An Air Transport Strategy for Northern Ireland Great Britain: Parliament: House of Commons: Northern Ireland Affairs Committee,2012-11-30 Air travel is fundamental to family and economic life in Northern Ireland To facilitate the rebalancing of the economy it is vital the air links to Great Britain mainland Europe and the rest of the world are robust The Committee identified in this report several hurdles to overcome Air Passenger Duty APD despite the APD on direct long haul flights being reduced to zero this does not assist the 98 5 per cent of passengers who travel from NI airports on short haul flights Ways to reduce or preferably abolish APD on all flights into NI from GB and on all direct flights from Northern Ireland to any destination should be explored Connectivity air links to hub airports particularly Heathrow must be at least maintained at the current level and further routes should be actively sought Airports Commission review the review is being carried out by the Airports Commission into options to maintain the UK s status as an international hub for aviation As this report is not due until 2015 and the delay as to the future airport configuration and capacity in the South East of England is causing concern among the business community in Northern Ireland The Committee urged the Government to expedite the review and its decision as soon as possible given its importance to Northern Ireland s international connectivity Internal access to Northern Ireland s airports road and rail links to all three of NI sairports must be improved Visas there should be introduced between the UK and Irish Government a shared visit visa for the UK and the Republic of Ireland as the current cost of two visas deters both business and leisure travellers from visiting both jurisdictions on a single visit   ITF Round Tables Competitive Interaction between Airports, Airlines and High-Speed Rail International Transport Forum,2009-11-04 This round table proceedings examines whether and how airports should be regulated to contain market power It determines which approaches are likely to work best and also assesses strategies for managing greenhouse gas emissions including the alternative of high speed rail   **Plunkett's Airline, Hotel and Travel Industry Almanac 2007** Plunkett Research, Ltd,2006-09 Contains a market research guide to the travel and tourism industry including airlines hotels tour operators travel agencies E commerce firms cruise lines and car rentals This book is useful for competitive intelligence strategic planning employment searches or financial research   **Aviation Markets** David Starkie,2008 This volume is a collection of 17 papers selected from David Starkie s extensive writings over the last 25 years Previously published material has been extensively edited and adapted and combined with new material published here for the first time The book is divided into five sections each featuring an original overview chapter to better establish the background and also explain the papers wider significance including wherever appropriate their relevance to current policy issues These papers have been selected to

illustrate a significant theme that has been relatively neglected thus far in both aviation and industrial economics the role of the market and its interplay with the development of economic policy in the context of a dynamic but partly price regulated industry The result provides a strong flavour of how market mechanisms and particularly competition can operate to successfully resolve policy issues   *The future of BAA* Great Britain: Parliament: House of Commons: Transport Committee,2008-03-14 BAA Limited owns and operates seven UK airports Heathrow Gatwick Stansted Southampton Glasgow Edinburgh and Aberdeen They handle nearly 150 million passengers a year and are a vital part of the country s transport infrastructure In the light of the Office of Fair Trading s referral of BAA to the Competition Commission to investigate whether BAA s market position was limiting competition in the UK aviation sector the Committee set up its own inquiry It particularly wanted to consider the regulatory framework the quality of service provided the size and quality of investment any consequences following the acquisition of BAA by Ferrovial the implications of further runway and terminal capacity how more competition could be introduced into the market The Committee concludes that the drawbacks of common ownership outweigh the advantages and identifies a problem with service quality It believes that increased competition is possible and hopes the Competition Commission will ensure a healthy competitive airport sector for the future   Airport Competition David Gillen,Hans-Martin Niemeier,2016-03-23 The break up of BAA and the blocked takeover of Bratislava airport by the competing Vienna airport have brought the issue of airport competition to the top of the agenda for air transport policy in Europe Airport Competition reviews the current state of the debate and asks whether airport competition is strong enough to effectively limit market power It provides evidence on how travellers chose an airport thereby altering its competitive position and on how airports compete in different regions and markets The book also discusses the main policy implications of mergers and subsidies
