John James Audubon, John Bachman

Beautiful Swift Fox:

Beautiful Swift Fox Robert Gish, 1996 The American Southwest has assumed the status of a cultural icon over the last few decades and one of the writers who helped it to do so was Erna Fergusson named by the Hopis Beautiful Swift Fox An Anglo American whose travel writing featured the multi ethnicity of her region she popularized the culture and landscapes of her native New Mexico and its surrounding states in a range of writing that prefigured the genre defying art that has come to be called the New Journalism Much has been written about New Mexico s remarkable Fergusson family especially brother Harvey and his novels But Erna Fergusson s literary career has been largely overlooked An iconoclast at the forefront of the Southwest Renaissance movement Erna gained a wide reputation beginning in the 1930s for her written versions of the Southwest which embraced the complexities of regional culture and sympathetically and intelligently portrayed the Indian and Mexican influences Distinguished Southwestern writer Robert Franklin Gish assesses Fergusson s literary contributions and unlocks the inner workings of the prose stylist who operated at the interstices of genres With his postmodern reappraisal of the creative nonfiction forms she used Gish prompts readers to reconsider how they view the art of nonfiction writing Gish argues persuasively that Fergusson s identity as a native New Mexican and the region s singular landscape informed the attitudes and values present in her art He explores the ways her entrepreneurial stint as a New Mexico tour guide during the 1920s and 1930s shaped the organizational strategies for her writing He considers thoughtfully her various forms of writing and how she used travelogue journalistic report popular history and persuasive essay to elevate the Southwest to prominence Gish shows her writing as highly evocative descriptive and metaphorical defying the conventions of the nonfiction forms she used and paving the way for America s school of New Journalism Beautiful Swift Fox is not strictly biography nor does it in a traditional sense seek to explicate a body of work Rather like its subject it bridges genres offering a meditation on one Southwestern writer s sense of place **St. Nicholas**, 1894 **Literary Pilgrims** Lynn Cline, 2007 Illuminates both the well and lesser known literary figures of New Mexico whose collaborative efforts created enduring literary colonies This book also discusses fifteen writers and concludes with walking and driving tours of Santa Fe and Taos West of Harlem Emily Lutenski, 2023-04-01 Luminaries of the Harlem Renaissance Langston Hughes Jean Toomer Wallace Thurman and Arna Bontemps among others are associated with well Harlem But the story of these New York writers unexpectedly extends to the American West Hughes for instance grew up in Kansas Thurman in Utah and Bontemps in Los Angeles Toomer traveled often to New Mexico Indeed as West of Harlem reveals the West played a significant role in the lives and work of many of the artists who created the signal urban African American cultural movement of the twentieth century Uncovering the forgotten histories of these major American literary figures the book gives us a deeper appreciation of that movement and of the cultures it reflected and inspired These recovered experiences and literatures paint a new picture of the American West one that better accounts for the disparate African American populations that dotted its landscape and shaped the multiethnic

literatures and cultures of the borderlands Tapping literary biographical historical and visual sources Emily Lutenski tells the New Negro movement's western story Hughes's move to Mexico opens a window on African American transnational experiences Thurman's engagement with Salt Lake City offers an unexpected perspective on African American sexual politics Arna Bontemps's Los Angeles constructed in conjunction with Louisiana provides a new vision of the Spanish borderlands Lesser known writer Anita Scott Coleman imagines black Western autonomy through domesticity The experience of others like Toomer invited to socialite Mabel Dodge Luhan's circle of artists in Taos present a more pluralistic view of the West It was this place with its transnational and multiracial mix of Native Americans Latinas Anglos and African Americans which buttressed Toomer's idea of a new American race Turning the lens elsewhere Lutenski also explores how Latina or Asian American and Native American western writers understood and represented African Americans in the early twentieth century borderlands The result is a new unusually nuanced and unexpectedly complex view of key figures of the Harlem Renaissance and the borderlands cultures that influenced their art in surprising and important ways **Model**

Samuel Maunder, 1843 **Engendered Encounters** Margaret D. Jacobs, 1999-01-01 In this interdisciplinary study of gender cross cultural encounters and federal Indian policy Margaret D Jacobs explores the changing relationship between Anglo American women and Pueblo Indians before and after the turn of the century During the late nineteenth century the Pueblos were often characterized by women reformers as barbaric and needing to be uplifted into civilization By the 1920s however the Pueblos were widely admired by activist Anglo American women who challenged assimilation policies and worked hard to protect the Pueblos traditional way of life Deftly weaving together an analysis of changes in gender roles attitudes toward sexuality public conceptions of Native peoples and federal Indian policy Jacobs argues that the impetus for this transformation in perception rests less with a progressively tolerant view of Native peoples and more with fundamental shifts in the ways Anglo American women saw their own sexuality and social responsibilities **A Diary in America : with Remarks on Its Institutions** Captain Marryat, 1839 *A Diary in America* Frederick Marryat, 1839 *The Journals of the Lewis and Clark Expedition: The journals of Joseph Whitehouse, May 14, 1804-April 2, 1806* Meriwether Lewis, William Clark, Gary E. Moulton, Thomas W. Dunlay, 1983-01-01 The University of Nebraska Press editions of The Journals of the Lewis

and Clark Expedition are widely heralded as a lasting achievement In all thirteen volumes are projected which together will provide a complete record of the expedition Volume 11 contains the journals of expedition member Joseph Whitehouse His journals are the only surviving account written by an army private on the expedition and he is one of the least known of the expedition party Following the expedition Whitehouse had a checkered army career and he disappeared after 1817 His capabilities have been unfairly slighted by previous commentators despite his narrative skill and evidence that he was a man of a lively and curious mind His extensive journal entries contribute to our understanding of the epochal journey and of the unusual group of men who undertook one of the defining events in our history The last part of his journals was not found until 1966 this is the first publication of the complete record of his account **A Stroll by My Western Bookshelves**
