Aleida A Woman For The New Millennium:

Aleida Vladdo, Vladimir Florez, 2001-10 Uninhibited Aleida is the creation of one of the most renowned Colombian caricaturists Vladdo whose particular understanding of women makes the book a comedy jewel This smart and beautiful woman is ready to talk about men society sex money work and love in this illustrated satire **Women, Gender, Remittances and Development in the Global South** Ton van Naerssen, Lothar Smith, Marianne H. Marchand, 2016-03-09 This book endeavours to take the conceptualisation of the relationship between transnational remittance exchanges and gender to a new level Thus inevitably it provides a number of case studies of relationships between gender and remittances from around the world highlighting different processes and practises Thereby the authors seek to understand the impact of remittances on gender and gender relations both at the sending as well as at the receiving end For each case study authors ask how remittances affect gender identities and relationships but also vice versa By itself this already adds a wealth of insights to a field that is remarkably understudied despite a volume of studies on gender and the feminization of migration in developing contexts Chapters take an open explorative approach to the relationship between gender and remittance behaviour with the aid of case studies focusing on transnational flows between migrants and countries of origin With the wide variety of cases this book is able to provide conceptual insights to better understand how remittances affect gender identity roles and relations at both the receiving and sending end and give specific attention to the roles of various actors directly and indirectly involved in remittance sending in current collectively organized remittance schemes from around the world *Portraits of Women in International Law* Immi Tallgren, 2023 This fascinating volume offers a set of biographies of women and gender non conforming people who made a difference in international law but who in most cases were never well known or have been forgotten These portraits describe each individual s engagement with international law the context in which they worked and the barriers they faced **Feminist Periodicals**, 1999 *Documentary Filmmaking in Contemporary Brazil* Gustavo Procopio Furtado, 2018-12-07 This book examines the vibrant field of documentary filmmaking in Brazil from the transition to democracy in 1985 to the present with attention to the way the films of this period incorporate reflect on and reworks a variety of archival materials including official documents ethnographic images and home movies and photo albums *Garden of Exile* Aleida Rodríguez, 1999 Selected by Marilyn Hacker as the 1998 Winner of the Kathryn A Morton Prize in Poetry *Women's Studies Index*, 2000 Gale Group, 2001-08 *G.K. Hall Women's Studies Index*, 2000 **Echoes of Trauma and Shame in German Families** Lina Jakob, 2020-05-05 A study of the generation of Germans dealing with the psychological effects of the parents and grandparents experiences during and after World War II How is it possible for people who were born in a time of relative peace and prosperity to suddenly discover war as a determining influence on their lives For decades to speak openly of German suffering during World War II to claim victimhood in a country that had victimized millions was unthinkable But in the past few years growing numbers of Germans in their 40s and

50s calling themselves Kriegsenkel or Grandchildren of the War have begun to explore the fundamental impact of the war on their present lives and mental health Their parents and grandparents experienced bombardment death forced displacement and the shame of the Nazi war crimes The Kriegsenkel feel their own psychological struggles from depression anxiety disorders and burnout to broken marriages and career problems are the direct consequences of unresolved war experiences passed down through their families Drawing on interviews participant observation and a broad range of scholarship Lina Jakob considers how the Kriegsenkel movement emerged at the nexus between public and familial silences about World War II and critically discusses how this new collective identity is constructed and addressed within the framework of psychology and Western therapeutic culture This complex story is engagingly told through highly readable life histories and analysis and provides much to think about concerning the aftermath of traumatic histories Francesca Merlan Jakob brilliantly traces the transgenerational impact of World War II and the trauma and shame of Germany's dark past that still haunts individuals and scars families A searing inquiry into the multilayered meanings of public rituals social memories and emotional suffering of a generation painfully struggling with the inheritance of war and loss An outstanding achievement Assa Doron

Unsettling Empathy Björn Krondorfer,2020-08-11 This book is an in depth reflection and analysis on why and how unsettling empathy is a crucial component in reconciliatory processes Located at the intersection of memory studies reconciliation studies and trauma studies the book is at its core transdisciplinary presenting a fresh perspective on how to conceive of concepts and practices when working with groups in conflict The book Unsettling Empathy has come into being during a period of increasing cultural pessimism where we witness the spread of populism and the rise of illiberal democracies that hark back to nationalist and ethnocentric narratives of the past Because of this changed landscape this book makes an important

contribution to seeking fresh pathways toward an ethical practice of living together in light of past agonies and current conflicts Within the specific context of working with groups in conflict this book urges for an ethical posture of unsettling empathy Empathy which plays a vital role in these processes is a complex and complicated phenomenon that is not without its critics who occasionally alert us to its dark side The term empathy needs a qualifier to distinguish it from related phenomena such as pity compassion sympathy benign paternalism idealized identification or voyeuristic appropriation The word unsettling is just this crucial ingredient without which I would hesitate to bring empathy into our conversation
