## **Al Mawrid 1998:**

**Contemporary Approaches to the Qur'an and Sunnah** Mahmoud Ayoub, 2012-01-01 The Qur'an and Sunnah are the two primary sources of Muslim faith, life, law and morality. The Qur'an is for Muslims the foundation of their faith and the Sunnah is the framework of their morality. Together they constitute the two sources of the law, Shari'ah, of God, a guide to prosperity and happiness in this life and to the bliss of the hereafter. Although the Qur'an and Sunnah are materially and formally two independent sources, they are inextricably bound in a dynamic relationship. The rulings and precepts (ahkam) of the Qur'an constitute the law (shari'ah) of God. They are supplemented by the precepts of the authentic Sunnah which possess authority second only to the precepts of the Qur'an. The Qur'an commands Muslims: "Whatever the Messenger gives you, that you must take and whatever he forbids you, you must desist therefrom" (59:7). Islamic Finance Mahmoud A.

El-Gamal, 2006-07-03 This book provides an overview of the practice of Islamic finance and the historical roots that define its modes of operation. The focus of the book is analytical and forward looking. It shows that Islamic finance exists mainly as a form of rent seeking legal arbitrage. In every aspect of finance, from personal loans to investment banking and from market structure to corporate governance, Islamic finance aims to replicate in Islamic forms the substantive functions of contemporary financial instruments, markets and institutions. By attempting to replicate the substance of contemporary financial practice using pre-modern contract forms, Islamic finance has arguably failed to serve the objectives of Islamic law. This book proposes refocusing Islamic finance on substance rather than form. This approach would entail abandoning the paradigm of Islamization of every financial practice. It would also entail reorienting the brand name of Islamic finance to emphasize issues of community banking, micro finance and socially responsible investment. The People of the Book and the People of the Dubious Book (Penerbit USM) Muhammad Azizan Sabjan, 2008 The question of the People of the Book (Ahl al-Kitab) has long been of central significance to Islam and later to the study of comparative religion. It becomes more crucial when Ab al-Fath Muhammad Abd al-Karim al-Shahrastani (d. 548/1153) develops another category known as Man Lahu Shubhat (Kitab those who possess doubtful sacred scrolls) or Ahl Shubhat (Kitab the People of a Dubious Book). The present book thus is of importance as it highlights the nature of the People of the Book and the People of a Dubious Book as understood in the Qur'an and Islamic religious tradition. The discussion is carried out both by analyzing Islam as the only genuinely revealed religion as well as by addressing various Muslim scholars' attitudes and responses to the reality and nature of the People of the Book and the People of a Dubious Book apropos the Qur'an and the Islamic religious tradition. Evaluation of the nature of the People of a Dubious Book as exclusively developed by al-Shahrastani is also discussed. It points out how he identifies these groups and how he treats them accordingly in his magnum opus, al-Milal wa al-Nihal. It is hoped that this book will provide a preliminary yet clear understanding of this concept which hopefully can deepen our knowledge and enhance our perspective on the various delineations of the People of the Book and the People of a Dubious Book employed by Muslim scholars. This will

eventually widen our sphere of the understanding of religious issues and any misunderstanding or narrowed perception of other religious traditions could be avoided

**The Arabic Manuscript Tradition** Adam Gacek, 2017-07-31 Covering the entire spectrum of Arabic manuscripts and especially the handwritten book this book consists of a glossary of technical terms and a bibliography The technical terms collected from a variety of sources embrace a vast range of topics dealing with the making and reading studying of Arabic manuscripts They include the Arabic scripts penmanship writing materials and implements the make up of the codex copying and correction decoration and bookbinding A similar coverage is reflected in the bibliography In view of the fact that as yet there is no concise monograph on Arabic manuscripts in the English language this book is an important contribution to this field And since Arabic manuscripts represent an enormous resource for research this work is an indispensable reference for all students of Islamic civilization

Palestinian Politics after the Oslo Accords Nathan Brown, 2003-11-03 This timely and critically important work does what hostilities in the Middle East have made nearly impossible it offers a measured internal perspective on Palestinian politics viewing emerging political patterns from the Palestinian point of view rather than through the prism of the Arab Israeli conflict Based on groundbreaking fieldwork interviews with Palestinian leaders and an extensive survey of Arabic language writings and documents Palestinian Politics after the Oslo Accords presents the meaning of state building and self reliance as Palestinians themselves have understood them in the years between 1993 and 2002 Nathan J Brown focuses his work on five areas legal development constitution drafting the Palestinian Legislative Council civil society and the effort to write a new curriculum His book shows how Palestinians have understood efforts at building institutions as acts of resumption rather than creation with activists and leaders seeing themselves as recovering from an interrupted past Palestinians seeking to rejoin the Arab world by building their new institutions on Arab models and many Palestinian reformers taking the Oslo Accords as an occasion to resume normal political life Providing a clear and urgently needed vantage point on most of the issues of Palestinian reform and governance that have emerged in recent policy debates issues such as corruption constitutionalism democracy and rule of law Brown's book helps to put Palestinian aspirations and accomplishments in their proper context within a long and complex history and within the larger Arab world

**Al-Maqāmāt al-luzūmiya by Abū l-Ṭāhir Muḥammad ibn Yūsuf al-Tamīmī al-Saraqṣī, ibn al-Aṣṭarkūwī (d. 538/1143)** James Monroe, 2021-10-11 Although the Arabic maq mah a branch of the picaresque genre was much cultivated in the Middle Ages little is known about it aside from the works of al Hamadh n and al ar r its first two cultivators This translation of the Maq m t al luz m yah by the twelfth century Andalusī author al Saraqṣī makes available to Western scholars of narrative prose a hitherto little known but important collection of Arabic maq m t The

Preliminary Study places this specific collection in the context of the overall maqama genre it further places that genre in the contexts both of Arabic and of world literature exploring the differences between the picaresque genre and the modern novel It discusses the meaning of the work shows the way in which it is original within its genre and establishes its organic unity Finally it shows that late and post classical Arabic literary works such as that of al Saraquist which were composed during the so called period of decadence are not decadent at all contrary to the opinion prevalent among scholars in the field

**Hadith** Israr Ahmad Khan,2010-01-01 In today s complex and volatile world the consequences of relying on fraudulent and counterfeit Hadith to legitimize extremist behavior issue violent fatwas and justify blatant abuse particularly of women is not only far too easy but in fact dangerous Israr Khan addresses the sensitive topic of Hadith authentication focusing on the criteria adopted by classical scholars to maintain that concentration on the continuity and accuracy of the chain of narrators rather than the textual content of Hadith has led to particular Hadith being included which either contradict other Hadith directly project the Prophet SAAS in an uncharacteristic light or do not reflect and or conflict with the teachings of the Qur an The study traces in careful detail the historical development of the oral and written traditions as well as the many targeted attempts at fabrication that took place critiquing in methodical detail certain Hadith which have come to be widely accepted as authentic The prominent collections we have today were made possible by the development of the science of Hadith criticism and Muslim scholars deserve deep appreciation for their painstaking work as well as their invaluable contribution towards preserving the Hadith literature to the best of their ability However insists the author the process is

ongoing and the closed door policy which currently surrounds Hadith authentication needs to be carefully reexamined

**Maqama** Jaakko Hämeen-Anttila, 2002 For the first time the genre of the maqama the most widespread and popular genre of fictional prose within Arab literature is presented in its comprehensive history It was through its stylistic virtuosity as well as its awareness of a situation of social and intellectual crisis that the maqama portraying the picaresque dramatic performance of a needy literary artist won global fame The most celebrated maqamas of Al Hariri d 1122 have not only formed part of the Arabic literary canon for many centuries but have inspired even extra Arabic oriental literatures such as Hebrew and Christian Syrian and more lately modern arabic theatre Text in English Das Werk stellt erstmals die Geschichte einer der originellsten und zugleich meistrezipierten Prosagattungen der arabischen Literatur vor die Maqame eine dramatisch pikareske Selbstinszenierung eines mittellosen Sprachkünstlers die ihre Einpragsamkeit ihrem gesellschaftskritischen Gehalt nicht weniger als ihrer sprachlichen Virtuosität verdankt Die Maqamen Hairis st 1122 gehören nicht nur seit Jahrhunderten und bis heute zum arabischen literarischen Kanon sie haben auch die ausser arabische hebraische und syrisch christliche orientalische Literatur und sogar das moderne arabische Theater inspiriert Text in englischer Sprache

**Asian and African Studies**, 2003 **Reading the Qur'an in the Twenty-First Century** Abdullah Saeed, 2013-12-04 Reading the Qur'an in the Twenty First Century considers the development of Qur'anic interpretation and highlights modern debates around new approaches to interpretation It explores how Muslims from various theological legal socio political and philosophical backgrounds think about the meaning and relevance of the Qur'an and how their ideas apply in the contemporary world The book reflects on one of the most dominant approaches to interpretation in the pre modern period textualism and the reaction to that in Muslim feminist readings of the Qur'an today covers issues such as identifying the hierarchical nature of Qur'anic values the criteria for the use of hadith in interpretation fluidity of meaning and ways of ensuring a degree of stability in interpretation examines key Qur'anic passages and compares pre modern and modern interpretations to show the evolving nature of interpretation Examples discussed include the authority of men over women the death of Jesus shura and democracy and riba and interest Abdullah Saeed provides a practical guide for interpretation and presents the principal ideas of a contextualist approach which situates the original message of the Qur'an in its wider social political cultural economic and intellectual context He advocates a more flexible method of interpretation that gives due recognition to earlier interpretations of the Qur'an while also being aware of changing conditions and the need to approach the Qur'an afresh today

*Maqamat Al-luzumiyah, al-* Muḥammad ibn Yūsuf Ibn al-Aṣṭarkūwī, 2002 This translation

and study extend our knowledge of the Arabic genre of the maqama by some years. If translations of the genre are lacking, literary critical studies of it are even rarer. Therefore, the work will be of interest to scholars of Arabic, Spanish, and other literatures, to comparativists, literary historians, critics, and theoreticians. A much needed volume to help students, teachers, and teacher educators develop their knowledge and skills, it addresses the most salient and controversial issues in the field, including what grammar to teach, how much grammar to teach, how to address grammar in content-based or communication-based classroom, and how to teach variation in grammar. This resource is ideal for preservice Arabic language teachers as well as Arabic language professors and researchers. *Women and the Glorious Qur'ān* Gunawan Adnan, 2004. *The Arabic Freud* Omnia El Shakry, 2017-08-29. The first in-depth look at how postwar thinkers in Egypt mapped the intersections between Islamic discourses and psychoanalytic thought. In 1945, psychologist Yusuf Murad introduced an Arabic term borrowed from the medieval Sufi philosopher and mystic Ibn Arabi al-lāshū'ūr as a translation for Sigmund Freud's concept of the unconscious. By the late 1950s, Freud's *Interpretation of Dreams* had been translated into Arabic for an eager Egyptian public. In *The Arabic Freud*, Omnia El Shakry challenges the notion of a strict divide between psychoanalysis and Islam by tracing how postwar thinkers in Egypt blended psychoanalytic theories with concepts from classical Islamic thought in a creative encounter of ethical engagement. Drawing on scholarly writings as well as popular literature on self-healing, El Shakry provides the first in-depth examination of psychoanalysis in Egypt and reveals how a new science of psychology or science of the soul, as it came to be called, was inextricably linked to Islam and mysticism. She explores how Freudian ideas of the unconscious were crucial to the formation of modern discourses of subjectivity in areas as diverse as psychology, Islamic philosophy, and the law. Founding figures of Egyptian psychoanalysis, she shows, debated the temporality of the psyche, mystical states, the sexual drive, and the Oedipus complex while offering startling insights into the nature of psychic life, ethics, and eros. This provocative and insightful book invites us to rethink the

relationship between psychoanalysis and religion in the modern era Mapping the points of intersection between Islamic discourses and psychoanalytic thought it illustrates how the Arabic Freud like psychoanalysis itself was elaborated across the space of human difference
