So They Remember Maksim Goldenshteyn,2022-01-20 When we think of Nazi camps names such as Auschwitz Bergen Belsen and Dachau come instantly to mind Yet the history of the Holocaust extends beyond those notorious sites In the former territory of Transnistria located in occupied Soviet Ukraine and governed by Nazi Germany s Romanian allies many Jews perished due to disease starvation and other horrific conditions Through an intimate blending of memoir history and reportage So They Remember illuminates this oft overlooked chapter of the Holocaust In December 1941 with the German led invasion of the Soviet Union in its sixth month a twelve year old Jewish boy named Motl Braverman along with family members was uprooted from his Ukrainian hometown and herded to the remote village of Pechera the site of a Romanian death camp Author Maksim Goldenshteyn the grandson of Motl first learned of his family s wartime experiences in 2012 Through tireless research Goldenshteyn spent years unraveling the story of Motl his family members and their fellow prisoners The author here renders their story through the eyes of Motl and other children who decades later would bear witness to the traumas they suffered Until now Romanian historians and survivors have served as almost the only chroniclers of the Holocaust in Transnistria Goldenshteyn s account based on interviews with Soviet born relatives and other survivors archival documents and memoirs is among the first full length books to spotlight the Pechera camp ominously known by its prisoners as Mertvaya Petlya or the Death Noose Unfortunately as the author explains the Pechera camp was only one of some two hundred concentration sites spread across Transnistria where local Ukrainian policemen often conspired with

Romanian guards to brutalize the prisoners In March 1944 the Red Army liberated Motl's family and fellow captives Yet for decades according to the author they were silenced by Soviet policies enacted to erase all memory of Jewish wartime suffering So *They Remember* gives voice to this long repressed history and documents how the events at Pechera and other surrounding camps and ghettos would continue to shape remaining survivors and their descendants **The Routledge**

Varieties of Antisemitism Murray Baumgarten, Peter Kenez, Bruce Allan Thompson, 2009 The essays in this volume articulate the historical ground on which this artistic exploration of the Holocaust and anti-Semitism depends They also elaborate the spectrum that connects them in terms of their historical location and ideological emphases and thus suggest the ways in which they are connected in terms of rhetorical discourse The essays are governed by the sense that anti-Semitism has not been a unitary experience or event Rather it is its varieties that are explored exactly those aspects that have made it so difficult to grasp and that led to the wide ranging events and murdering methods of the Holocaust Thus the editors eschew the causal explanation of Hitler's Willing Executioners as they seek to provide more nuanced understanding Murray Baumgarten directs the Jewish Studies program at the University of California Santa Cruz Peter Kenez teaches at the University of California Santa Cruz Bruce Thompson is a lecturer in History and Literature at the University of California Santa Cruz

Legacies VII Peter Hayes, Dagmar Herzog, 1991 In the courtroom and the classroom in popular media public policy and scholarly pursuits the Holocaust its origins its nature and its implications remains very much a matter of interest debate and controversy Arriving at a time when a new generation must come to terms with the legacy of the Holocaust or forever lose the benefit of its historical social and moral lessons this volume offers a richly varied deeply informed perspective on the practice interpretation and direction of Holocaust research now and in the future In their essays the authors an international group including eminent senior scholars as well those who represent the future of the field set the agenda for Holocaust studies in the coming years even as they give readers the means for understanding today's news and views of the Holocaust whether in court cases involving victims and perpetrators international national and corporate developments or fictional documentary and historical accounts Several of the essays such as one on nonarmed *amidah* or resistance and others on the role of gender in the behavior of perpetrators and victims provide innovative and potentially significant interpretive frameworks for the field of Holocaust studies Others for instance the rounding up of Jews in Italy Nazi food policy in Eastern Europe and Nazi anti Jewish scholarship emphasize the importance of new sources for reconstructing the historical record Still others including essays on the 1964 Frankfurt trial of Auschwitz guards and on the response of the Catholic Church to the question of German guilt bring a new depth and sophistication to highly charged sharply politicized topics Together these essays will inform the future of the Holocaust in scholarly research and in popular understanding Publisher's description

Genocide and Fascism Aristotle Kallis, 2008-09-25 This book investigates how fascism as an ideology and political praxis reconfigured the ideological political and moral landscape of interwar Europe generating an atmosphere of extreme license that facilitated the leap into eliminationist violence It demonstrates how fascist ideology linked the prospect of violent cleansing to utopias of national racial regeneration thus encouraging and legitimizing targeted

hatred against particular others It also shows how the diffusion and internationalization of fascism in the 1930s produced a sense of a revolutionary new beginning and created a transnational fascist new order in which Nazi Germany came to occupy a potent position of authority The book analyzes how the eliminationist initiative and precedent of Nazi Germany became a second license that empowered fascist regimes across Europe to embark on their own eliminationist projects with diminished accountability Finally it examines how this license enhanced by the actions of fascists and the collapse of order caused by World War Two released individuals and communities from the burden of legal and moral accountability turning them into accomplices in the most wide brutal and devastating genocidal campaign that the continent had ever experienced

Noroi
înghetăt Avital E. M. Baruch, 2024-12-13

în tradiția iudaică transmiterea orală și scrisă a amintirilor către generațiile viitoare reprezintă o resursă serioasă în Noroi. Înghetăt de Avital Baruch este o carte cu multă simplitate obligă cititorul să transmită doar amintirile despre Holocaust. Este la un loc narațiuni orale, amintiri și surse istorice în povestea tulburătoare a cîntecului familiei sale din România în Israel. Exorcizîndu-și în același timp propriii demoni și descriîndu-și copilăria petrecută în șutul unei familii și al unei comunități de supraviețuitori ca pe o cîntec spiritual de la confuzie la alegere. Cartea este nu numai o colecție de amintiri ci și un document istoric ce prezintă experiențele unei familii de evrei din România care făcînd parte din lumea evreiască poliglotă a Europei Centrale respecta totuși cu conștiință și tradițiile și ritualurile comunității evreiești din România care a fost adesea trecut cu vederea în scrierile despre Holocaust. Mama reuise în mod magnific să bage sub preț trecutul tăinuînd cu succes faptul că fusese închisă într-un lagăr de concentrare nazist în timpul celui de Al Doilea Război Mondial. Tîm că familia ei fusese exilată din România în Ucraina și că ei toți suferiseră de foame și de ger și că nu avuseseră mereu un acoperi deasupra capului și că sora și tatăl său muriseră acolo. Nu am avut habar însă că fusese cunoscut direct cu versiunea românească a lagărelor de concentrare. Cu Holocaustul românesc. Avital E. M. Baruch. Mărturie pelerinaj o cîntec de descoperire și izbăvire o tapiserie minunată esută de povestiri care zugrăvesc suferința, curajul, moartea și supraviețuirea. Nu există istorie orală mai valoroasă decît această superbă carte scrisă de fiica în onoarea mamei ei supraviețuitoare a Holocaustului dar și ca dar de iubire făcut copiilor ei precum și cititorilor. Prof. YIANNIS GABRIEL, Universitatea din Bath, autorul volumului *Myths, Stories and Organization*. Nu este o simplă carte despre Holocaust sau o istorie a evreilor din România, Basarabia și Bucovina. Dezvăluie trecutul ascuns, necăutat, dur și trist al unei întregi generații care a ezitat de multe ori să vorbească deschis despre necărările prin care a trecut. Ambasador ALEXANDER BEN-ZVI, doctor în relații internaționale. *Performing the Past*, Karin Tilmans, Frank van Vree, J. M. Winter, 2010. Karin Tilmans is an historian and academic coordinator of the Max Weber Programme at the European University Institute, Florence. Frank van Vree is an historian and professor of journalism at the University of Amsterdam. Jay M. Winter is the Charles J. Stille Professor of History at Yale.
