Dawson,2022-03-24 On 13 December 1776 the Rev William Turner preached the first avowedly anti slavery sermon in the North of England Copies of his sermon were distributed far and wide in so doing he had fired the first shot in the battle to end slavery had begun Four years later Rev Turner members of his congregation and the Rev Christopher Wyvill founded The Yorkshire Association to agitate for political and social reform The Association sought universal suffrage annual parliaments and the abolition of slavery In the West Riding despite furious opposition by 1783 nearly 10 000 signatures were collected in support of the aims of the Association Slavery or rather its abolition was now on the political agenda The Battle Against Slavery charts the story of a group of West Riding radicals in their bid to abolish slavery both in the United Kingdom and abroad Such became the influence of this group whose Unitarian beliefs were illegal in Britain that the general election of 1806 in Yorkshire was fought on an abolitionist platform At a time when the rest of the world engaged in slavery this small body was fighting almost single handedly to end such practices Gradually their beliefs began to spread across the country and across the Channel to France the principles of which found resonance during the French Revolution and even across the Atlantic to America At a time today when the history of slavery is the subject of considerable debate worldwide this revealing insight into the abolitionist movement which demonstrates how ordinary men and women battled against governments and the establishment needs to be told The Battle Against Slavery adds an important dimension to the continuing debate over Britain s and other nations involvement in the slave trade and demonstrates how the determination of just a few right minded people can change world opinion forever **FOREST OF WORDS** Sanjana Santosh,2022-01-11 This book is named FOREST OF WORDS TALES OF LIFE as to represent the uniqueness and comfort in each and every different book Anthologies are a collection of different stories from different authors Like how a forest is a collection of various trees Trees hold a lot of meaning in our day to day life in a similar way stories shape us and our lives **The Planters** J. Derald Morgan,2016-07-19 This is a genealogical history of the McKneely families of South Carolina Georgia and Louisiana There are two branches to this Scotch Irish family with this unique spelling One that migrated from South Carolina to Georgia and then on to Texas and other parts of the expanding United States of America Then there is the branch that left South Carolina in the late 1700s and early 1800s with other families and settled in what at the time was West Florida This area then was taken into the United

States of America with the purchase of Florida from Spain and then became a part of Louisiana The Louisiana branch resided in the Parishes called the Florida Parishes and stayed close to the area until after the First World War when the family began to migrate into other parts of the United States You will find in this book two parts One part covers the McKneely family that migrated to the Florida Parishes of Louisiana and the Second part that covers the McKneely family that first migrated to Georgia and then to Oklahoma and Texas There is speculation but no proof that the two lines come from the common immigrant ancestor James McNealy with various spellings of McNealy Look at the information and decide for yourself whether or not two lines could adopt a common spelling change come from South Carolina and have common names and not be related to the common ancestor attached to the Louisiana McKneely clan I have attempted to include as much detail as possible about each person Personal stories are the spice of a genealogical work I have included as many as possible and included them without edit I am not a politically correct family historian There may be some factually correct material that you may not like or that someone might tell you is not correct Please read this account with the times and culture in mind as that is what makes the story a good one Do not try to impress yourself on the story but put yourself into the times and places
