Alcoholism Its Causes And Cure:

"Joe Brown," Doctor, on Alcoholism, Its Cause and Cure Willis Barnes, 1891 **Alcoholism** Peter E. Nathan, G. Alan Marlatt, 2012-12-06 This book contains the fifteen invited papers delivered at the NATO International Conference on Experimental and Behavioral Approaches to Alcoholism held August 28 through September 1 1977 at the Solstrand Fjord Hotel Os Norway The editors of the book were Co Directors of that conference As well 65 other scientists from 12 countries in the free world presented scientific papers on experimental and behavioral topics of relevance to alcoholism at the meeting A most receptive audience of almost 200 persons also participated actively in the discussions which followed every invited and contributed paper The beauty of Norway the hospitality of the proprietors of the Solstrand Fjord Hotel the aura of Grieg and Trolldhaugen the enthusiasm of the speakers and participants all combined to make the conference most memorable for those who attended it Many persons and institutions deserve special thanks for their part in the success of the conference

Among these persons are Dr **Treatment and Rehabilitation of the Chronic Alcoholic** Benjamin Kissin, 2012-12-06 The present volume contains a large variety of treatment approaches to the long term rehabilitation of the alcoholic ranging from the biological to the physiological to the psychological to the social The multiplicity of proposed therapies each of which has its strong proponents suggests that alcoholism is either a complex medical social disease syndrome requiring a multipronged treatment approach or a very simple illness for which we have not yet discovered the remedy The latter may indeed be true but we cannot use what we do not know and must use what we do know We do however have the obligation to be responsible in our treatment to provide the best that is known at this time and to be discriminating in our prescription of appropriate treatment for individual patients If there is one conclusion we would like to offer in our preface it is that alcoholics constitute a markedly heterogeneous population with widely disparate needs for whom at least at our present level of knowledge a broad spectrum of treatment modalities is necessary If this is true then probably most of this book has validity With this volume on the treatment and rehabilitation of the chronic alcoholic we bring to completion our five volume series The Biology of Alcoholism As the title of the present volume indicates we have departed from our original intention to deal solely with biological aspects of the syndrome and have attempted rather to produce a more comprehensive work

Alcoholism Treatment Rebirth Kenneth Anderson, 2025-03-30 This book covers the alcoholism treatment facilities established between the Repeal of Prohibition in 1933 and 1956 when it is erroneously believed that the American Medical Association declared alcoholism to be a disease This book blows out of the water the myths that AA invented the disease theory that Hazelden invented treatment that everyone flocked to Hazelden to learn how to do treatment and that AA convinced the American Medical Association to declare alcoholism to be a disease This book shows how the scholars at Yale University created a coast to coast science based alcoholism treatment industry in the 1940s and 1950s This book further demonstrates how Hazelden and its close ally the Johnson Institute hijacked this science based alcoholism treatment industry

in the 1960s and 1970s and replaced it with one based on mysticism and faith healing These are the events which have led to the current divorce of addiction treatment from addiction science This book also chronicles the rebirth of pre Prohibition secret aversion treatments in the hands of new entrepreneurs such as HALCO Laboratories and the Samaritan Institutions and shows how Shadel Sanitarium turned these nostrums into legitimate scientific medicine This book also covers the Salvation Army Volunteers of America and other faith based programs Finally this book shows how AA groups set up AA indoctrination programs in general hospitals throughout the country starting in the 1930s Kenneth Anderson is an extremely important voice on addiction penetrating original and deeply wise Johann Hari author of Chasing the Scream
