100 Most Popular Spanish-language Films Wikipedia contributors, *Love in Africa* Jennifer Cole,Lynn M. Thomas,2009-08-01 In recent years scholarly interest in love has flourished Historians have addressed the rise of romantic love and marriage in Europe and the United States while anthropologists have explored the ways globalization has reshaped local ideas about those same topics Yet love in Africa has been peculiarly ignored resulting in a serious lack of understanding about this vital element of social life a glaring omission given the intense focus on sexuality in Africa in the wake of HIV AIDS Love in Africa seeks both to understand this failure to consider love and to begin to correct it In a substantive introduction and eight essays that examine a variety of countries and range in time from the 1930s to the present the contributors collectively argue for the importance of paying attention to the many different cultural and historical strands that constitute love in Africa Covering such diverse topics as the reception of Bollywood movies in 1950s Zanzibar the effects of a Mexican telenovela on young people s ideas about courtship in Niger the models of romance promoted by South African and Kenyan magazines and the complex relationship between love and money in Madagascar and South Africa Love in Africa is a vivid

and compelling look at love's role in African society

Focus On: 100 Most Popular 1990s Action Films Wikipedia contributors, **Alejandro and the Fishermen of Tancay** Braulio Muñoz, 2008 Don Morales tells

stories He tells lots of stories About Chimbote the Peruvian town where he lives About fishing the lifeblood of the town And about change which is not always the same as progress Stories about the first people to inhabit the region and stories about the people who live there now Stories about the early people's love of the land and more recent people's destruction of it Stories about how people used to get along with one another and stories about how things got to be so bad that the government began to murder its own citizens Don Morales is a wise man But he is also a sad man mourning the loss of the

past of better times of brotherhood With his short evocative stories told with simplicity and beauty he pulls his readers closer to him as if he were speaking directly to us For the good fishermen of Tancay life was better yesterday than it is today It was better to live in harmony with the sea When they lived in harmony with the natural world there was harmony in the human world too With a nostalgic feel yet reflecting Peru s current political instability this is a delightful book with an important message When the natural order is disrupted it is not only fish that die When nature dies so might we all Alejandro Lerroux and the Failure of Spanish Republican Democracy Roberto Villa Garcia,2020-11-02 Alejandro Lerroux 18641949 was one of the most polemical figures of early twentieth century Spanish politics As leader of the Radical Republican Party and six time prime minister between 1933 and 1935 his admirers saw him as a patriot determined to create a Republic for all citizens while his critics denounced him as an opportunistic demagogue willing to sacrifice the Republic to its enemies Like his French republican contemporary Georges Clemenceau Lerrouxs long political journey took him from the fiery radical leftism of his youth to centrist consensual politics Thus while Lerroux was the most significant advocate of a revolutionary break with Spains monarchical and authoritarian past before 1931 after the proclamation of the Second Republic he wished to build an inclusive and tolerant democracy This book is the first scholarly biography in any language of this titan of modern Spanish politics Nigel Townsons *The Crisis of Democracy in Spain* 2000 is the only book in English to discuss Lerrouxs career in any detail but his study is restricted to the Second Republic Utilising neglected primary material Villa Garcia argues that Lerroux embodies the transition from the elitist liberal politics of the nineteenth century to the modern mass politics of the twentieth Like the Second Republic itself Lerrouxs political career ended in failure The work is a timely reminder to students of modern Spain that the demise of Republican democracy was not inevitable Nevertheless after the abrupt end to Lerrouxs effort to sustain a broadly based moderate and democratic government Spain would never again achieve stable and constitutional rule until 1977 The political defeat of Lerroux was a major turning point in the countrys history a fateful step in the failure of democracy and the coming of civil war A Critical Collection on Alejandro Morales Marc

Lomeli,2025-04-29 Silver Medalist at the 24th International Latino Book Awards Alejandro Morales is a pioneer of Chicana and Chicano literature and the author of groundbreaking works including *The Brick People* *The Rag Doll Plagues* and *River of Angels* His work often experimental was one of the first to depict harsh urban realities in the barrios a break from much of the Chicana and Chicano fiction that had been published previously Morales relentless work has grown over the decades into a veritable menagerie of cultural testimonies fantastic counterhistories magical realism challenging metanarratives and flesh and blood aesthetic innovation The fourteen essays included in this compendium examine Morales novels and short stories The editors also include a critical introduction an interview between Morales the editors and fellow author Daniel Olivas and a new comprehensive bibliography of Morales writings and works about him books articles book reviews online resources and dissertations A Critical Collection on Alejandro Morales Forging

an Alternative Chicano Fiction is a must read for understanding and appreciating Morales work in particular and Chicana and Chicano literature in general **Pandemic of Lies** Pedro C. López, 2010-10-29 After Manuel Cruz moves from the United States to the South American Republic of Banador he thinks he is going to live in paradise Instead he finds himself hiding out in a hut at the edge of a marsh after leaving behind his wife children and haciendas Somebody wants Manuel dead and he thinks it is a diabolical political genius the president of Banador President Alejandro has an insatiable thirst for power In just two years he has seized control of nearly every major branch of the government and two television stations that pepper the airwaves with self indulgent propaganda all without a coup d'état At one time Manuel was not only President Alejandro's good friend but also his presidential advisor But when Alejandro makes a covert state visit to Cuba to meet with Fidel Castro Manuel takes revenge Soon Alejandro's wife and their children are leaving Banador for Europe she wants a divorce and Alejandro wants nothing more than for Manuel to disappear forever In a last attempt to save his life Manuel helps Alejandro's political opponent defeat his former friend in the upcoming presidential election but as turmoil continues to swirl around him he wonders if he will ever be able to trust anyone again My Cruel Salvation J.
