Staying Alive: A Love Story Laura B. Hayden, 2011-06-20 Staying Alive A Love Story is a story of hope and renewal that centers on a woman s search for meaning after the untimely death of her 49 year old husband Coupled with other experiences of loss in her life she is determined to with her children persevere Like Annie Dillard Hayden draws on the rhythms and rituals of the natural world to explore her Brooklyn roots and New England adulthood Wild creatures and domesticated critters seashores and hillsides proffer comfort and understanding as she comes to realize that no more than a hairline and no less than an eternity separate her from the man she loved Even with the wear and tear her faith endures it rarely diminishes Her purpose to usher her two grieving children through a difficult adolescence to a well adjusted adulthood resonates through her own struggles With the precise objectivity reminiscent of Joan Didion s The Year of Magical Thinking and Joyce Carol Oates A Widow s Story Hayden recounts the day her husband died and the rituals and obsessions of the bereaved Forced to look at death straight in the eye

the author stares back wide eyed without blinking through her tears Hayden also manages to be seriously droll in an Anne Lamott way Never is her humor more honed than in the portrayal of her deceased spouse whose devotion antics and wisdom remain ever present to those who are staying alive without him His death becomes not only the family s heartbreak but the loss of a well executed life for all who knew him or will get to know him through these essays Whether Laura Hayden s writing deals with herself her children or her cadre of loved ones it is clear that she her daughter and her son emerge from their tragic loss survivors not victims of Larry s death an outcome of which he would be very pleased In a culture of intentionally exposed and celebrated self victimization the story of this family may be considered a quiet triumph
