

# Sigmund Freud

---

- ✚ **Avvenire di un'illusione 1927:** il prezzo che la società chiede all'individuo in cambio della protezione che offre è il controllo o la rinuncia alle gratificazioni istintuali. Da questo processo deriva ostilità che viene rimossa mediante la identificazione con l'autorità minacciante. I sistemi culturali sono molto influenzati dalle esperienze del bambino e tendono a riprodurle su scala più ampia.
- ✚ **Disagio della civiltà 1929:** Nelle società primitive un certo numero di uomini scoprirono che se limitavano le proprie pulsioni con un "contratto" potevano costruire una comunità forte. Dalla comunità è nata la società, che però sembra obbligare oggi l'individuo ad una rimozione eccessiva delle proprie pulsioni, creando in tal modo una nevrosi sociale.
