 Pashukanis,2017-09-04 E B Pashukanis was the most significant contemporary to develop a fresh new Marxist perspective in  
 post revolutionary Russia In 1924 he wrote what is probably his most influential work The General Theory of Law and  
 Marxism In the second edition 1926 he stated that this work was not to be seen as a final product but more for self  
 clarification in hopes of adding stimulus and material for further discussion A third edition was printed in 1927 Pashukanis s  
 commodity exchange theory of law spearheaded a perspective that traced the form of law not to class interests but to capital  
 logic itself Until his death he continued to argue for the ideal of the withering away of the state law and the juridic subject  
 He eventually arrived at a position contrary to Stalin s who at that time was attempting to consolidate and strengthen the  
 state apparatus under the name of the dictatorship of the proletariat Inevitably Pashukanis was branded an enemy of the  
 revolution in January 1937 His works were subsequently removed from soviet libraries In 1954 Pashukanis was rehabilitated  
 by the Soviets and restored to an acceptable position in the historical development of marxist law In Europe and North  
 America a number of legal theorists only rediscovered Pashukanis s work in the late 1970s They subjected it to careful  
 critical analysis and realized that he offered an alternative to the traditional Marxist interpretations which saw law simply  
 and purely as tied to class interests of domination By the mid 1980s the instrumental Marxist perspective in vogue in Marxist  
 sociology criminology politics and economics gave way to a significant extent due to Pashukanis s insights to a more  
 structural Marxist accounting of the relationship of law to economics and other social spheres In his new introduction Dragan  
 Milovanovic discusses the life of Pashukanis Marx and the commodity exchange theory of law and the historical lessons of  
 Pashukanis s work This bo      **Italy Company Law and Regulations Handbook - Strategic Information and Basic
