A Surgeon's Century Richard Samuel Jessop Clarke, 2004 Ulster has produced an impressive number of surgeons who have gained world wide renown None has been more celebrated or more deserving of a biography than Sir Ian Fraser whose life spanned almost the whole of the 20th century Following a brilliant university career Fraser's training occupied most of the inter war years As with most innovative surgeons his career really flourished in war time conditions During the Second World War he was at the forefront of the early field trials of a drug that would benefit the whole of mankind penicillin first in the crucial allied victory in North Africa and then in Italy For the courage and skill he consistently showed during these campaigns he was awarded the Distinguished Service Order In 1945 came his timely appointment to the surgical staff of the Royal Victoria Hospital Belfast in which he was to serve with equal distinction until his retirement in 1966 Richard Clarke's sympathetic insightful and not

uncritical biography could only have been written by someone who was taught by Fraser and who then worked alongside him. The outcome is a fascinating and informed overall view of Sir Ian Fraser the surgeon the teacher the writer and above all the man. **Blood, Sweat, and Cheers** Kaci Beeler, Amy Gentry, 2015-07-14 Seventeen year old June Davis returns to her old cheer gym the notoriously competitive Austin Cheer Depot after an abrupt two year sabbatical. Town, 2014-09-25 Walter Knox lived in two worlds. As an outstanding track and field athlete he won amateur championships and broke world records. However he also explored the seedy world of matched races and its violent gambling culture. He played the dangerous game of the con man hustling local hotshots. Prior to WWI amateur officials determined to eradicate the corrupt betting sports demanded that an athlete be a pure and honest amateur or be banned as a reviled professional. Knox tried to have it both ways. He made his money in the disreputable matched racing world yet still manoeuvred to enter amateur competitions. The story of his life in pursuit of both money and respect is as audacious as it is fascinating. This is the first full length detailed biography of a Canadian professional track and field athlete in the pre WWI era. The pros in that era sought anonymity quietly slipping from town to town looking for high stakes races. Few records of their exploits exist. With thorough background research on why and how this struggle to control gambling in sports evolved David Town has crafted an engaging account of Walter Knox's unbelievable life. Brazen matched race hustler Canadian amateur champion in five different track and field events twice Canada's Olympic coach champion wrestler wealthy gold miner legend on the circuit of Scotland's highland games developer of high school sports in Ontario he did it all. It was a life full of adventure a life well worth remembering. Sporting Justice Miriam Wright, 2023-08-22 Although many know about Jackie Robinson's

southwestern Ontario and Michigan in the 1920s which fostered the emergence of the Chatham Coloured All Stars in the 1930s It follows the All Stars eight years as a team 1933 1940 as they navigated the primarily white world of amateur baseball including their increasing resistance to racism and unfair treatment After the team disbanded Chatham Coloured All Stars players in the community helped to racially integrate local baseball and supported new Black teams in the 1940s and 1950s While exploring the history of Black baseball in one southwestern Ontario community this book also provides insights into larger themes in Canadian Black history and sport history including gender class social justice and memory and remembrance

Seeking a Better Future Lucille H. Campey, 2012-08-11 Most emigration from England was voluntary self financed and pursued by people who while expecting to improve their economic prospects were also critical of the areas in which they first settled The exodus from England that gathered pace during the 19th century accounted for the greatest part of the total emigration from Britain to Canada And yet while copious emigration studies have been undertaken on the Scots and the Irish very little has been written about the English in Canada Drawing on wide ranging data collected from English record offices and Canadian archives Lucille Campey considers why people left England and traces their destinations in Ontario and Quebec A mass of detailed information relating to pioneer settlements and ship

crossings has been distilled to provide new insights on how why and when Ontario and Quebec acquired their English settlers Challenging the widely held assumption that emigration was primarily a flight from poverty Campey reveals how the ambitious and resourceful English were strongly attracted by the greater freedoms and better livelihoods that could be achieved by relocating to Canada s central provinces *Air University Library Index to Military Periodicals* ,1987 **Molly and the Mutants** Erik Jon Slangerup,2023-08-22 Fifth grader Molly has her hands full between homework homelife and her best friend s schemes but when the pets of Far Flung Falls begin to disappear the town looks to Molly to find out who or what is behind the disappearances Hunting for Empire Greg Gillespie,2011-11-01 Hunting for Empire offers a fresh cultural history of sport and imperialism Greg Gillespie integrates critical perspectives from cultural studies literary criticism and cultural geography to analyze the themes of authorship sport science and nature In doing so he produces a unique theoretical lens through which to study nineteenth century British big game hunting and exploration narratives from the western interior of Rupert s Land Sharply written and evocatively illustrated Hunting for Empire will appeal to students and scholars of culture sport geography and history and to general readers interested in stories of hunting empire and the Canadian wilderness
