T.R. Quiñones, 2012-04-23 Mankind was not meant to interfere with the nature of Dream Realm But what is Dream Realm Scholars of old could sense it but not explain it Plato touched on it in his Theory of Forms but the best he could achieve was a dubious narrative The Ancient Egyptians tried to catalogue it but came up short in their Book of Dreams The I Ching the Chinese Book of Changes came surprisingly close to pin pointing it but its clarity was lost to the test of time Its defining nature is Chaos and Enlightenment Composed entirely from the sum of mankind's desires and the totality of his imagination Dream Realm is potential unrealized Where our creativity is born and nurtured Where the constraints of our naiveté is broken allowing our minds to glimpse at what could have been A Perfect Paradise Dream Realm is the balance to our waking world But in his hubris mankind has compromised that balance There are cracks and fissures along the wall that divide us The

Charlotte Beradt,2025-04-29 The hidden history of a nation sleepwalking its way into evil Charlotte Beradt began having unsettling dreams after Adolf Hitler took power in 1933 She envisioned herself being shot at tortured and scalped surrounded by Nazis in disguise and breathlessly fleeing across fields with storm troopers at her heels Shaken by these nightmares and banned as a Jew from working she began secretly collecting dreams from her friends and neighbors both Jewish and non Jewish Disguising these diaries of the night in code and concealing them in the spines of books from her extensive library she smuggled them out of the country one by one Available again for the first time since its publication in the 1960s this sensational book brings together this uniquely powerful dream record offering a visceral understanding of how terror is internalized and how propaganda colonizes the imagination After Beradt herself fled Germany for New York she collected these dream accounts and began to trace the common symbols and themes that appeared in the collective unconscious of a traumatized nation The fear of dictatorship was ever present Dreams of thought control even the prohibition of dreaming itself bore witness to the collapse of outer and inner worlds Now in a haunting new translation by Damion Searls and with an incisive foreword by Dunya Mikhail The Third Reich of Dreams provides a raw unfiltered and prophetic look
