The Politics Of Anti-Semitism Alexander Cockburn, Jeffrey St. Clair, 2019-06-04 How did a term once used accurately to describe the most virulent evil become a charge flung at the mildest critic of Israel particularly concerning its atrocious treatment of Palestinians Edited by Alexander Cockburn and Jeffrey St. Clair the print and online journal CounterPunch has become a must read for hundreds of thousands a month who no longer believe anything they read in the mainstream press beyond the sports scores On the subject of Israel and Palestine the Israeli lobby in the U S the current Middle East crisis and its ramifications at home and abroad CounterPunch has been unrivaled Herein you will find CounterPunch's most compelling reporting and commentary on this topic Contributors include former U S Representative Cynthia McKinney famed British foreign correspondent Robert Fisk former senior CIA analysts Bill and Kathy Christison the trenchant and witty philosopher Michael Neumann seasoned Capitol Hill staffer George Sutherland Norman Finkelstein the leading Israeli dissident Yuri Avneri Shaheed Alam who became a target of the fanatical Daniel Pipes and Israeli journalists Neve Gordon and Yigal Bronner In addition are Will Yeoman's path breaking essay on Israel and divestment on the hysterical attacks on Amiri Baraka for his poem on 9 11 Anne Pettifer's Zionism Unbound Jeffrey St. Clair on the Israeli attack on the USS Liberty and the suppression of the investigation and a caustic and lighthearted memoir of his own experiences of being attacked as an anti Semite consequent upon his criticisms of Israel This first book in the new CounterPunch series is a timely anthology on the

compulsion of silence and complicity in crimes against a betrayed people Nationally syndicated journalists Alexander Cockburn and Jeffrey St Clair have co authored numerous bestsellers including *Whiteout The CIA Drugs And The Press* *Washington Babylon* and *Al Gore A User s Manual* *The Conservative Resurgence and the Press* James Brian McPherson, 2008-07-09 Consumers of American media find themselves in a news world that has shifted toward more conservative reporting This book takes a measured historical view of the shift addressing factors that include the greater skill with which conservatives have used the media the media s gradual trend toward conservatism the role of religion and the effects of media conglomeration The book makes the case that the media have managed to not only enable today s conservative resurgence but also ignore largely the consequences of that change for the American people **Culture Wars** Roger Chapman, 2015-03-17 The term culture wars refers to the political and sociological polarisation that has characterised American society the past several decades This new edition provides an enlightening and comprehensive A to Z ready reference now with supporting primary documents on major topics of contemporary importance for students teachers and the general reader It aims to promote understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced context With approximately 640 entries plus more than 120 primary documents supporting both sides of key issues this is a unique and defining work indispensable to informed discussions of the most timely and critical issues facing America today **Warmonger** Jeremy Kuzmarov, 2023-12-01 During the 2016 presidential election many younger voters repudiated Hillary Clinton because of her husband s support for mass incarceration banking deregulation and free trade agreements that led many U S jobs to be shipped overseas *Warmonger How Clinton s Malign Foreign Policy Launched the Trajectory from Bush II to Biden* shows that Clinton s foreign policy was just as bad as his domestic policy Cultivating an image as a former anti Vietnam War activist to win over the aging hippie set in his early years as president Clinton bombed six countries and by the end of his first term had committed U S troops to 25 separate military operations compared to 17 in Ronald Reagan s two terms Clinton further expanded America s covert empire of overseas surveillance outposts and spying and increased the budget for intelligence spending and the National Endowment for Democracy NED a CIA offshoot which promoted regime change in foreign nations The latter was not surprising because according to CIA operative Cord Meyer Jr Clinton had been recruited into the CIA while a Rhodes Scholar at Oxford and as Governor of Arkansas in the 1980s he had allowed clandestine arms and drug flights to Nicaraguan counter revolutionaries Contras backed by the CIA to be taken from Mena Airport in the western part of the state Rather than being a time of tranquility when the U S failed to pay attention to the gathering storm of terrorism as New York Times columnist David Brooks frames it the Clinton presidency saw rising tensions among the U S China and Russia because of Clinton s malign foreign policies and U S complicity in terrorist acts In so many ways Clinton s presidency set the groundwork for the disasters that were to follow under Bush II Obama Trump and Biden It was Clinton building off of Reagan who first waged a

War on Terror ridden with double standards one that adopted terror tactics including extraordinary rendition bombing and the use of drones It was Clinton who cried wolf about human rights abuses and the need to protect beleaguered peoples from genocide to justify military intervention in a post Cold War age And it was Clinton s administration that pressed for regime change in Iraq and raised public alarm about the mythic WMDs all while relying on fancy new military technologies and private military contractors to distance US shady military interventions from the public to limit dissent *Translating Anarchy* Mark Bray,2013-09-27 *Translating Anarchy* tells the story of the anti capitalist anti authoritarians of Occupy Wall Street who strategically communicated their revolutionary politics to the public in a way that was both accessible and revolutionary By translating their ideas into everyday concepts like community empowerment and collective needs these anarchists sparked the most dynamic American social movement in decades **The Nation** ,2008 Size Matters Joel J.
