**Reading Programs for Young Adults** Martha Seif Simpson,2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs

**Lifeboat** John R. Stilgoe, 2003 The fire extinguisher the airline safety card the lifeboat Until September 11, 2001 most Americans paid homage to these appurtenances of disaster with a sidelong glance if at all But John Stilgoe has been thinking about lifeboats ever since he listened with his father as the kitchen radio announced that the liner *Lakonia* had caught fire and sunk in the Atlantic It was Christmas 1963 and airline travel and Cold War paranoia had made the images of an ocean liner's distress the air force dropping supplies in the dark a freighter collecting survivors from lifeboats seem like echoes of a bygone era But Stilgoe already a passionate reader and an aficionado of small boat navigation began to delve into accounts of other disasters at sea What he found was a trunkful of hair-raising stories of shipwreck salvation seamanship brilliant and inept noble sacrifice insanity cannibalism courage and cravenness even scandal In nonfiction accounts and in the works of Conrad Melville and Tomlinson fear and survival animate and degrade human nature in the microcosm of an open boat as in society at large How lifeboats are made rigged and captained Stilgoe discovered and how accounts of their use or misuse are put down says much about the culture and circumstances from which they are launched In the hands of a skillful historian such as Stilgoe the lifeboat becomes a symbol of human optimism of engineering ingenuity of bureaucratic regulation of fear and frailty Woven through *Lifeboat* are good old-fashioned yarns thrilling tales of adventure that will quicken the pulse of readers who have enjoyed the novels of Patrick O'Brian *Crabwalk* by G. N. Grass or works of nonfiction such as *The Perfect Storm* and *In the Heart of the Sea* But Stilgoe whose other works have plumbed suburban culture locomotives and the shore is ultimately after bigger fish Through the humble much-ignored lifeboat its design and navigation and the stories of its ultimate purpose he has found a peculiar lens on roughly the past two centuries of human history particularly the war-tossed
