Your Security in South Africa Craig B. Roseveare,2017-09-11 This book is primarily about securing your home against potential unwanted intruders and keeping your family safe The rise in violent crime affecting my country stems directly from an increase in criminal behavior and farm attacks resulting in loss of innocent lives in my country The message in this book goes out to all innocent law abiding citizens of South Africa It is time to take a stand and prepare yourselves against becoming victims of the lawlessness plaguing our country The authorities themselves face great challenges numerous obstacles and insufficient support As a result we are losing the battle against all crime and particularly violent crime It is now up to individual citizens to change their mind set and become unbeatable adversaries of the criminal element I dont advocate vigilantism or breaking the law in order to achieve this What I suggest instead is that people need to develop the mental and physical skills to avoid violence in the first place and then if necessary use a level of violence higher than that which would be imposed on them in a conflict situation
