## **Airwaves Over Alaska Story Of Pioneer Broadcaster Augie Hiebert:**

Airwaves Over Alaska Robin Ann Chlupach,1992      **Connecting Alaskans** Heather E. Hudson,2015-09-15 Introduction  
Alaska's first information highway Expansion after World War II and the talking lady of the North Early broadcasting  
Privatizing the Alaska communications system The beginning of the satellite era The NASA experiments From satellite  
experiments to commercial service Telephone service for every village Broadcasting and teleconferencing for rural Alaska  
Rural television from RATNET to ARCS Deregulation and disruption State planning and policy Alaska's local telephone  
companies The phone wars Distance learning from satellites to the internet Telemedicine in Alaska A new century the growth  
of mobile and broadband Past and future connections      **Historic Anchorage** John Strohmeyer,2001 An illustrated history  
of Anchorage Alaska paired with histories of the local companies      *Alaska History* Marvin W. Falk,2006-03-30 Marvin W  
Falk offers a systemic and select listing of just over 3 000 publications on the history of Alaska published from the 18th  
century to early 2004 Early explorations were conducted by nationals from several nations and the results were published in  
Russian German French Spanish and English Many of these foreign language accounts have been published in translation  
and are included in the bibliography This bibliography covers a wide span of Alaskan history including historical literature  
from Discovery in 1741 The Russian period ending in 1867 The U S territorial period ending with statehood in 1959 The oil  
boom      Alaska History ,1994      **Television in America** Michael D. Murray,Donald G. Godfrey,1997 Television in America  
examines the history of the industry from a local station perspective Some interesting ramifications are What would have  
happened to the ABC network without the support of its key station WABC What effect did KSL television have on the  
Mormon Church communication empire Can stations in Atlanta and Orlando be credited with promoting a civil rights agenda  
before it was politically correct Would the Kefauver hearings have taken on as much national significance had it not been for  
the local coverage of WMAL TV Without the efforts of WEW's Dorothy Fieldheim and Nancy Craig at WABC would women  
have been welcomed in the nation's newsrooms The histories of the 20 television stations in this unique collection help  
answer these questions and set the stage for further inquiry      PNLA Quarterly Pacific Northwest Library Association,1993  
*Forthcoming Books* Rose Army,1993      Subject Guide to Books in Print ,1993      Books in Print ,1994

**Congressional Record** United States. Congress,2007      Connecting Alaskans Heather E. Hudson,2015-09-15 Alaska is  
now open to civilization With those six words in 1900 the northernmost territory finally had a connection with the rest of the  
country The telegraph system put in place by the US Army Signal Corps heralded the start of Alaska's communication  
network Yet as hopeful as that message was Alaska faced decades of infrastructure challenges as remote locations extreme  
weather and massive distances all contributed to less than ideal conditions for establishing reliable telecommunications  
*Connecting Alaskans* tells the unique history of providing radio television phone and Internet services to more than six  
hundred thousand square miles It is a history of a place where military needs often trumped civilian ones where ham radios

offered better connections than telephone lines and where television shows aired an entire day later than in the rest of the country Heather E Hudson covers more than a century of successes while clearly explaining the connection problems still faced by remote communities today Her comprehensive history is perfect for anyone interested in telecommunications technology and history and she provides an important template for policy makers rural communities and developing countries struggling to develop their own twenty first century infrastructure
