accused of being dark gritty and bleak because they deal with subjects like incest teenage pregnancy dysfunctional families gangs prejudice violence drugs or other complex problems Central characters can be quite mature and multidimensional and plot lines are complex These books break boundaries in various ways from the challenge they present to the reader to the voice they give to their young protagonists Radical YA fiction is frequently more complex and better written than many adult bestsellers Bodart long known as the reigning queen of booktalking has identified 101 engaging tough and well written books and presents them in a way that will help the librarian defend their presence in the library or classroom the parent who wants to know what their child is reading and the teen who is looking for a Rad Read Naturally there is a booktalk to pique interest and give away just enough of the story Entries also include character lists and sections on subject areas and major themes Bodart also provides a number of booktalk and book report ideas Her section on risks will alert adults to mature themes while her section on strengths will help defend these books against their critics The author has also included awards won and a section of book reviews which will be useful for both adult and student All the books listed are accessible to readers of middle school ability and up This is truly a multipurpose book from an expert who knows her stuff and essential for any library serving a teen audience and handy for parents as well Official Stud Book and Registry of the American
