March of 2020 it was estimated that there were more medical doctors and attorneys as an aggregate in the U S than chefs in the U S even though it takes far more years to fulfill the ample mandatory requirements to become a medical doctor or attorney than it takes to fulfill the mandatory requirements to become a chef As of March of 2020 there are no mandatory requirements that need to be fulfilled for a person to become a chef As of March of 2020 the economy is unequivocally in dire need of more chefs especially since they are able to prepare meals for their clients Clients prefer to delegate the task of meal preparation to chefs who are able to prepare meals on their behalf Chefs who prepare healthy meals that are subsumed under a longevity promoting salubrious wholesome heart healthy brain healthy kidney healthy anticancer antidiabetic nutrient dense alkaline antioxidant rich antiglycation anti inflammatory raw fruitarian diet are able to ease the lives of their clients This is because preparing healthy meals that are subsumed under a longevity promoting salubrious wholesome heart healthy brain healthy kidney healthy anticancer antidiabetic nutrient dense alkaline antioxidant rich antiglycation anti inflammatory raw fruitarian diet can be a time draining and stressful undertaking Even though certain people are effusive about preparing meals not every person has an affinity for preparing meals since concocting meals cannot only be time consuming and stressful undertaking but can also be fraught with inconveniences Chefs are not only expected to be competent cooks but are also expected to be leaders in the kitchen and producers of appetizing meals Chefs are capable of devising recipes for palatable appetizers and sumptuous entrees that are subsumed under a longevity promoting salubrious wholesome heart healthy brain healthy kidney healthy anticancer antidiabetic nutrient dense alkaline antioxidant rich antiglycation anti inflammatory raw fruitarian diet A chef is expected to not only possess creative prowess and extraordinary dexterity but is also expected to have stellar leadership skills and robust communication skills especially if he is an executive chef who leads a sizeable team in a kitchen of a restaurant In contexts in which a chef leads a sizeable team in a kitchen of a restaurant he will not only be expected to oversee the restaurant operations that transpire in a kitchen setting but may also be expected to train the cooks of the restaurant on how to expeditiously prepare menu items In contexts in which a chef leads a sizeable team in a kitchen of a restaurant he may also be expected to engage in ingredient inventory management by keeping track of the quantity of ingredients in the kitchen of the restaurant and by placing orders for ingredients that are low in quantity or depleted in quantity so that the inventory of ingredients can be replenished as needed Chefs are not pigeonholed into working for restaurant companies Chefs are at liberty to be self employed and work on a contractual basis
