*Albert Ballin* Johannes Gerhardt, 2010      *Albert Ballin* Lamar Cecil, 2015-12-08 This study of Albert Ballin a powerful member of the banking and commercial elite in Imperial Germany and manager of the Hamburg American Line from 1899 to 1918 illuminates the political and social structure of the aristocracy and the upper middle class in the German Empire Originally published in 1967 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      Albert Ballin Bernhard Huldermann, 2022-09-04 DigiCat Publishing presents to you this special edition of *Albert Ballin* by Bernhard Huldermann DigiCat Publishing considers every written word to be a legacy of humankind Every DigiCat book has been carefully reproduced for republishing in a new modern format The books are available in print as well as ebooks DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature      Business in the Age of Extremes Hartmut Berghoff, Jürgen Kocka, Dieter Ziegler, 2013-01-28 This collection of essays explores the impact that nationalism capitalism and socialism had on economics during the first half of the twentieth century Focusing on Central Europe contributors examine the role that businesspeople and enterprises played in Germany's and Austria's paths to the catastrophe of Nazism Based on new archival research the essays gathered here ask how the business community became involved in the political process and describes the consequences arising from that involvement Particular attention is given to the responses of individual businesspeople to changing political circumstances and their efforts to balance the demands of their consciences with the pursuit for profit      The Foe Within William C. Fuller, 2006 In the early morning of March 19 1915 Lt Colonel S N Miasoedov a former gendarme officer on active duty with the Russian army in World War I was hanged after a two hour trial in Warsaw for treason Although he was innocent of this charge Miasoedov's hasty execution set against the army's disastrous performance in the war against Germany touched off a wave of spy mania that resulted in hundreds of arrests and eventually involved the highest reaches of the Russian Empire including the minister of war General V A Sukhomlinov who was arrested for the same crime the following year The trials of Miasoedov and Sukhomlinov and the purported revelations of elaborate networks of pro German spies were for many Russians the principal explanation for the military catastrophes Russia had endured at Germany's hands since the beginning of World War I This belief gradually took hold among the Russian public at large and politicians of all stripes Today the fact that both Miasoedov and Sukhomlinov were innocent of treason has been universally accepted but the full story of the events leading up to their fallacious prosecutions has never before been completely revealed As told here by William C Fuller Jr it is an astonishing narrative full of vivid incident and populated by a

cast of characters that includes the emperors of both Germany and Russia Baltic noblemen tsarist generals courtesans war profiteers peasants Jewish businessmen tsarist ministers German spymasters and Rasputin In the course of reconstructing the events he so deftly relates Fuller explains how they crippled the Russian monarchy and paved the way for the February Revolution of 1917 The book also situates the cases against the backdrop of Russia s increasingly toxic political culture bureaucratic politics and popular attitudes in late imperial Russia toward capitalists Jews Germans and women The *Foe Within* is an unprecedented portrait of a regime so riddled with intrigue and corruption that its collapse in the face of mounting military and economic difficulty comes to seem all but inevitable *The Entourage of Kaiser Wilhelm II, 1888-1918* Isabel V. Hull, 2004-07-08 This volume analyzes the entourage of the last German Kaiser to explain the peculiar decisions taken by Germany s leaders from 1888 to 1918 *Three-Way Street* Jay Howard Geller, Leslie Morris, 2016-09-21 Tracing Germany s significance as an essential crossroads and incubator for modern Jewish culture ***The Architecture of Empire in Modern Europe*** Miel Groten, 2025-10-01 Empires stretched around the world but also made their presence felt in architecture and urban landscapes *The Architecture of Empire in Modern Europe* traces the entanglement of the European built environment with overseas imperialism in the nineteenth and twentieth centuries As part of imperial networks between metropole and colonies in cities as diverse as Glasgow Hamburg or Paris numerous new buildings were erected such as factories mission houses offices and museums These sites developed into the physical manifestations of imperial networks As Europeans designed used and portrayed them these buildings became meaningful imperial places that conveyed the power relations of empire and Eurocentric self images Engaging with recent debates about colonial history and heritage this book combines a variety of sources an interdisciplinary approach and an international scope to produce a cultural history of European imperial architecture across borders ***Maritime History at the Crossroads*** Frank Broeze, 2017-10-18 This volume seeks to critically review the contemporary state of maritime historiography as it stands at the volume s publication date of 1995 The volume is comprised of thirteen essays each focused on the recent research into the maritime concerns of a particular geographical location listed as follows Australia Canada China Denmark Germany Greece Ibero America India the Netherlands the Ottoman Empire Spain the United States and a final chapter concerning historians and maritime labour in Britain Australia and New Zealand One concern made evident by the collection is the lack of stable identity and cohesive aims within maritime history the subject holds many conflicting definitions and concepts The purpose of this volume is to explore the recent developments in maritime history plus the growth of scholarly interest to provide a beacon and stimulus for future work and to clearly direct and define maritime historiography toward a solid position in the field of history *Investigation of Nazi Propaganda Activities and Investigation of Certain Other Propaganda Activities* United States. Congress. House. Special Committee on Un-American Activities (1938-1944), 1934 ***Deaf World*** Lois Bragg, 2001-02 Bragg English Gallaudet U has collected a selection of sources including political writings and personal memoirs covering

topics such as eugenics speech and lip reading the right to work and the controversy over separation or integration This book offers a glimpse into an often overlooked but significant minority in American culture and one which many of the articles asserts is more like an internal colony than simply a minority group Annotation copyrighted by Book News Inc Portland OR

Tariff Act of 1929 United States. Congress. Senate. Committee on Finance,1929      The History of Foreign Investment in the United States to 1914 Mira Wilkins,1989 From the colonial era to 1914 America was a debtor nation in international accounts owing more to foreigners than foreigners owed to us By 1914 it was the world s largest debtor nation Mira Wilkins provides the first complete history of foreign investment in the United States during that period The book shows why the United States was attractive to foreign investors and traces the changing role of foreign capital in the nation s development covering both portfolio and direct investment The immense new wave of foreign investment in the United States today and our return to the status of a debtor nation once again the world s largest debtor nation makes this strong exposition far more than just historically interesting Wilkins reviews foreign portfolio investments in government securities federal state and local and in corporate stocks and bonds as well as foreign direct investments in land and real estate manufacturing plants and even such service sector activities as accounting insurance banking and mortgage lending She finds that between 1776 and 1875 public sector securities principally federal and state securities drew in the most long term foreign investment whereas from 1875 to 1914 the private sector was the main attraction The construction of the American railroad system called on vast portfolio investments from abroad there was also sizable direct investment in mining cattle ranching the oil industry the chemical industry flour production and breweries as well as the production of rayon thread and even submarines In addition there were foreign stakes in making automobile and electrical and nonelectrical machinery America became the leading industrial country of the world at the very time when it was a debtor nation in world accounts      **Merchant Ship Types** Alexander Arnfinn Olsen,2023-01-24 Merchant Ship Types provides a broad and detailed introduction to the classifications and main categories of merchant vessels for students and cadets It introduces the concept of ship classification by usage cargo type and size and shows how the various size categories affect which ports and channels the types of vessels are permitted to enter Detailed outlines of each major vessel category are provided including Feeder ship General cargo vessels Container ships Tankers Dry bulk carriers Multi purpose vessels Reefer ships Roll on roll off vessels The book also explains where these are permitted to operate the type of cargoes carried and specific safety or risk factors associated with the vessel class as well as their main characteristics Relevant case studies are presented The textbook is ideal for merchant navy cadets at HNC HND and foundation degree level in both the deck and engineering branches and serves as a general reference for insurance law logistics offshore and fisheries      *Maritime Transport and Migration* Torsten Feys,2007 This study explores the connection between global maritime and migration networks to better understand the acceleration of the transatlantic migration rate that took place in the latter half of the nineteenth and early twentieth century

It brings together the actions of migrants government regulators transatlantic shipping companies and the agents who represented them to determine the motives and opportunities for transatlantic mass migration The study is comprised of an introductory chapter seven essays by maritime scholars and a conclusion The subject is approached from three particular discussion points the rate of development and the accessibility of transport networks for European migrants the competition between shipping companies and the subsequent influence on migration and the integration of labour markets in both Europe and America It concludes by suggesting both maritime and migration historians should merge their respective fields by including the larger frameworks of each discipline to gain further understanding of their disciplines and identifies the role of ports and shipping companies as crucial to any further study of mass migration Schedule 3 United States. Congress. Senate. Committee on Finance, 1929 Between Borders Tobias Brinkmann, 2024 *Between Borders* tells and contextualizes the stories of these Jewish migrants and refugees before and after the First World War It explains how immigration laws in countries such as the United States influenced migration routes around the world Using memoirs letters and accounts by investigative journalists and Jewish aid workers Tobias Brinkmann sheds light on the experiences of individual migrants some of whom laid the foundation for migration and refugee studies as a field of scholarship A Deadly Legacy Tim Grady, 2017-09-26 Shortlisted for the Wolfson History Prize 2018 This book is the first to offer a full account of the varied contributions of German Jews to Imperial Germany's endeavors during the Great War Historian Tim Grady examines the efforts of the 100 000 Jewish soldiers who served in the German military 12 000 of whom died as well as the various activities Jewish communities supported at home such as raising funds for the war effort and securing vital food supplies However Grady's research goes much deeper he shows that German Jews were never at the periphery of Germany's warfare but were in fact heavily involved The author finds that many German Jews were committed to the same brutal and destructive war that other Germans endorsed and he discusses how the conflict was in many ways lived by both groups alike What none could have foreseen was the dangerous legacy they created together a legacy that enabled Hitler's rise to power and planted the seeds of the Holocaust to come Tvarozna Cres Smith, 1999-12-03 In 1926 Pauline Klug had an opportunity to visit her family living in Eastern Europe Her mother had been informed that Pauline's grandmother was dying She and her mother Wilma Klug traveled to Tvarozna Var oz na to see her before her death Tvarozna is a village in Slovakia lying in the shadows of the Carpathian Mountains The impending trip to Eastern Europe brought to remembrance the younger lives of Wilma and Cornell in Tvarozna and Poprad Slovakia Wilma Bullner and Cornell Klug lived twenty miles apart and were third cousins Although they lived close they were not acquainted as young people in 1895 As a girl Wilma spoke Slovak and German and found work as a language teacher Before the 1st World War Tvarozna was known as Durand a village of the Spis mostly populated with Germans whose families had formed the village during the 15th century Cornell's family lived in Poprad and this is where Pauline spent most of her time while in Europe Pauline's grandfather Gustav Klug was in the construction and

other business ventures His fathers business was one Cornell desired but his older brother Emile was to inherit the business from Gustav Cornell was apprentinced to a tailor Cornell and Wilma immigrated to America at different times around 1901 They met and married in Philadelphia While in Philadelphia and during the roaring twenties they operated a delicatessen Pauline grew up with two brothers Erwin and Louis Pauline enjoyed an especially fond relationship with her brother Louis as they danced for fun and competition and enjoyed the same friends Wilma left for Europe leaving Cornell behind with her two boys to help Cornell in the store While Wilma was in Europe Cornell sold the store and took a job as an insurance salesman When Wilma returned from Europe she was understandably upset and took Cornell to task for selling the store Later Cornell purchased a gasoline service station and Pauline spent late hours with her father as he kept the store open late Pauline grew into a young woman She attended Temple University and majored in art While Pauline was in Europe Creston Smith ran away from an orphanage near Lancaster Pa He and his sister Edna had been placed in the orphanage because his father had recently died Creston was a frail youngster born prematurely and sickly Pauline and Creston met after a baseball practice in Philadelphia For months after they became acquainted Pauline pretended to only speak German This made it hard for Creston who finally found out the truth They were married in 1935 Raising a family was hard and work was harsh The family grew to five with one boy and two girls They moved frequently over America as Creston sought work during the depression Creston found work in the San Francisco ship yards building amphibious landing Craft during World War Two Louis was drafted into the Army and served in the African campaign under General Patton He fought against Rommel and was part of the invasion of Sicily in 1943 He was killed in fighting at Gala Bay Sicily July 10 1943 Pauline Creston and their family moved from California to Philadelphia to be with Wilma Cornell was bed ridden with arthritis The family was together again now and Wilma was able to relate the stories of the old country to her grandchildren The spirit of Tvarozna as a family home drew the family together even though they didnt live in Eastern Europe anymore      *Schedule 2* United States.
