Cellular Mechanisms in Airways Inflammation Clive P. Page, Katharine H. Banner, Domenico Spina, 2013-03-11

Airways inflammation is a complex biological phenomenon resulting from the recruitment and activation of numerous cell types. Airways inflammation contributes to the pathophysiology of airways disease. An understanding of the mechanisms that regulate inflammatory cell function is essential for the development of novel anti-inflammatory drugs for the treatment of common respiratory diseases such as asthma and COPD. This book provides a collection of valuable reviews on the major inflammatory cells involved in airways disease and examines the pharmacology of current anti-inflammatory drugs used in the treatment of airways disease. Moreover, an insight into the development of emerging drug therapies is also highlighted. This book is a must for the library of any researcher or clinician interested in the pathophysiology of airways disease.

People and Things from the Blount County, Alabama News-Dispatch 1890 - 1903 Robin Sterling, 2013-07-19. The Blount County News was established by Lawrence H. Mathews in Blount Springs as the Blount Springs News in March of 1877. In 1887 Mathews' newspaper merged with the Blount County Dispatch to become the Blount County News Dispatch. Mathews moved his paper for the last time in 1889 when Oneonta became the new county seat. Mathews died in 1896 but his paper continued until 1903 when it succumbed to the dominance of a new paper called the Southern Democrat. Microfilmed copies of the News Dispatch were studied page by page and within this volume are found every mention of births, marriages, deaths, obituaries, and news important to the genealogy and history of Blount County. This volume also contains a rare and complete collection of Mary Gordon Duffee's Sketches of Blount County. Hidden nuggets of information of interest to the descendants of Blount County pioneers are found within this volume.
