studies Specific problems such as comparability causal inference conceptualization measurement and sampling are addressed in various sections of particular essays From the Preface This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1971 **Hesburgh** Michael O'Brien, 1998 The most versatile and highly respected academic leader in the United States Father Theodore Hesburgh was known for his rare energy and ability to carry out a staggering variety of assignments with distinction He combined an exceptional blend and balance of qualities intellect character personality spirituality and management skill A man of enormous good will he tried to embody the compassion of Christ During his career as president of the University of Notre Dame from 1952 to 1987 enrollment doubled the endowment grew from 9 million to 350 million and the number of buildings on campus increased from 48 to 88 At the time of his retirement his signature was on the degrees of four out of five living Notre Dame graduates While transforming Notre Dame into a great university he transformed himself into a national figure with influence far beyond his campus He was tapped for service by every American president since Eisenhower and by three popes His fifteen Presidential appointments involved him in almost

all the major social issues and for fifteen years he served on the U S Civil Rights Commission This book examines Fr Hesburgh s personality leadership qualities management strategies and central role as a priest It chronicles his prominent position in advancing civil rights and explores his relationship with famous people among them John and Robert Kennedy Richard Nixon Jimmy Carter and Pope Paul VI Finally the biography investigates unfamiliar aspects of his life his relationship with women and his six adopted children his attitude toward Notre Dame s high profile football program and his sometimes controversial views on the Vatican celibacy birth control abortion and homosexuality Michael O Brien is professor of history at the University of Wisconsin Fox Valley Menasha Wisconsin He is the author of *McCarthy and McCarthyism in Wisconsin* 1981 *Vince A Personal Biography of Vince Lombardi* 1987 and *Senator Phillip Hart The Conscience of the Senate* 1996 A fascinating examination of the Hesburgh era and his towering legacy of service to his church his country and his fellow citizens Today s Catholic O Brien draws on archives and interviews as well as secondary research to produce a thorough survey of the life and character of perhaps the most powerful Catholic priest in the post World War II U S Booklist The world has urgently needed a comprehensive study of Fr Hesburgh s phenomenal accomplishments This book is very adequate for chronicling and studying the career of one of the Church s most significant individuals of the century O Brien s research including interviews with many who worked with Hesburgh is solid If other analyses of the work of Fr Hesburgh are forthcoming they will surely rely heavily on this biography Public and academic libraries and those parish libraries serving Notre Dame alumni will do well to purchase this book Catholic Library World A detailed but accessible biography Although O Brien s account is strictly chronological and rarely attempts interpretation his biography of a life of single minded devotion will interest readers already fascinated by Hesburgh as well as those who meet him here for the first time Publishers Weekly O Brien has done a good job of synthesizing the long list of books articles diaries and other things written by and about Father Ted He also has interviewed 118 people who worked with Father Ted or otherwise know him well The result is a book that not only chronicles his notable accomplishments but also tells us what makes Father Ted tick For all who admire this amazing man and for those who don t know him I recommend this book St Anthony Messenger In an a

Campus Disorder and Cultural Counter-revolution ,1970 *Ideas and Events* Leonard Krieger,1992-11 Leonard Krieger has long been revered as a contemporary master historian With an eye toward placing his critical achievements before an expanded readership he helped compile this core collection of his most important essays Together these essays bring under a single cover the key themes and ideas of his life s work to serve as a handbook for intellectual history and historians of every stripe This book reflects Krieger s conviction that the value of intellectual history is as a source of orientation in a world of information overload In Krieger s hands intellectual history has stressed thinking through the relations between ideas and events rather than the compilation and recapitulation of mere facts and historical categories The essays in this collection cover a range of topics including history of ideas intellectual history early modern political history German political history

Hegel Marx and more Many of these essays are already classics of historical scholarship With the demise of the Soviet Union and state sponsored Marxism and with the reunification of Germany Krieger s history takes on new relevance and a renewed importance With a splendid introduction by Michael Ermath and an extensive bibliography of Krieger s most important books and essays this is a must read for every serious student of modern history Leonard Krieger was University Professor

Emeritus in the Department of History at the University of Chicago until his death in 1990 **Socio-physical Technology (HUD International Information Sources Series)**. United States. Housing and Urban Development Department,1971

A Bibliography of Historical Economics to 1980 Deirdre N. McCloskey,George K. Hersch, Jr,1990 Historians and economists will find here what their fields have in common the movement since the 1950s known variously as cliometrics economic history or historical economics A leading figure in the movement Donald McCloskey has compiled with the help of George Hersch and a panel of distinguished advisors a highly comprehensive bibliography of historical economics covering the period up until 1980 The book will be useful to all economic historians as well as quantitative historians applied economists historical demographers business historians national income accountants and social historians A Mere Machine Anna Harvey,2013-11-28 Introductory textbooks on American government tell us that the Supreme Court is independent from the elected branches and that independent courts better protect rights than their more deferential counterparts But are these facts or myths In this groundbreaking new work Anna Harvey reports evidence showing that the Supreme Court is in fact extraordinarily deferential to congressional preferences in its constitutional rulings Analyzing cross national evidence Harvey also finds that the rights protections we enjoy in the United States appear to be largely due to the fact that we do not have an independent Supreme Court In fact we would likely have even greater protections for political and economic rights were we to prohibit our federal courts from exercising judicial review altogether Harvey s findings suggest that constitutional designers would be wise to heed Thomas Jefferson s advice to let mercy be the character of the law giver but let the judge be a mere machine rdquo **The Belmont Report: Appendix, vol. National Commission for the Protection of Human Subjects of Biomedical and Behavioral Research,1976 **The Dialectical Imagination** Martin Jay,1996-03-05 Herbert Marcuse Erich Fromm Max Horkheimer Franz Neumann Theodor Adorno Leo Lowenthal the impact of the Frankfurt School on the sociological political and cultural thought of the twentieth century has been profound The Dialectical Imagination is a major history of this monumental cultural and intellectual enterprise during its early years in Germany and in the United States Martin Jay has provided a substantial new preface for this edition in which he reflects on the continuing relevance of the work of the Frankfurt School **At War with Asia** Noam

Chomsky, 2005 Indispensable look at American military involvement in Vietnam Cambodia and Laos until 1970 **The Black Campus Movement** Ibram X. Kendi, 2012-03-12 This book provides the first national study of this intense and challenging struggle which disrupted and refashioned institutions in almost every state It also illuminates the context for one of the most transformative educational movements in American history through a history of black higher education and black student activism before 1965 *The Study of the Future*, 1977 **The Midwest Quarterly**, 1980 From Form to Meaning David Fleming, 2011-06-12 In the spring of 1968 the English faculty at the University of Wisconsin Madison UW voted to remedialize the first semester of its required freshman composition course English 101 The following year it eliminated outright the second semester course English 102 For the next quarter century UW had no real campus wide writing requirement putting it out of step with its peer institutions and preventing it from fully joining the composition revolution of the 1970s In *From Form to Meaning* David Fleming chronicles these events situating them against the backdrop of late 1960s student radicalism and within the wider changes taking place in U S higher education at the time Fleming begins with the founding of UW in 1848 He examines the rhetorical education provided in the university's first half century the birth of a required two semester composition course in 1898 faculty experimentation with that course in the 1920s and 1930s and the rise of a massive current traditional writing program staffed primarily by graduate teaching assistants TAs after World War II He then reveals how starting around 1965 tensions between faculty and TAs concerning English 101 102 began to mount By 1969 as the TAs were trying to take over the committee that supervised the course the English faculty simply abandoned its long standing commitment to freshman writing In telling the story of composition's demise at UW Fleming shows how contributing factors the growing reliance on TAs the questioning of traditional curricula by young instructors and their students the disinterest of faculty in teaching and administering general education courses were part of a larger shift affecting universities nationally He also connects the events of this period to the long embattled history of freshman composition in the United States And he offers his own thoughts on the qualities of the course that have allowed it to survive and regenerate for over 125 years
