Daily Life In The Age Of Charlemagne:

Daily Life in the Age of Charlemagne John J. Butt, 2002-11-30 Discusses daily life during the time of Charlemagne examining such topics as housing clothing food childbearing the economy leisure times and religion The Age of Charlemagne Hans Prutz, 1905 **Daily Life in the World of Charlemagne** Pierre Riché, 1978 Detailed account of the common people's daily life in the time of Charlemagne and how politics and military struggle affected them *Converting the Saxons* Joshua M. Cragle, 2023-10-06 Utilizing a crusading ethos from 772 to 804 AD Charlemagne King of the Franks waged war against the continental Saxons to integrate them within the growing Frankish Empire and facilitate their conversion to Christianity While substantial research has been produced concerning various components of Carolingian history this work offers a unique examination of Charlemagne's Saxon Wars as a case study for understanding methods of conversion used in the Christianization of Europe as well as their significance for subsequent conversion strategies employed around the globe *Converting the Saxons* builds on prior scholarly research is grounded in primary sources and is contextualized with a robust historical introduction Throughout the text particular emphasis is given to Christian encounters with paganism and the way paganism was interpreted confronted and transformed Within those encounters we observe myriad forces of coercion and incentivization used in societal religious conversion demonstrating the need for a serious reconsideration of the standard narratives surrounding Christian missions This book provides a scholarly and accessible resource for students and researchers interested in transhistorical methods of conversion the history of Christianity Early Medieval paganism Colonial religious encounters and the nature of religious conversion **The Palladino Family in America** Peter August Hoetjes, 2004 The family surname is derived from the Italian first name Paladino The first recorded Paladino was a medieval knight and the nephew to the Holy Roman Emperor Charlemagne 742-814 AD Many romantic fables are told of Charlemagne and his paladins The most famous of the paladins was Roland the favorite nephew of Charlemagne It is Roland the Italian bestowed by Charlemagne with the name Paladin who may be our famous ancestral noble Cavaliere that all Palladino's and modern day Pauldine's are descended from genealogy and objective interpretation of these topics can spell the difference between real family history and fanciful family folklore It is in a whimsical and fanciful vein that I portend that the Palladino and modern day Pauldine clan is in some way related to the famous Holy Roman Emperor Charlemagne and his equally famous nephew Roland the Paladin But who knows Perhaps a future Palladino explorer with the inclination and more importantly possessing very deep pockets might one day embark on the eternal quest for the truth and in the process even perchance recover Roland's magical sword Durandal *The End of the Middle Ages* Kelly Roscoe, 2017-07-15 The Middle Ages were marked by economic and territorial expansion demographic and urban growth the emergence of national identity and the restructuring of secular and ecclesiastical institutions Readers will learn about the great achievements of the ninth through twelfth centuries a time when people were often categorized into three orders those who

fight those who pray and those who labor Other notable events and phenomena examined in this authoritative history include the Carolingian renaissance the Crusades Gothic art and architecture the papal monarchy the birth of the university and the recovery of ancient Greek thought

Charlemagne's Courtier Paul Edward Dutton,1998-02-01 Among the readings included are several existing letters by Emma Einhard s wife The Life of Charlemagne and The History of His Relics The latter work transports us into an almost unknown world as Einhard the cool rationalist arranges for a relic salesman a veritable bone seller to acquire saints relics from Italy for installation into his new church The reader is taken on an intrigue filled trip to Rome where Einhard s men creep into churches at night to steal bones and then spirit them away to Einhard in the north The relics are received in town after town as if they were the living saints come to cure the infirm Einhard s descriptions of the sick the lame and the blind of northern Europe vividly expose us to a side of medieval life too rarely encountered in other medieval sources

Armies and Politics in the Early Medieval West Bernard S. Bachrach,2024-10-28 In these articles Professor Bachrach starts by looking at aspects of the barbarian occupation of the land of the Roman Empire from Britain to the Alan settlements in southern Gaul His particular interest however is in the political and above all in the military structures that grew out of the Early Middle Ages He has sought to demonstrate that there was a fundamental continuity in military organisation and tactics from the Merovingian through the Carolingian period As he shows there is no reason to connect the origins of feudalism with Charles Martel s wish to create a force of cavalry and it is a fallacy that he grasped the potential of the stirrup for enabling mounted shock combat On the contrary its use in the West progressed only slowly and it had nothing to do with the origins or growth of feudalism Le professeur Bachrach d bute par l analyse de certains aspects de l occupation barbare des terres de l empire romain de la Grande Bretagne aux campements alans en Gaule m ridionale Il s attache en suite aux structures politiques et surtout militaires qui furent issues du Haut Moyen Age Selon lui et il tente d en faire ici la d monstration l organisation et les tactiques militaires ont fait preuve d une continuit fondamentale de l poque m rovingienne celle des Carolingiens Comme il le demontre il n y a pas lieu d tablir de liens entre l origine du f odalisme et le d
