Daily Guidance By Ikeda Daisaku:

For Today & Tomorrow Daisaku Ikeda, 1999 Seikyo Times , 1993 **Peace, Value, and Wisdom** George David Miller, 2021-11-22 This book introduces readers to the Buddhist based philosophy of education of Daisaku Ikeda. Ikeda's philosophy of education offers human revolution, value creation and dialogue as counterweights to the violence lurking in today's classrooms. Where education becomes wisdom based, it transforms learners into keen assessors of their inner lives and establishes a foundation for global citizenship.

Hope and Joy in Education Isabel Nuñez, Jason Goulah, 2021 Introduces educators and scholars to the legacy and import of Daisaku Ikeda as a singular philosopher, educator and institution builder, thus enriching current education discourse. In the process, the book illuminates the benefits of cross cultural research and learning by considering the relevance of Ikeda's thought not only to established streams of pedagogy and practice in the Deweyan tradition but also to emerging trends in education research such as ecocritical education and critical race feminism.

Winter Always Turns to Spring: A Memoir Akemi Bailey Haynie, Sachiko Takata Bailey, 2013-06. Sachiko Takata was 14 years old when an atomic bomb dropped on her hometown of Hiroshima, Japan. In an instant, her world was changed. Her mother died shortly after Japan's surrender. The devastation of war and the loss of her mother awakened in Sachiko's heart a deep resolve to devote her life to building a world of peace where the dignity of all human beings is respected and the peril and haunting specter of nuclear war is nonexistent. Given her experience with war, it was ironic that she would marry an American soldier, LeRoy Bailey. It was in the United States that she was introduced to Nichiren Buddhism and credits her practice of Buddhism as well as her mentor Daisaku Ikeda with saving and transforming her life. Through his example, she was able to learn how to tap the innate power of her spirit to weather life's storms, to change poison into medicine, to win over all obstacles and to turn winter into spring. Because of her growth and understanding of life, Sachiko Takata Bailey now thinks of August 6, 1945 as Victory Day, because the victorious and optimistic person she became emerged from the ashes and ruins of Hiroshima.
