Léo Pomar

Albert Shaw Of The Review Of Reviews An Intellectual Biography:

Albert Shaw of the Review of Reviews Lloyd J. Graybar, 2014-07-15 The life of Albert Shaw 1857 1947 reflected in microcosm the changes that American society was undergoing through a critical period This first full length study focuses on two themes Shaw s career as editor and publisher of the Review of Reviews an influential monthly journal in the early years of the twentieth century and Shaw s career as a public figure Shaw was a member of the Progressive movement from its inception but his concern and interests were wide ranging centering to a large degree on the question of what the industrialization of America meant Lloyd J Graybar shows incisively the ways in which Shaw s professional concerns interacted with his attitude toward public issues *Albert Shaw of the Review of the review, an intellectual biography* Lloyd

Joseph Graybar, 1974 **Liberalism and the Emergence of American Political Science** Robert Adcock, 2014 This book situates the origins of American political science in relation to the transatlantic history of liberalism In a corrective to earlier accounts it argues that as political science took shape in the nineteenth century American academy it did more than express a pre existing American liberalism The pioneers of American political science participated in transatlantic networks of intellectual and political elites that connected them directly to the vicissitudes of liberalism in Europe The book shows how these figures adapted multiple contemporary European liberal arguments to speak to particular challenges of mass democratic politics and large scale industry as they developed in America Political science s pioneers in the American academy were thus active agents of the Americanization of liberalism When political science first secured a niche in the American academy during the antebellum era it advanced a democratized classical liberal political vision overlapping with the contemporary European liberalism of Tocqueville and John Stuart Mill As political science expanded during the dramatic growth of university ideals and institutions in the Gilded Age divergence within its liberalism came to the fore in the area of political economy In the late nineteenth century this divergence was fleshed out into two alternative liberal political visions progressive liberal and disenchanted classical liberal with different analyses of democracy and the administrative state During the early twentieth century both visions found expression among early presidents of the new American Political Science Association and subsequently within contests over the meaning of liberalism as this term acquired salience in American political discourse In sum this book showcases how the history of American political science offers a venue in which we see how a distinct current of mid nineteenth century European liberalism was divergently transformed into alternative twentieth century American liberalisms *The End of American Exceptionalism* David M. Wrobel, 1993 A lucid and rewarding synthesis of cultural and western history Richard W Etulain author of *Writing Western History* Wrobel makes a fine contribution to the study of myth by analyzing the anxiety or angst Americans felt about the frontier in the half century after 1890 This is an excellent book on a big subject executed with much skill *Western Historical Quarterly* Direct admirably brief and crisply written *Journal of American History* **Making Sense of the City** Zane L. Miller, 2001 Through an

examination of such topics as city charters city planning texts neighborhood organizations municipal recreation programs urban government reforms urban identity and fair housing campaigns the authors offer insight into the process through which ideas about the nature of the city have affected action in the urban environment **BOOK JACKET** *American Progressives and German Social Reform, 1875-1920* Axel R. Schäfer, 2000 This study recreates the intellectual climate and transatlantic setting of turn of the century American reform It examines the influence and meaning of German social thought and reform in the American Reform Movement prior to World War I The American Progressives used the German theories in order to develop and establish new concepts of reform and to base democracy on principles other than possessive individualism utilitarian ethics and market ideology that liberalism held in stock However due to the war these reforms lost their radical character In the end the progressive quest for a broader sphere of public control participatory models of reform and social ethics yielded to the liberal model of regulation business co operation and administrative efficiency and to the moralistic agenda of prohibition and immigration control Axel R Schafer s fine study of what American progressives learned from their German counterparts adds to the growing literature illuminating the cosmopolitan breadth and ideological daring of turn of the century reform a It is a testament to the argumentative force of this insightful work that it so clarifies and deepens the vital debate over the progressive legacy in our new Gilded Age The Journal of American History Schafer did not intend to offer an exhaustive treatment instead he wished to show that part of progressive thought was not merely home grown a relection of narrow moralistic Protestantismae 220 but had some German roots too This he did well and readers may mine his chapters for other insightsa German Studies Review Axel R Schafers kenntnisreiche methodisch reflektierte und quellengesattigte Untersuchung legt die bis vor kurzem nur wenig beachteten transatlantischen Bezüge der progressiven Bewegungae an der Wende vom 19 zum 20 Jahrhundert frei und bettet dieses als sehr amerikanischae geltende Reformphanomen starker in seinen weltlichen Gesamtzusammenhang ein Schafer wird daher nicht nur von Amerikaspezialisten mit Gewinn gelesen werden sondern auch von Historikern die sich mit interkulturellen Austauschprozessen beschäftigen Das Historisch Politische Buch Selten jedenfalls ist die Krise des Progressivism im Ersten Weltkrieg so klar analysiert worden wie hiera Historische Zeitschrift Anachronismen vermeidend und mit grosser Fähigkeit zur Empathie zeichnet Schafer die Motive und Vorstellungswelten der Akteure nach ohne sie von vornherein zu verurteilen Auf diese Weise gelingt ihm eine sehr differenzierte Darstellunga Neue Politische Literatur Franz Steiner 2000

Wesleyan University, 1831-1910 David B. Potts, 1999-03-30 A lively narrative connecting Wesleyan University s early history to economic religious urban and educational developments in 19th century America **Markets in Historical Contexts** Mark Bevir, Frank Trentmann, 2004-02-12 Markets in Historical Contexts is the result of a dialogue between historians and social scientists thinking about markets in modern society How should we approach markets after the collapse of Marxism What alternative ways of thinking about markets can we recover from the past The essays in this volume set out

to challenge essentialist accounts of the market. Instead they suggest that markets are always embedded in distinctive traditions and practices that shape the ways in which they are conceived and the manner of their working. The essays range widely over European and non-European societies from the eighteenth century to the present from the great transformation to globalization. Rational peasants, republican economists, popular conservatives, guild theorists, early environmentalists, communitarians, progressives, consumers, Gandhi's descendants and others are all revived. The volume thus recovers alternative ways of thinking about markets many of which are neglected or marginalized in contemporary debates. **1974 Annual Supplement** Joan Schmitz Bergholt, 2013-12-21

Observing America Robert Frankel, 2007-01-05. Beginning with Alexis de Tocqueville and Frances Trollope, visitors to America have written some of the most penetrating and occasionally scathing commentaries on U.S. politics and culture. *Observing America* focuses on four of the most insightful British commentators on America between 1890 and 1950. The colorful journalist W. T. Stead championed Anglo-American unity while plunging into reform efforts in Chicago. The versatile writer H. G. Wells fiercely criticized capitalist America but found reason for hope in the administrations of Theodore Roosevelt and Franklin Roosevelt. G. K. Chesterton, one of England's great men of letters, urged Americans to preserve the vestiges of Jeffersonian democracy that he still discerned in the small towns of the heartland. And the influential political theorist and activist Harold Laski assailed the business ethos that he believed dominated the nation especially after Franklin Roosevelt's death. Robert Frankel examines the New World experiences of these commentators and the books they wrote about America. He also probes similar writings by other prominent observers from the British Isles including Beatrice Webb, Rudyard Kipling and George Bernard Shaw. The result is a book that offers keen insights into America's national identity in a time of vast political and cultural change. **Culture and Political Crisis in Vienna** John W. Boyer, 1995-08-15. In this sequel to *Political Radicalism in Late Imperial Vienna*, John Boyer picks up the history of the Christian Social movement after founder Karl Lueger's rise to power in Vienna in 1897 and traces its evolution from a group of disparate ward politicians through its maturation into the largest single party in the Austrian parliament by 1907 to its major role in Imperial politics during the First World War. Boyer argues that understanding the unprecedented success that this dissident bourgeois political group had in transforming the basic tenets of political life is crucial to understanding the history of the Central European state and the ways in which it was slowly undermined by popular electoral politics. The movement's efforts to save the Austrian Empire by trying to create an economically integrated but ethnically pluralistic state are particularly enlightening today in the shadow of ethnic violence in Sarajevo where began the end of the Austrian Empire in 1914. The most comprehensive account of any mass political movement in late nineteenth century Central Europe, this two-volume work is crucial reading for anyone interested in Hapsburg history, German history or the history of social democracy. **The Politics of Efficiency** Martin J. Schiesl, 1980. *Historical Dictionary of the Gilded Age* Leonard C. Schlup, James Gilbert Ryan, 2003. Covers all the people, events, movements, subjects, court cases, inventions and more that

defined the Gilded Age **The Public City** Philip J. Ethington, 2001-07-06 A new look at how the issues of concern in the public sphere were influenced by journalism and political organizing in American cities in the second half of the 19th century

Velvet on Iron Frederick W. Marks, 1982-01-01 Analyzes the international relations foreign policy and diplomatic efforts of the the administration of Theodore Roosevelt in the context of his time *From Progressive to New Dealer* Kenneth E.

Miller, 2010-01-01 A native Pennsylvanian born in Meadville in 1867 and a graduate of Allegheny College Frederic Howe dedicated his life early on to the cause of improving society and played a major role in many movements for progressive change from the early 1890s to the Second World War a leader in Progressive politics in New York City a spokesman for reform through numerous books and articles and as director of the Cooper Union an ardent campaigner for a defender of immigrants and civil liberties as commissioner of immigration for the Port of New York during the First World War and an advocate for consumers as the first consumers counsel in the New Deal Kenneth Miller s biography takes the reader behind the scenes and shows how the great game of politics was played in the age of reform **Dictionary of American**

Biography , 1944 **To-Morrow** E. Howard, Sir Peter Hall, Dennis Hardy, Colin Ward, 2006-09-07 To celebrate the centenary of the first garden city at Letchworth the Town and Country Planning Association has performed a service to planners everywhere by initiating the republication in facsimile form of the very scarce original first edition of To Morrow

Accompanied by a running scholarly commentary on the text and by a newly written editorial introduction and postscript jointly written by three leading commentators on Howard s life and work To Morrow will immediately become a compulsory purchase for every serious student and practitioner of planning and for teachers and students of modern social economic and political history *Dictionary of American Biography* JO, 1974 **The Rise of Gridiron University** Brian M.

Ingrassia, 2015-12-04 The quarterback sends his wide receiver deep The crowd gasps as he launches the ball And when he hits his man the team s fans roar with approval especially those with the deep pockets Make no mistake college football is big business played with one eye on the score the other on the bottom line But was this always the case Brian M Ingrassia here offers the most incisive account to date of the origins of college football tracing the sport s evolution from a gentlemen s pastime to a multi million dollar enterprise that made athletics a permanent fixture on our nation s campuses and cemented college football s place in American culture He takes readers back to the late 1800s to tell how schools embraced the sport as a way to get the public interested in higher learning and then how football s immediate popularity overwhelmed campuses and helped create the beast we know today Contrary to conventional wisdom Ingrassia proves that the academy did not initially resist the inclusion of athletics rather progressive reformers and professors embraced football as a way to make the ivory tower less elitist With its emphasis on disciplined teamwork and spectatorship football was seen as a middlebrow way to make the university more accessible to the general public What it really did was make athletics a permanent fixture on campus with its own set of professional experts bureaucracies and ostentatious cathedrals Ingrassia examines the early

football programs at universities like Michigan Stanford Ohio State and others then puts those histories in the context of Progressive Era culture including insights from coaches like Georgia Tech s John Heisman and Notre Dame s Knute Rockne He describes how reforms emerged out of incidents such as Teddy Roosevelt s son being injured on the field and a section of grandstands collapsing at the University of Chicago He also touches on some of the problems facing current day college football and shows us that we haven t come far from those initial arguments more than a century ago The Rise of Gridiron University shows us where and how it all began highlighting college football s essential role in shaping the modern university and by extension American intellectual culture It should have wide appeal among students of American studies and sports history as well as fans of college football curious to learn how their game became a cultural force in a matter of a few decades

Albert Shaw Of The Review Of Reviews An Intellectual Biography Introduction

In today's digital age, the availability of Albert Shaw Of The Review Of Reviews An Intellectual Biography books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Albert Shaw Of The Review Of Reviews An Intellectual Biography books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Albert Shaw Of The Review Of Reviews An Intellectual Biography books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Albert Shaw Of The Review Of Reviews An Intellectual Biography versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Albert Shaw Of The Review Of Reviews An Intellectual Biography books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Albert Shaw Of The Review Of Reviews An Intellectual Biography books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Albert Shaw Of The Review Of Reviews An Intellectual Biography books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free

access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Albert Shaw Of The Review Of Reviews An Intellectual Biography books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Albert Shaw Of The Review Of Reviews An Intellectual Biography books and manuals for download and embark on your journey of knowledge?
