The Man and his Work

'Albert Schweitzer is a divine gift in troublesome times. But unless the blessing it represents is to run away like sand between our fingers that gift must be cherished with a feeling of the utmost responsibility. It is now being endangered in a very special way . . . '

Kenneth Vaux advocates an Abrahamic theology as a dynamic and ethical axis for science and technology and argues for its continuing salience for a vital and humane science He demonstrates a historical correlation between an Abrahamic theological tradition monotheism and venturism and the rise of science Vaux illustrates these developments in the work of six scientists Avicenna Boyle Schweitzer and Teilhard as well as contemporaries Amartya Sen and Leon Kass In the course of his discussion Vaux engages the contemporary dialogue between religion and science *Albert Schweitzer* George Seaver, 2011-10-01

Bibliography Jacques Waardenburg, 2015-08-31 No detailed description available for Bibliography *The Eloquence of Effort* , 2017-11-28 The contents of *The Eloquence of Effort* Beware the Path of Least Resistance are deeply moored in the principles of Entropy to wit the tendency of all things events to spontaneously degenerate into chaos unless of course there is an infusion of human energy It is a universal law chaos is spontaneous solutions demand effort Have you ever wondered why things naturally break up breakdown degenerate depreciate or simply fall apart Why is Alzheimer's Disease more prevalent among the lesser educated Why is physical exercise a vital component to a healthier lifespan Consider two cars an old and a new abandoned under similar conditions Revisited a 100 years later the new would deteriorate while the old would disintegrate into untraceable dust But why not the reverse As the new car aged into a rusted rattle trap the old retrogressed into a spanking new car Just the way the universe operates you exclaim Answers to these questions reside in the forces governing Second Law of Thermodynamics sometimes referred to as the Law of Entropy To prevent being submerged under an Entropic tsunami of destruction one must apply personal effort Failure to do so can only result in catastrophe Over 700 years ago the concept was succinctly captured by the polymath Leonardo da Vinci He wrote that God sells us all things at the price of labor Arguing that dreams are only achievable through sustained effort the book relies heavily on biographical philosophical economic religious historical and scientific data Accordingly work is the mission the multiple rewards are the byproducts

More significantly the pleasure resides in the effort not the outcome Against the dark backdrop of malignancies inflicted on society by unrepentant leeches the benefits of unstinting diligence are sharply focused The reader is nudged into a higher plane of reality namely purposeful effort is rewarding Hence regardless of the end result effort is never wasted Conversely indolence is the bane of progress the root cause of socio economic crimes and social chaos Indeed corruption in all its diabolical forms is nothing but laziness masquerading as diligence Analysis of biographical data sustains the thesis that hard work extends life indolence shortens it Moreover indolence in all its fiendish forms is causally related to personal chaos The terminally lazy degenerate Pablo Escobar validates this principle when he prophetically asserted that no drug dealer ever died of old age He was right at age 44 he was slaughtered The persuasiveness of the arguments is supported by a wealth of references Together they form the final authority they lend credence to the arguments provided Schweitzer George N. Marshall, David Poling, 2000 He was an accomplished organist and interpreter of Bach a crusader for world peace and a winner of the Nobel Peace Prize He made his philosophy of reverence for life an ethic for the world The hospital he founded in Lambaré is still in operation in present day Gabon is a model of what Europeans might have given to Africans throughout colonial history But above all Albert Schweitzer 1875-1965 was a talented and compassionate human being This biography probes beyond the timeworn image of Schweitzer as the old man in the pith helmet to reveal the philosopher scholar husband father humanitarian and liberal rebel in a conservative church Congressional Record United States Congress, 1963 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789-1824 the Register of Debates in Congress 1824-1837 and the Congressional Globe 1833-1873 *Stories Behind Men of Faith* Ace Collins, 2009-05-26 Master storyteller Ace Collins offers deeply personal narratives of sixteen men whose living faith has made a vital difference in the world *Stories Behind Heroes of Faith* uncovers the influences the turning points and the surprising twists that have created icons of faith past and present who continue to inspire us to live better Christian lives and to witness to others Contemporary men such as Bono Bruce Springsteen Jim Valvano and Fred Rogers and historical figures such as William Carey John Newton Albert Schweitzer George Washington Carver and Nicholas of Myra have inspired millions They have led countless souls to follow in their steps and created legacies that have helped bring so much light into a dark world simply by courageously living their faith *Stories Behind Heroes of Faith* will remind readers that with faith in God anything is possible *Highlights in History: 1940-1965*, *Christian Advocate*, 1931 **The 20th Century O-Z** Frank N. Magill, 2013-05-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in-depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic

facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography Across the Waters of Remembrance Herbert E. Hudson, 2020-06-11 This book is the capstone of the ministry of Herbert E Hudson IV from 1959 to 2020 literally a span of six decades The sermons are grouped into three periods Sermons given in Utica tend to be more academic and are termed The Dawning of Awareness Sermons given at Central Square a time of personal growth and change are considered as A Soul in Transition Finally sermons in Key Largo reflect more certainty and trust in life and are referred to as A Seasoned Spirit The balance of this handbook includes readings prayers invocations benedictions and special services for weddings christenings and memorials

Pursuing Peace JS Prickett, 2012-10-04 pursuing peace Is there not something that we all seek something that defines separates yet unites us I believe that this is the pursuit for inner peace There are an infinite number of individual paths to this one destination This is mine Peace requires the simple but powerful recognition that what we have in common as human beings is more important and crucial than what divides us Robert Sargent Shriver Peace is a daily a weekly a monthly process gradually changing opinions slowly eroding old barriers quietly building new structures John Fitzgerald Kennedy Peace is costly but it is worth the expense African Proverb I do not want the peace which passeth understanding I want the understanding which bringeth peace Helen Keller Peace is not merely a distant goal that we seek but a means by which we arrive at that goal Martin Luther King Jr It is more difficult to organize a peace than to win a war but the fruits of victory will be lost if the peace is not organized Aristotle Peace is not only better than war but infinitely more arduous George Bernard Shaw If everyone demanded peace instead of another television set then there'd be peace John Lennon Nothing can bring you peace but yourself Ralph Waldo Emerson

Jesus as Man, Myth, and Metaphor Benjamin W. Farley, 2007-09-01 Current New Testament scholarship has done much to advance knowledge of Jesus's authentic words and message The works of Crossan Borg Vermes Mack and many others attest to this movement In this process however the Christ of the Gospels or the so called Christ of faith has been caught in the crosshairs forcing Christianity to reflect anew on the church's interpretation of his life and place in history Has the church's dogma overreached the facts of Jesus's life Farley's book addresses these issues and offers a feasible and illuminating context within which to reexamine Jesus's life and significance for modern humankind His book probes the boundaries of Jesus as a historical person as a man as a figure of mythical proportions and as a metaphor for today's Christian sense of wholeness Along the way Farley incorporates the insights of Carl Jung Joseph Campbell and Paul Tillich to demonstrate the ways that psychology mythology and symbolism contribute to an appreciation of Jesus that moves beyond the debate of Jesus's historical status alone
