Packinghouse Daughter Cheri Register, 2000 The violence that erupted when the company replaced its union workers with strikebreakers tested family loyalty and community stability and attracted national attention when the governor of Minnesota called in the National Guard declared martial law and closed the plant Register skillfully interweaves her own memories historical research and first person interviews of participants on both sides of the strike into a narrative that is thoughtful and impassioned about the value of blue collar work and the dignity of those who do it Packinghouse Daughter also testifies to the hold that childhood experience has on personal values and notions of social class despite the upward mobility that is the great promise of American democracy Achievement Motivated Leadership Thomas D. Darby, 2014-11-12 This intriguing novel uses an unusual method to present the lifestyle and political achievements of former President Paul Harvey Collins The ex president narrates the account of his career to presidential biographer Dylan Johnson During their high school years Paul and a friend take part in a civics class trip to the state legislature but are dissatisfied with what they witness They decide to enter politics to improve government efficiency During their careers they reduce the
