Black Female Sexualities Trimiko Melancon, Joanne M. Braxton, 2015-01-26 Western culture has long regarded black female sexuality with a strange mix of fascination and condemnation associating it with everything from desirability hypersexuality and liberation to vulgarity recklessness and disease Yet even as their bodies and sexualities have been the subject of countless public discourses black women s voices have been largely marginalized in these discussions In this groundbreaking collection feminist scholars from across the academy come together to correct this omission illuminating black female sexual desires marked by agency and empowerment as well as pleasure and pain to reveal the ways black women regulate their sexual lives The twelve original essays in *Black Female Sexualities* reveal the diverse ways black

women perceive experience and represent sexuality The contributors highlight the range of tactics that black women use to express their sexual desires and identities Yet they do not shy away from exploring the complex ways in which black women negotiate the more traumatic aspects of sexuality and grapple with the legacy of negative stereotypes **Black Female Sexualities** takes not only an interdisciplinary approach drawing from critical race theory sociology and performance studies but also an intergenerational one in conversation with the foremothers of black feminist studies In addition it explores a diverse archive of representations covering everything from blues to hip hop from Crash to Precious from Sister Souljah to Edwidge Danticat Revealing that black female sexuality is anything but a black and white issue this collection demonstrates how to appreciate a whole spectrum of subjectivities experiences and desires
