 portable film projectors It demonstrates that since World War II the vast majority of movie watching did not happen in the
 glow of the large screen but rather took place alongside the glitches distortions and clickety clack of small machines that
 transformed home classroom museum community government industrial and military venues into sites of moving image
 display Reorienting the history of cinema away from the magic of the movie theater Haidee Wasson illustrates the
 remarkable persistence and proliferation of devices that fundamentally rejected the sleek highly professionalized film show

America Victoria Ruétalo, Dolores Tierney, 2009-05-07 Exploring the much neglected area of Latin American exploitation cinema this anthology challenges established continental and national histories and canons which often exclude exploitation cinema due to its perceived low cultural status It argues that Latin American exploitation cinema makes an important aesthetic and social contribution to the larger body of Latin American cinema often competing with Hollywood and more mainstream national cinemas in terms of popularity **The Romanian Cinema of Nationalism** Onoriu Colăcel, 2018-10-25 Prior to the collapse of communism Romanian historical movies were political encouraging nationalistic feelings and devotion to the state Vlad the Impaler and other such iconic figures emerged as heroes rather than loathsome bloodsuckers celebrating a shared sense of belonging The past decade has however presented Romanian films in which ordinary people are the stars heroes go getters swindlers and sore losers The author explores a wide selection old and new of films set in the Romanian past *Charlie Chaplin, Director* Donna Kornhaber, 2014-03-05 Charlie Chaplin was one of the cinema s consummate comic performers yet he has long been criticized as a lackluster film director In this groundbreaking work the first to analyze Chaplin s directorial style Donna Kornhaber radically recasts his status as a filmmaker Spanning Chaplin s career Kornhaber discovers a sophisticated Chaplinesque visual style that draws from early cinema and slapstick and stands markedly apart from later classical stylistic conventions His is a manner of filmmaking that values space over time and simultaneity over sequence crafting narrative and meaning through careful arrangement within the frame rather than cuts between frames Opening up aesthetic possibilities beyond the typical boundaries of the classical Hollywood film Chaplin s filmmaking would profoundly influence directors from Fellini to Truffaut To view Chaplin seriously as a director is to re understand him as an artist and to reconsider the nature and breadth of his legacy **Directing** Michael
