government authority The Promise of Wilderness examines how the idea of wilderness has shaped the management of public lands since the passage of the Wilderness Act in 1964 Wilderness preservation has engaged diverse groups of citizens from hunters and ranchers to wildlife enthusiasts and hikers as political advocates who have leveraged the resources of local and national groups toward a common goal Turner demonstrates how these efforts have contributed to major shifts in modern American environmental politics which have emerged not just in reaction to a new generation of environmental concerns such as environmental justice and climate change but also in response to changed debates over old conservation issues such as public lands management He also shows how battles over wilderness protection have influenced American politics more broadly fueling disputes over the proper role of government individual rights and the interests of rural communities giving rise to radical environmentalism and playing an important role in the resurgence of the conservative movement especially in the American West Watch the book trailer <https://www.youtube.com/watch?v=JsQ6LAeYKk> Maze of Injustice Amnesty International, 2007 More than one in three Native American or Alaska Native women will be raped at some point in their lives Most do not seek justice because they know they will be met with inaction or indifference As one support worker said Women don't report because it doesn't make a difference Why report when you are just going to be revictimized Sexual violence against women is not only a criminal or social issue it is a human rights abuse This report unravels some of the reasons why Indigenous women in the USA are at such risk of sexual violence and why survivors are so frequently denied justice Chronic under resourcing of law enforcement and health services confusion over jurisdiction erosion of tribal authority discrimination in law and practice and indifference all these factors play a part None of this is inevitable or irreversible The voices of Indigenous women throughout this report send a message of courage and hope that change can and will happen **United States Code, 2000 Edition, Supplement 5, V. 4.
