Akers' Simple Library Cataloging; 7th Ed. Susan Grey Akers, Arthur Curley, Jana Varlejs, 1984 A guide for classifying and cataloging materials for library use **Simple Library Cataloging** Susan Grey Akers, 1927 *Akers' Simple Library Cataloging* Arthur Curley, Jana Varlejs, 2003-04 New in paperback In this fundamental revision of Susan Akers classic the authors give the rules for using Dewey Decimal Classification tables clearly and briefly They do not suggest all the ways of cataloging a small library treat LC classification or subject headings or other systems or explain the use of computers in cataloging but they do discuss the continuing impact of automation on even the smallest library s catalogs The discussion and examples almost all new reflect AACR2 Sears 11th ed and Abridged Dewey Cloth edition published in 1984 Theory of Cataloguing, 5th Edition Kumar Girja & Kumar Krishan, 2009-11 In this edition detailed information on Anglo American Cataloguing Rules Edition 2 has been added for description and access points giving suitable examples and AACR2 as appeared in 1978 incorporating the International standards The chapter on Comparative Study of AACR and CCC has also revised on the lines of new rules of this new code Besides these POPSI PRECIS and ISBD and chapter on Normative Principles have been elaborated by giving additional examples and comments The last chapter of the book has been rewritten and renamed as Progress in Library Cataloguing This book is a special effort to undertake a comparative study of two cataloguing codes The Anglo American cataloguing rules 1967 and 1978 editions and Ranganathan s Classified Catalogue code 1964 **The Army Technical Information Support Activities Project (TISAP)** ,1968 **Museum Librarianship, 2d ed.** Esther Green Bierbaum, 2015-11-03 In this second edition to Museum Librarianship the author offers guidance in planning and providing information services in a museum beginning or revitalizing the library collection development and the bibliographic process technical services administration space and equipment requirements fundamental services extended information services and the information partnership between museums and their libraries The Internet and other electronic resources are fully covered The focus of this new edition has shifted slightly from mainly dealing with the start up aspects to an emphasis on the goals of library and information services in a museum and the processes through which such services can be achieved The author s underlying goal is to help enhance and enrich the encounter of the museum goer with enduring objects in a time when we all seem to be assailed on every side by random noise and flickering image **Education for Cataloging and the Organization of Information** Janet Swan Hill, 2014-04-23 What does the future hold for cataloging education Written by some of the best known authors and most innovative thinkers in the field including Michael Gorman Sheila S Intner and Jerry D Saye this comprehensive collection examines education for students and working librarians in cataloging and bibliographic control emphasizing history context the state of the art at present and suggested future directions A liberal dose of visual aids charts tables etc makes accessing the information quick and easy From the editor The education of catalogers has swung pendulum like from on the job training to graduate education and back again The place of

cataloging in the library school curriculum has swung from one of near pre eminence to one of near extinction and has begun to swing back again The durability of education for cataloging has swung from In getting your degree you will learn everything you need to know in your career to You will have to engage in continuing education throughout your career beginning virtually as soon as you have your degree Making informed decisions about how and how much cataloging education is to be provided is full of pitfalls some of which the profession has fallen into already What is needed now is a reconsideration of how education for cataloging and bibliographic control is provided Education for Cataloging and the Organization of Information Pitfalls and the Pendulum addresses four main areas the ways professionals perceive the place nature and necessity of cataloging education the professional demographic and academic context within which cataloging education is provided education regarding special types of materials and special aspects of cataloging and alternatives to traditional modes of education for cataloging including distance education online mentoring Web based instruction continuing education training for and via cooperative projects the role of the community of catalogers in the continuing education of those who provide intellectual access to the world of information and much more *Catalog of Copyright Entries.
