Alberts Memorial:

Signals Joel Rothschild, 2011-02-20 Joel Rothschild and his friend Albert both HIV positive made a pact whoever died first would attempt to signal the other from beyond Joel wasn't sure he believed in psychic abilities but from the day Albert died he began receiving messages One message led Joel to a note Albert had left for him before he died Another message told Joel to hang in there when he became sick that he would get well and he did Albert's messages have changed not only Joel's life but the lives of many others who have been helped by messages Joel has delivered to them Their stories and Joel's psychic awakening a transformation from cynic to believer are both amazing and reassuring *A Memorial of Albert Gallatin Palmer, D.D.*, Edward Thurston Hiscox, 1894

The Two Powers Brett Edward Whalen, 2019-06-21 Historians commonly designate the High Middle Ages as the era of the papal monarchy when the popes of Rome vied with secular rulers for spiritual and temporal supremacy Indeed in many ways the story of the papal monarchy encapsulates that of medieval Europe as often remembered a time before the modern age when religious authorities openly clashed with emperors kings and princes for political mastery of their world claiming sovereignty over Christendom the universal community of Christian kingdoms churches and peoples At no point was this conflict more widespread and dramatic than during the papacies of Gregory IX 1227-1241 and Innocent IV 1243-1254 Their struggles with the Hohenstaufen Emperor Frederick II 1212-1250 echoed in the corridors of power and the court of public opinion ranging from the battlefields of Italy to the streets of Jerusalem In *The Two Powers* Brett Edward Whalen has written a new history of this combative relationship between the thirteenth century papacy and empire Countering the dominant trend of modern historiography which focuses on Frederick instead of the popes he redirects our attention to the papal side of the historical equation By doing so Whalen highlights the ways in which Gregory and Innocent acted politically and publicly realizing their priestly sovereignty through the networks of communication performance and documentary culture that lay at the unique disposal of the Apostolic See Covering pivotal decades that included the last major crusades the birth of the Inquisition and the unexpected invasion of the Mongols *The Two Powers* shows how Gregory and Innocent's battles with Frederick shaped the historical destiny of the thirteenth century papacy and its role in the public realm of medieval Christendom

The Hood Battalion Leonard Sellers, 1993-09-14 The Hood Battalion saw some of the fiercest fighting of the First World War particularly at Antwerp in the Gallipoli Campaign and then again on the West Front at the Ancre Gavrelle and Passchendaele The author lets the participants tell their own story having expended prodigious labour in unearthing the many first hand accounts of the Hood's exploits It is indeed a tale told by heroes

Royal Representations Margaret Homans, 2015-03-10 Queen Victoria was one of the most complex cultural productions of her age In *Royal Representations* Margaret Homans investigates the meanings Victoria held for her times Victoria's own contributions to Victorian writing and art and the cultural mechanisms through which her influence was felt Arguing that being seeming and appearing were crucial to Victoria's rule Homans explores the variability of Victoria's agency

and of its representations using a wide array of literary historical and visual sources Along the way she shows how Victoria provided a deeply equivocal model for women s powers in and out of marriage how Victoria s dramatic public withdrawal after Albert s death helped to ease the monarchy s transition to an entirely symbolic role and how Victoria s literary self representations influenced debates over political self representation Homans considers versions of Victoria in the work of Elizabeth Barrett Browning George Eliot John Ruskin Margaret Oliphant Lewis Carroll Alfred Lord Tennyson and Julia Margaret Cameron Memoirs of Ernest II Ernst II, *Albert Sidney Johnston* Charles P. Roland,2013-07-24 A biography of the man whom Jefferson Davis could have considered one of his greatest generals during the American Civil War A revised edition of the only full scale biography of the Confederacy s top ranking field general during the opening campaigns of the Civil War Albert Sidney Johnston was selected as one of the best one hundred books ever written on the Civil War by Civil War Times Illustrated in 1981 and by Civil War The Magazine of the Civil War Society in 1995 Featuring a new forward by Gary W Gallagher and a new preface by the author Praise for Albert Sidney Johnston A biography of the Kentucky native who might have been mentioned in the same breath as Robert E Lee had Johnston not died while commanding Confederate troops at the battle of Shiloh in 1862 only a year after the war started Lexington Herald Leader Johnston s early years military career and encounters with Indians Mormons and Union soldiers are the focus of this masterly study Civil War Book Review The view of army life and the terrible decisions that many southern officers had to make at the beginning will provide an excellent background for further understanding the Civil War Paper Wars *Library of Congress Subject Headings* Library of Congress, *Library of Congress Subject Headings* Library of Congress.
