Alberta's Local Governments Politics And Democracy:

Alberta's Local Governments: Politics and Democracy Jack Masson, Edward C. LeSage, 1994 During the last decade Alberta municipalities have endured hardships they have not faced since the Great Depression Changes in the province's political structures appear to have been made primarily to transfer a greater share of the costs of local government to the municipalities yet surprisingly few municipal politicians have resisted the province's financial policies Teaching the World Merrill Distad, University of Alberta. Office of the Vice-President (Research and External Affairs), 1996-04 This book catalogues an exhibition of textbooks by authors from the University of Alberta Each finished textbook contains its own story of challenges and victories And each has its own power as a record of knowledge a teaching tool and an object of permanence and beauty Government and Politics in Alberta Allan Tupper, Roger Gibbins, 1992 Alberta's politics are changing in response to powerful economic social and political forces The contributors focus on developments since the election of the Progressive Conservatives in 1971 Governing Ourselves? Mary Louise McAllister, 2011-11-01 Popular rhetoric suggests that the twenty first century has ushered in an era of homogeneity Urbanization globalization amalgamation media conglomeration and technological convergence have become familiar terms Given the pressures of integration and assimilation how are people within communities able to make decisions about their own environment whether individually or collectively To what extent can they govern themselves Governing Ourselves explores issues of influence and power within local institutions and decision making processes using numerous illustrations from municipalities across Canada It shows how communities large and small from Toronto to Iqaluit have distinctive political cultures and therefore respond differently to changing global and domestic environments Case studies of Prince George Sherbrooke Saint John and Kitchener Waterloo are used to illuminate historical and contemporary challenges to local governance This stimulating book covers traditional topics such as government structures and institutions and intergovernmental relations It also reaches more broadly into areas of inquiry relevant to geography urban planning environmental studies public administration sociology and Canadian studies City Politics, Canada James Lightbody, 2006-01-01 City Politics Canada will both irritate and please but it should be read it raises all the important questions about urban governance in Canada Caroline Andrew Centre on Governance University of Ottawa **Municipal Boundary Battles** Sandeep Agrawal, 2024-07-18 Municipal Boundary Battles explores the motivations land use effects and financial implications of municipal boundary adjustments across Canada focusing mainly on annexations and amalgamations the most frequent means to adjust boundaries and reform local governments in this country The authors uncover hidden motivations untangle behind the scenes political machinations and document the ensuing boundary battles with a focus on mid size cities and small towns rather than major Canadian metropolitan areas Through empirical evidence case studies and examples among several provinces the collection helps develop generalizations and inform best practices for municipal boundary adjustments and

reform The volume aims to study this phenomenon to explain how the esoteric aspects of boundary adjustments work in more practical applications offering political scientists geographers municipal officials and planning practitioners fresh perspectives that contradict much of the prevailing understanding of boundary adjustments Contributors Sandeep Agrawal Cody Gretzinger John Heseltine John Meligrana Jordan Rea Amrita Singh Jon Taylor Zack Taylor Afterword by Andrew Sancton Leaders in the Shadows David Siegel,2015-01-01 In most municipalities across Canada the top public servant is the chief administrative officer CAO or city manager Compared to elected politicians such as the mayor and the council the work of a CAO is often overlooked and not well understood InLeaders in the Shadows David Siegel brings the CAO into the limelight examining the leadership qualities of effective municipal managers Using the examples of five exceptional CAOs who have worked in municipalities of varying sizes across Canada Siegel identifies the leadership traits skills and behaviours which have made them successful Interweaving the stories of his subjects with insights drawn from leadership theory Siegel offers an engrossing account of how CAOs must lead up down and out in order to succeed Offering well rounded accounts of the challenges and opportunities faced by public servants at the municipal level Leaders in the Shadows is a valuable resource for academics and practitioners alike Canadian Parties in Transition, Third Edition Alain G. Gagnon,Brian Tanguay,2007-05-01 Alain G Gagnon and A Brian Tanguay continue the work of earlier editions of Canadian Parties in Transition by presenting a multi faceted image of party dynamics electoral behaviour political marketing and representative democracy with chapters written by an outstanding team of political scientists Innovative features of the third edition include an examination of party alignments and the mobilization of interests a discussion of democratic participation and a critical exploration of direct democracy through referendums and other mechanisms The comparative literature on party politics is brought in systematically to provide a better account of Canadian party politics The greater part of this volume consists of entirely new chapters others have been completely revised and updated An appendix that provides Canadian federal election results from 1925 to 2006 rounds out the book The Publishers' Trade List Annual ,1995 **Edmonton In Our Own Words** Linda Goyette,Carolina Jakeway Roemmich,2005-04-18 Linda Goyette and Carolina Roemmich have tapped Edmonton s collective memoir through the written record the spoken stories and the vast silences All of the people who ever lived at this bend in the North Saskatchewan took part in creating the city we know as Edmonton Through traditional Indigenous stories about the earliest travellers along the bend in the river diaries archival records and letters of 19th century inhabitants and the recollections of living residents who talk about the emerging city Edmonton s history is told using the words and stories of the people who have called this city home Citizens with diverse viewpoints speak for themselves describing important events in Edmonton s social political and economic development Foreword by Keith Turnbull The official publication of the City of Edmonton s Centennial Edmonton In Our Own Words includes many never seen before photographs from private collections historic maps and a timeline of Edmonton s history Imagine a conversation between Edmonton s past

Young,2009-07-03 Municipalities are responsible for many essential services and have become vital agents for implementing provincial policies including those dealing with the environment emergency planning economic development and land use In Foundations of Governance experts from each of Canada s provinces come together to assess the extent to which municipal governments have the capacity to act autonomously purposefully and collaboratively in the intergovernmental arena Each chapter follows a common template in order to facilitate comparison and covers essential features such as institutional structures municipal functions demography and municipal finances Canada s municipalities function in diverse ways but have similar problems and in this way are illustrative of the importance of local democracy Foundations of Governance shows that municipal governments require the legitimacy granted by a vibrant democracy in order to successfully negotiate and implement important collective choices about the futures of communities Canadian Books in Print.
