**Urszula Szulakowska**

## **Alchemy In The Fourteenth Century:**

*The Rise of Alchemy in Fourteenth-Century England*, 2012-01-19      **The Rise of Alchemy in Fourteenth-century England** Jonathan Hughes, 2012 Alchemists did more than try to transmute base metals into gold they studied planetary influences on metals and people refined plants and minerals in the search for medicines and advocated the regeneration of matter and spirit This book illustrates how this new branch of thought became increasingly popular as the practical and theoretical knowledge of alchemists spread throughout England Adopted by those in court and the circles of nobility for their own physical and spiritual needs it was adapted for the diagnosis and therapeutic treatment of the illnesses of the body politic and its head      *Darke Hieroglyphicks* Stanton J. Linden, The literary influence of alchemy and hermeticism in the work of most medieval and early modern authors has been overlooked Stanton Linden now provides the first comprehensive examination of this influence on English literature from the late Middle Ages through the sixteenth and seventeenth centuries Drawing extensively on alchemical allusions as well as on the practical and theoretical background of the art and its pictorial tradition Linden demonstrates the pervasiveness of interest in alchemy during this three hundred year period Most writers including Langland Gower Barclay Eramu      **Alchemy and Chemistry in the 16th and 17th Centuries** P. Rattansi, Antonio Clericuzio, 2013-03-07 The present volume owes its origin to a Colloquium on Alchemy and Chemistry in the Sixteenth and Seventeenth Centuries held at the Warburg Institute on 26th and 27th July 1989 The Colloquium focused on a number of selected themes during a closely defined chronological interval on the relation of alchemy and chemistry to medicine philosophy religion and to the corpuscular philosophy in the sixteenth and seventeenth centuries The relations between Medicina and alchemy in the Lullian treatises were examined in the opening paper by Michela Pereira based on researches on unpublished manuscript sources in the period between the 14th and 17th centuries It is several decades since the researches of R F Multhauf gave a prominent role to Johannes de Rupescissa in linking medicine and alchemy through the concept of a quinta essentia Michela Pereira explores the significance of the Lullian tradition in this development and draws attention to the fact that the early Paracelsians had themselves recognized a family resemblance between the works of Paracelsus and Roger Bacon's scientia experimentalis and indeed a continuity with the Lullian tradition      *Alchemy and Authority in the Holy Roman Empire* Tara Nummedal, 2008-09-15 What distinguished the true alchemist from the fraud This question animated the lives and labors of the common men and occasionally women who made a living as alchemists in the sixteenth and seventeenth century Holy Roman Empire As purveyors of practical techniques inventions and cures these entrepreneurs were prized by princely patrons who relied upon alchemists to bolster their political fortunes At the same time satirists artists and other commentators used the figure of the alchemist as a symbol for Europe's social and economic ills Drawing on criminal trial records contracts laboratory inventories satires and vernacular alchemical treatises *Alchemy and Authority in the Holy Roman Empire* situates the everyday alchemists largely invisible to modern scholars until now at the

center of the development of early modern science and commerce Reconstructing the workaday world of entrepreneurial alchemists Tara Nummedal shows how allegations of fraud shaped their practices and prospects These debates not only reveal enormously diverse understandings of what the real alchemy was and who could practice it they also connect a set of little known practitioners to the largest questions about commerce trust and intellectual authority in early modern Europe

Literatures of Alchemy in Medieval and Early Modern England Eoin Bentsick, 2022 Explores the myriad ways in which alchemy was conceptualised by adepts and sceptics alike from those with recourse to a fully functioning laboratory to those who did not know their pelican from their athanor The language of alchemy the art of transmuting metals and manufacturing pharmaceutical medicine is defined by obscure imagery authorial play and dense knottiness tempting curious readers to unpick its impenetrable promises From the fourteenth to the seventeenth century alchemical literature was read interpreted and reimagined both by those with recourse to a fully functioning laboratory and those who did not know their pelican from their athanor Recent studies by historians of science have succeeded in decoding the difficult language of these texts revealing the replicable chemical procedures behind their metaphors However as a literary investigation of alchemy this book explores more fluid understandings of the art in the period Through an analysis of medieval and early modern texts and manuscript cultures the volume explores the myriad ways in which alchemy was conceptualised in this period by adept and sceptic alike From Geoffrey Chaucer's mockery of the impotence of alchemical pryttee in *The Canterbury Tales* and John Gower's macrocosmic hope for societal amelioration in the *Confessio Amantis* to Elias Ashmole's angelic alchemy in the *Theatrum chemicum britannicum* it explores the natural philosophy that underpinned such diverse representations of this sliding science proffering a theory of alchemical hermeneutics as a conspiratorial way of reading that sees alchemy in all

**Alchemy and Exemplary Poetry in Middle English Literature** Curtis Runstedler, 2023-03-27 This book explores the different functions and metaphorical concepts of alchemy in fourteenth and fifteenth century Middle English poetry and bridges them together with the exempla tradition in late medieval English literature Such poetic narratives function as exemplary models which directly address the ambiguity of medieval English alchemical practice This book examines the foundation of this relationship between alchemical narrative and exemplum in the poetry of Gower and Chaucer in the fourteenth century before exploring its diffusion in lesser known anonymous poems and recipes in the fifteenth century namely alchemical dialogues between Morienus and Merlin Albertus Magnus and the Queen of Elves and an alchemical version of John Lydgate's poem *The Churl and the Bird* It investigates how this exemplarity can be read as inherent to understanding poetic narratives containing alchemy as well as enabling the reader to reassess the understanding and expectations of science and narrative within medieval English poetry

**The Jewish Alchemists** Raphael Patai, 2014-07-14 In this monumental work Raphael Patai opens up an entirely new field of cultural history by tracing Jewish alchemy from antiquity to the nineteenth century Until now there has been little attention given to the significant role that Jews played in

the field of alchemy Here drawing on an enormous range of previously unexplored sources Patai reveals that Jews were major players in what was for centuries one of humanity s most compelling intellectual obsessions Originally published in 1994 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

### **Giovanni Aurelio Augurello (1441-1524) and Renaissance Alchemy**

Matteo Soranzo,2019-12-09 In Giovanni Aurelio Augurello 1441 1524 and Renaissance Alchemy Matteo Soranzo offers the first in depth study of the life and works of Augurello Italian alchemist poet and art connoisseur from the time of Giorgione Analysed annotated and translated into English for the first time Augurello s poetry reveals a unique blend of late medieval alchemical doctrines Northern Italian antiquarianism and Marsilio Ficino s Platonism enriching conventional narratives of Renaissance humanism

*Alchemy Revisited* Z.R.W.M. von Martels,2023-12-14 Alchemy revisited is an important collection of papers presented at an international congress held at the University of Groningen in April 1989 Among the scholars whose work is presented here are Prof N Sivin Chinese alchemy Prof B Vickers res and verba in Greek alchemy Profs K Figala and U Neumann with new material on Michael Maier Prof A G Debus on iatrochemistry and the chemical revolution and Prof M Crosland on alchemy in the Age of Enlightenment They and the other contributors give an unusually comprehensive survey of Indian Greek Arabic and European alchemy which will serve as an authoritative scholarly introduction to the subject for historians of science and related literature Prof J D North contributes a short lecture on Chaucer s Canon s Yeoman s Tale

*Encyclopedia of Medieval Philosophy* Henrik Lagerlund,2010-12-07 This is the first reference ever devoted to medieval philosophy It covers all areas of the field from 500 1500 including philosophers philosophies key terms and concepts It also provides analyses of particular theories plus cultural and social contexts

### **Encyclopedia of Early Modern Philosophy and the Sciences**

Dana Jalobeanu,Charles T. Wolfe,2022-08-27 This Encyclopedia offers a fresh integrated and creative perspective on the formation and foundations of philosophy and science in European modernity Combining careful contextual reconstruction with arguments from traditional philosophy the book examines methodological dimensions breaks down traditional oppositions such as rationalism vs empiricism calls attention to gender issues to insiders and outsiders minor figures in philosophy and underground movements among many other topics In addition and in line with important recent transformations in the fields of history of science and early modern philosophy the volume recognizes the specificity and significance of early modern science and discusses important developments including issues of historiography such as historical epistemology the interplay between the material culture and modes of knowledge expert knowledge and craft knowledge This book stands at the crossroads of different disciplines and combines their approaches particularly the history

of science the history of philosophy contemporary philosophy of science and intellectual and cultural history It brings together over 100 philosophers historians of science historians of mathematics and medicine offering a comprehensive view of early modern philosophy and the sciences It combines and discusses recent results from two very active fields early modern philosophy and the history of early modern science Editorial Board EDITORS IN CHIEF Dana Jalobeanu University of Bucharest Romania Charles T Wolfe Ghent University Belgium ASSOCIATE EDITORS Delphine Bellis University Nijmegen The Netherlands Zvi Biener University of Cincinnati OH USA Angus Gowland University College London UK Ruth Hagengruber University of Paderborn Germany Hiro Hirai Radboud University Nijmegen The Netherlands Martin Lenz University of Groningen The Netherlands Gideon Manning CalTech Pasadena CA USA Silvia Manzo University of La Plata Argentina Enrico Pasini University of Turin Italy Cesare Pastorino TU Berlin Germany Lucian Petrescu Universit Libre de Bruxelles Belgium Justin E H Smith University de Paris Diderot France Marius Stan Boston College Chestnut Hill MA USA Koen Vermeir CNRS SPHERE Universit de Paris France Kirsten Walsh University of Calgary Alberta Canada

**Sources and Analogues of the Canterbury Tales** Robert M. Correale, 2002 The publication of this volume completes the new edition of the sources and major analogues of all the Canterbury Tales prepared by members of the New Chaucer Society This collection the first to appear in over half a century features such additions as a fresh interpretation of Chaucer's sources for the frame of the work chapters on the sources of the General Prologue and Retractions and modern English translations of all foreign language texts with glosses for the Middle English Chapters on the individual tales contain an updated survey of the present state of scholarship on their source materials Several sources and analogues discovered during the past fifty years are found here together for the first time and some other familiar sources are re-edited from manuscripts closer to Chaucer's copies Besides the General Prologue and the Retractions this volume includes chapters on the Miller Summoner Merchant Physician Shipman Prioress Sir Thopas Canon's Yeoman Manciple the Knight and the prologues and tales of the Man of Law and Wife of Bath Contributors PETER BEIDLER KENNETH A BLEETH LAUREL BROUGHTON JOANNE CHARBONNEAU WILLIAM E COLEMAN CAROLYN P COLLETTE VINCENT DI MARCO PETER FIELD TRAUGOTT LAWLER ANITA OBERMEIER ROBERT RAYMO CHRISTINE RICHARDSON HEY JOHN SCATTERGOOD NIGEL S THOMPSON EDWARD WHEATLEY JOHN WITHRINGTON

English Renaissance Manuscript Culture Steven W. May, 2023 English Renaissance Manuscript Culture The Paper Revolution shows how the advent of paper as a cheap and lasting medium of writing helped to create a new type of scribal culture one distinct from its Medieval counterpart in Renaissance England

Chaucer the Alchemist Alexander N. Gabrovsky, 2016-04-08 The secrets of nature's alchemy captivated both the scientific and literary imagination of the Middle Ages This book explores Chaucer's fascination with earth's mutability Gabrovsky reveals that his poetry represents a major contribution to a medieval worldview centered on the philosophy of physics astronomy alchemy and logic

**The Alchemy of Light** Urszula Szulakowska, 2021-10-01 This study concerns the late

Renaissance metaphysics of light in its adoption to a Paracelsian alchemical context by John Dee Heinrich Khunrath Michael Maier and Robert Fludd Their alchemical theosophy is contextualised within Protestant reformism of the 1590s to 1620s specifically that of Valentin Weigel and Johannes Arndt This results in a re assessment of the Rosicrucian movement which challenges the existing historiography and problematises the character of the movement The volume includes fifty illustrations from alchemical treatises of the period the emphasis being placed on Khunrath s *Amphiteatrum Sapientiae Aeternae* 1595 1609 In an innovative manner the study investigates these images using analytical tools drawn from semiotics structuralism and post structuralism This method yields an unusual interpretation of the geometry optical diagrams and spatial structures employed in such alchemical engravings **Witchcraft, Magic & Alchemy** Grillot de Givry, 1971-01-01 Prints drawings documents and text illuminate the development of the occult sciences to the nineteenth century *Science, Alchemy and the Great Plague of London* William Scott Shelley, 2017-11-10 [The Jewish Encyclopedia](#) Isidore Singer, Cyrus Adler, 1901 V I Aach Apocalyptic lit V 2 Apocrypha Benash V 3 Bencemero Chazanuth V 4 Chazars Dreyfus V 5 Dreyfus Brisac Goat V 6 God Istria V 7 Italy Leon V 8 Leon Moravia V 9 Morawczyk Philipppson V 10 Philipppson Samoscz V 11 Samson Talmid V 12 Talmud Zweifel [A History of Chemistry from Earliest Times to the Present Day](#) Ernst von Meyer, 1898 No detailed description available for A History of Chemistry From Earliest Times to the Present Day
