Alchemy Of Race And Rights:

The Alchemy of Race and Rights Patricia J. Williams, 1993 *The Alchemy of Race and Rights* Patricia J. Williams, 1991
Diary of a law professor **Race, Rights, and Justice** J. Angelo Corlett, 2009-03-03 Race Rights and Justice explores questions of the nature of law and constitutional interpretation international law and global justice and the nature function and importance of rights each from a perspective that takes seriously the realities of race and racism After a critical assessment of various contemporary theories of law is provided a new theory of legal interpretation is set forth and defended The respective words of Immanuel Kant and H L A Hart on the possibility and desirability of international law are carefully explicated Following this Race Rights and Justice defends John Rawls Law of Peoples from the cosmopolitan liberal critique of it The nature and importance of rights both individual and collective are clarified while correcting some political philosophies that have propagated confused rhetoric about rights And the collective right to humanitarian intervention is investigated philosophically in terms of the recent problems in Colombia with surprisingly original results While the methodology of this book is thoroughly analytical philosophically speaking some of the conclusions drawn are substantially original infusing the facts of race and racism into mainstream matters of philosophy of law In this collection of essays J Angelo Corlett continues his important work of bringing the perspective of indigenous peoples and more generally of race into mainstream philosophical debates about justice and rights Corlett s book also has very valuable insights into the nature of international law that will greatly enrich our contemporary debates Larry May Washington University in St Louis USA Angelo Corlett is a prolific writer whose work is invariably stimulating provocative and insightful Race Rights and Justice is an important addition to the oeuvre Corlett is not afraid to tackle big problems and big names See for example his scathing criticisms of Bork and Scalia on constitutional interpretation Burleigh T Wilkins University of California Santa Barbara USA

Race, Law and Hypercriminality Sarah Corbett-Batson, 2025-08-08 This book considers how neoliberal criminal law constructs racialised hypercriminals In a world of fake news and virtual reality where social media posts seem more real than the materiality of racial capitalism this book develops the idea of hypercriminality as a means of explaining how racial disproportionalities in the criminal legal system persist despite discourses of a post racial meritocracy Drawing on critical race theory the work of Judith Butler and Jean Baudrillard s conception of the hyperreal the book considers how neoliberal legal discourse constructs and reproduces hyperreal racialised legal subjects The simulated violent figure of the racialised gang member rioter drug dealer or sexual predator is made to appear real through legal and evidential concepts such as dangerousness or bad character The belief that this simulation is real is deployed to justify the carceral state and masks the structural and racialised violence of capitalism itself Revealing the hypercriminality of racialised legal subjects the book thus offers a timely critical legal intervention that aims to advance the urgent project of decarceration abolition and transformative justice The book will appeal to scholars and students working in the areas of criminal law and evidence

criminology criminal justice socio legal studies and critical race theory *The Routledge Companion to Intersectionalities* Jennifer C. Nash, Samantha Pinto, 2023-02-28 The Routledge Companion to Intersectionalities is a dynamic reference source to the key contemporary analytic in feminist thought intersectionality Comprising over 50 chapters by a diverse international and interdisciplinary team of contributors the Companion is divided into nine parts Retracing intersectional genealogies Intersectional methods and inter disciplinarity Intersectionality s travels Intersectional borderwork Trans intersectionalities Disability and intersectional embodiment Intersectional science and data studies Popular culture at the intersections Rethinking intersectional justice This accessibly written collection is essential reading for students teachers and researchers working in women s and gender studies sexuality studies African American studies sociology politics and other related subjects from across the humanities and social sciences *Black Enterprise* ,1992-08 BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals entrepreneurs and corporate executives Every month BLACK ENTERPRISE delivers timely useful information on careers small business and personal finance **Identities, Politics, and Rights** Austin Sarat, Thomas R. Kearns, 1997-10-08 A reevaluation of how rights liberate and constrain human behavior *The Madwoman's Reason* Nancy J. Holland, 2010-11 Most people want to be able to make valid moral judgments and to respect the ethical values of other cultural groups Taking Jean Giraudoux s play THE MADWOMAN OF CHAILLOT as a starting point philosopher Nancy Holland draws on the work of Heidegger and Derrida in an effort to find a middle way in ethics between relativism and foundationalism *Buddhist Fundamentalism and Minority Identities in Sri Lanka* Tessa J. Bartholomeusz, Chandra R. de Silva, 1998-07-10 This examination of Sri Lanka s ethnic and religious minorities links the past with the present through a treatment of Sinhala Buddhist fundamentalist development in the late nineteenth century and its hegemony in the late twentieth **Locating Race** Malini Johar Schueller, 2009-01-08 Locating Race provides a powerful critique of theories and fictions of globalization that privilege migration transnationalism and flows Malini Johar Schueller argues that in order to resist racism and imperialism in the United States we need to focus on local understandings of how different racial groups are specifically constructed and oppressed by the nation state and imperial relations In the writings of Black Nationalists Native American activists and groups like Partido Nacional La Raza Unida the author finds an imagined identity of post colonial citizenship based on a race and place based activism that forms solidarities with oppressed groups worldwide and suggests possibilities for a radical globalism *Theories of Race and Racism* Les Back, John Solomos, 2000 20 Lola Young IMPERIAL CULTURE *Healing Identities* Cynthia Burack, 2018-08-06 Group identifications famously pose the problem of destructive rhetoric and action against others Cynthia Burack brings together the theory work of women of color and the tools of psychoanalysis to examine the effects of group collaborations for social justice and progressive politics This juxtaposition illuminates some assumptions about race and equality encoded in psychoanalysis Burack s discursive analysis suggests the positive identity affirming aspects of group relational life for African American women One analytic response to

groups emphasizes the dangers of these identifications and exhorts people to abandon or transcend them for their own good and for the good of others who may be harmed by group based forms of cultural or material violence Another response understands that people feel a need for group identifications and asks how they may be made more resistant to malignant group based discourse and action What can black feminist thought teach scholars and democratic citizens about groups Burack shows how the rhetoric of black feminism models reparative rather than destructive forms of group dialogue and action Although it may be impossible to eliminate group identifications that provide much of the impetus for bias and violence she argues we can encourage more progressive forms of leadership solidarity and coalition politics

The Color of Gender Zillah R. Eisenstein, 2023-11-15 In this provocative volume Zillah Eisenstein uncovers the hidden sexual and racial politics of the past decade Beginning where she left off in her award winning book *The Female Body and the Law* Eisenstein takes the reader on a feminist inspired road trip traveling from the thicket of recent abortion decisions to the revolutions of 1989 to the murky chambers of the Anita Hill Clarence Thomas hearings Along the way she enunciates a wholly original conception of individual privacy and sexual rights Eisenstein brings a range of topics to her discussion the L A riots crack babies Murphy Brown political correctness the 1992 presidential election the Gulf War She seeks to redirect our thinking about democracy away from universal conceptions that mask racial and gender oppression to the specific realities of women and people of color A respect for multiple differences as represented in the needs of women of color and their bodies is she says essential to inclusive universal rights Reproductive freedoms and sexual equality not abstract notions of civil liberties provide the wellsprings of a meaningful democratic life Using this perspective to evaluate the Eastern European revolutions of 1989 Eisenstein finds that the separation between their ideals and the reality of the market system illustrates the failings of democratic theory especially for women Eisenstein's controversial arguments will provoke a rethinking of what race and gender mean today In this provocative volume Zillah Eisenstein uncovers the hidden sexual and racial politics of the past decade Beginning where she left off in her award winning book *The Female Body and the Law* Eisenstein takes the reader on a feminist inspired

Thinking Critically About Law Amy R Codling, 2025-06-02 You arrive at university to embark upon your journey to think like a lawyer but is simply knowing the law enough to gain you the best marks What do you need to do exactly to achieve a first class law degree and promising professional career For top marks what do your lecturers mean when they say you need to deepen your critical analysis to answer assessment questions When should you put your own viewpoints forward When and how should you draw upon the work of others What do your examiners mean when they give you feedback saying that your work is too descriptive This book explores what it means to think critically and offers practical tips and advice for students to develop the process skill and ability of thinking critically while studying law as well as beyond that in the workplace The second edition of *Thinking Critically About Law* utilises art music poetry and prose to explore essential questions about studying law and what it means to think critically offering practical tips and advice for students

looking to develop critical thinking skills in relation to law Updates reflect seismic changes that have taken place both in law teaching and in society more generally These include the Covid 19 pandemic social movements sparked by the murders of Sarah Everard and George Floyd moves to decolonise the law curriculum and the introduction of the SQE qualification There is also an innovative foreword by Professor Russell Sandberg a new chapter on the topic of how to think critically during discussions a new section on Thinking Critically About Law in the Future as well as a renewed emphasis on the health and well being of students Other student focused resources will be available as support materials Thinking Critically about Law is a crucial companion for those studying law at A Level and undergraduate level as well as being relevant to postgraduate students newly qualified lawyers and tutors of law

Convergences Maria del Guadalupe Davidson, Kathryn Sophia Belle, Donna-Dale L. Marcano, 2010-10-01 A range of themes race and gender sexuality otherness sisterhood and agency run throughout this collection and the chapters constitute a collective discourse at the intersection of Black feminist thought and continental philosophy converging on a similar set of questions and concerns These convergences are not random or forced but are in many ways natural and necessary the same issues of agency identity alienation and power inevitably are addressed by both camps Never before has a group of scholars worked together to examine the resources these two traditions can offer one another By bringing the relationship between these two critical fields of thought to the forefront the book will encourage scholars to engage in new dialogues about how each can inform the other If contemporary philosophy is troubled by the fact that it can be too limited too closed too white too male then this groundbreaking book confronts and challenges these problems

Race, Gender and Violence on the Transatlantic Extreme Right, 1969-2009 Simon A. Purdue, 2022-10-20 This book explores the central role that gender has historically played in violent far right movements and groups in a time of increasing political polarisation and rising extremism The author examines the way neo Nazis and white supremacists have constructed gender and how this has impacted on the practical role of men and women on the global extreme right between 1969 and 2009 giving valuable insight into the inner workings of the extremist fringe today In the context of rising violent ultra nationalism in the UK Eastern Europe the USA India and Russia this transnational history of racist extremist movements offers a very necessary glimpse into the intimate personal politics of organised hate and into the ideological and organisational roots of our current moment In order to fully understand the extreme right it is essential to develop an awareness of the deep social foundations that underlie it By exposing the gendered basis of racist extremism in the USA and UK this book makes a necessary intervention in the field of far right studies shedding new light on the shadowy corners of the political spectrum and ultimately opening new avenues for countering hate on the personal political and academic level The book seeks to explain the intricate relationship between organised racist extremism and ideological misogyny and explores the fundamental contradictions and inconsistencies that underlie women s far right activism Offering historical context to the current social and political moment in which white

supremacist and far right terror presents an immediate threat to security and stability in both the USA and the UK this book provides useful insights for those researching the history of fascism and the far right violent social movements and political activism as well as women's history and gender studies *Feminist Genealogies, Colonial Legacies, Democratic Futures* M. Jacqui Alexander, Chandra Talpade Mohanty, 2013-09-05 *Feminist Genealogies Colonial Legacies Democratic Futures* provides a feminist analysis of the questions of sexual and gender politics economic and cultural marginality and anti racist and anti colonial practices both in the West and in the Third World This collection edited by Jacqui Alexander and Chandra Talpade Mohanty charts the underlying theoretical perspectives and organization practices of the different varieties of feminism that take on questions of colonialism imperialism and the repressive rule of colonial post colonial and advanced capitalist nation states It provides a comparative relational historically grounded conception of feminist praxis that differs markedly from the liberal pluralist multicultural understanding that sheaves some of the dominant version of Euro American feminism As a whole the collection poses a unique challenge to the naturalization of gender based in the experiences histories and practices of Euro American women **States of Injury** Wendy Brown, 2025-03-25 A landmark work from one of our leading political theorists A sympathetic critique that attempts to free Left politics from its own snares *States of Injury* explores how woundedness became a basis for contemporary political identity Without condemning identity politics Wendy Brown carefully probes the varied historical forces generating them today and the ways these formative conditions constrain emancipatory desire Along the way she advances a novel feminist critical theory of liberalism and the liberal democratic state She also develops an original theoretical practice that weaves together Nietzsche Marx Weber Foucault and cultural theories of gender and race to analyze contemporary political predicaments In a new preface Brown places *States of Injury* in political and intellectual context including the rise of neoliberalism and addresses the book's renewed relevance in today's political landscape **Feminism Beside Itself** Diane Elam, 2013-10-28 This book brings together a distinguished group of scholars from several generations of feminists asking them to reflect on the history and identity of feminism Explores feminism in history and the conflict within feminism **Legal Form and the End of Law** Cosmin Cernel, Gian-Giacomo Fusco, Przemyslaw Tacik, 2024-10-14 Following the 100th anniversary of Pashukanis' General Theory of Law and Marxism 1924 this volume aims to breathe new life into the main category of Pashukanian legacy the concept of legal form This book offers new deeper and more general ways in which the concept of legal form can be used to push forward Marxist post Marxist or hauntingly Marxist legal theory Accordingly this book does not pledge allegiance to reconstructing and reconsidering the official interpretative legacy of the legal form Instead it mobilises the revolutionary conceptual potentialities that this term contains When investigated thoroughly and in many dimensions the legal form becomes a privileged vantage point not only into the greatest law related riddles of Marxism such as the relation between economy and the state or withering away of statal apparatuses but the whole of modernity as the epoch determined by if not overlapping

with capitalism This book aims to think with the legal form rather than explain this concept In so doing it offers a panoply of theoretical perspectives that address legal subjectivity abstraction autonomy of the law and last but not least withering away of the law This contemporary interrogation of the relevance of the concept of legal form will be of considerable interest to scholars and students of legal and political theory

Fuel your quest for knowledge with is thought-provoking masterpiece, **Alchemy Of Race And Rights** .
