

Basic Symbols Of The American Political Tradition

Ajume H. Wingo

Basic Symbols Of The American Political Tradition:

The Basic Symbols of the American Political Tradition Willmoore Kendall, George W. Carey, 1995 This reprinted classic on political theory challenges core tenets of our political views derived from the Declaration of Independence and the The Basic Symbols of the American Political Tradition George Westcott Carey, 1970 of the American Political Tradition Willmoore Kendall, George W. Carey, 1970-01-01 The Meanings of Michael Oakeshott's Conservatism Corey Abel, 2017-03-06 This collection of recent scholarship on the thought of Michael Oakeshott includes essays by both distinguished and established authors as well as a fresh crop of younger talent Together they address the meanings of Oakeshott's conservatism through the lenses of his ideas on religion history and tradition and explore his relationships to philosophers ranging from Hume to Ryle Cavell and others The collection assigns no single or final meaning to Oakeshott's conservatism but finds in him a number of possibilities for thinking fruitfully about what conservatism might mean when it is no longer considered as a doctrine but as a habit or a turn of mind Conservative Thought and American Constitutionalism Since the New Deal Johnathan O'Neill, 2022-11-29 In this work of intellectual history the author identifies four transformations in federal government that followed the New Deal the rise of the administrative state the erosion of federalism the ascendance of the modern presidency and the development of modern judicial review He then considers how schools of conservative thought traditionalists neoconservatives libertarians Straussians responded to each **Leo Strauss and His Legacy** John Albert Murley, 2005-01-01 With over 10 000 entries identifying work transformation of hundreds of Strauss's students and their students students this bibliography is the most indeed the only comprehensive guide to published writing in the tradition of Leo Strauss Murley includes Strauss s own complete bibliography and that of one of his most revered students George Anastaplo *New Directions in the Ethics and Politics of Speech* J.P. Messina, 2022-07-25 This book features new perspectives on the ethics and politics of free speech Contributors draw on insights from philosophy psychology political theory journalism literature and history to respond to pressing problems involving free speech in liberal societies Recent years have seen an explosion of academic interest in these topics However most recent work has focused on constitutional protections for free speech and on issues related to academic freedom and campus politics. The chapters in this volume set their sights more broadly on the non state problems that we collectively face in attempting to realize a healthy environment for free discourse The volume s contributors share the assumption that threats to free speech do not come exclusively from state sources or bad actors but from ordinary strategic situations in which all may be acting in good faith Contributors take seriously the idea that our current cultural moment provides plenty of reason to be concerned about our intellectual climate and offer new insights for how to make things better New Directions in the Ethics and Politics of Speech will be of interest to researchers and students working in ethics political philosophy social theory and law The Open Access version of this book available at www taylorfrancis com has been made available under a

Creative Commons Attribution Non Commercial No Derivatives 4 0 license **Defending the Republic Bruce** Frohnen, Kenneth L. Grasso, 2022-10-07 In recent years our constitutional order has increasingly come under attack as irredeemably undemocratic racist and oppressive At the same time it is increasingly obvious that politic practices in the United States have strayed very far from the founders designs and become deeply dysfunctional The time is thus ripe for renewed reflection about the American political tradition This volume reintroduces readers to the conservative tradition of political and constitutional discourse It brings together prominent political scientists and legal scholars all of whom were deeply influenced by the life and work of the eminent constitutional scholar George W Carey For over 40 years Carey strove mightily to explain the nature and requirements of our political tradition How it fostered meaningful virtuous self government and how our constitutional tradition has been derailed by progressivist ideology. He is perhaps best known for his concept of constitutional morality the understanding that our republican constitutional order can be sustained only by a combination of formal mechanisms e g separation of powers and unwritten norms standards of behavior that act to foster deliberation and consensus as well as keep political actors within the boundaries of their constitutional offices Contributors including Francis Canavan Claes G Ryn Paul Edward Gottfried and Peter Augustine Lawler discuss and develop Carey's key insights applying them to issues from the nature of majoritarian government to the purposes of constitutionalism to the decline of virtue that has accompanied the expansion of power among national and international elites Each essay provides penetrating analysis of key aspects of our tradition its inherent purposes growth and subsequent derailment as well as the resources remaining within that tradition for the rebuilding of our constitutional order and a decent common life

Lincoln's American Dream Kenneth L. Deutsch, 2012 Despite the voluminous literature on the central figure in American history no other book in the field of political science compares to Lincoln's American Dream It addresses comprehensively the overarching themes of Lincoln's political thought and leadership through provocative and divergent interpretations from leading scholars Each chapter is devoted to one of these major themes about Lincoln The Declaration and equality Political ambition Race and slavery His democratic political leadership Executive power Religion and politics. The Union and the role of the state The book's thirty three contributors include such respected Lincoln scholars and political commentators as Harry V Jaffa Stephen B Oates Mark E Neely Richard C Current Herman Belz and Frank J Williams With an introduction by Kenneth L Deutsch and Joseph R Fornieri Lincoln's American Dream will be of enduring interest to scholars students teachers and Lincoln aficionados alike and will attract interest in the fields of American history leadership religion and culture American studies and African American studies Veil Politics in Liberal Democratic States Ajume H.

Wingo, 2003-08-18 In this exciting and challenging account of the development and sustainability of the liberal democratic state Ajume H Wingo offers a completely new perspective from that provided by political theorists Such theorists will typically argue for the basic values of liberal democracies by rationally justifying them This book argues that it is non rational

factors rhetoric symbols traditions that more often than not provide the real source of motivation Drawing from both historical and philosophical sources Ajume H Wingo demonstrates that these veils as he calls them can play an essential role in a thriving stable liberal democratic state This theory of veil politics furnishes a conceptual framework within which we can reassess the role of aesthetics in politics the nature and function of political myths in liberal democracies and the value of John Witherspoon and the Founding of the American Republic Jeffry H. Morrison, 2003-01-27 Jeffry H. Morrison offers readers the first comprehensive look at the political thought and career of John Witherspoon a Scottish Presbyterian minister and one of America's most influential and overlooked founding fathers Witherspoon was an active member of the Continental Congress and was the only clergyman both to sign the Declaration of Independence and to ratify the federal Constitution During his tenure as president of the College of New Jersey at Princeton Witherspoon became a mentor to James Madison and influenced many leaders and thinkers of the founding period He was uniquely positioned at the crossroads of politics religion and education during the crucial first decades of the new republic Morrison locates Witherspoon in the context of early American political thought and charts the various influences on his thinking This impressive work of scholarship offers a broad treatment of Witherspoon's constitutionalism including his contributions to the mediating institutions of religion and education and to political institutions from the colonial through the early federal periods This book will be appreciated by anyone with an interest in American political history and thought and in the relation of religion to American politics **Lincoln in American Memory** Merrill D. Peterson, 1995-06-01 Lincoln's death like his life was an event of epic proportions When the president was struck down at his moment of triumph writes Merrill Peterson sorrow indescribable sorrow swept the nation After lying in state in Washington Lincoln's body was carried by a special funeral train to Springfield Illinois stopping in major cities along the way perhaps a million people viewed the remains as memorial orations rang out and the world chorused its sincere condolences It was the apotheosis of the martyred President the beginning of the transformation of a man into a mythic hero In Lincoln in American Memory historian Merrill Peterson provides a fascinating history of Lincoln's place in the American imagination from the hour of his death to the present In tracing the changing image of Lincoln through time this wide ranging account offers insight into the evolution and struggles of American politics and society and into the character of Lincoln himself Westerners Easterners even Southerners were caught up in the idealization of the late President reshaping his memory and laying claim to his mantle as his widow son memorial builders and memorabilia collectors fought over his visible legacy Peterson also looks at the complex responses of blacks to the memory of Lincoln as they moved from exultation at the end of slavery to the harsh reality of free life amid deep poverty and segregation at more than one memorial event for the great emancipator the author notes blacks were excluded He makes an engaging examination of the flood of reminiscences and biographies from Lincoln's old law partner William H Herndon to Carl Sandburg and beyond Serious historians were late in coming to the topic for decades the myth makers

sought to shape the image of the hero President to suit their own agendas He was made a voice of prohibition a saloon keeper an infidel a devout Christian the first Bull Moose Progressive a military blunderer and after the First World War a military genius a white supremacist according to D W Griffith and other Southern admirers and a touchstone for the civil rights movement Through it all Peterson traces five principal images of Lincoln the savior of the Union the great emancipator man of the people first American and self made man In identifying these archetypes he tells us much not only of Lincoln but of our own identity as a people Wrapped in the Flag Claire Conner, 2013-07-02 A narrative history of the John Birch Society by a daughter of one of the infamous ultraconservative organization s founding fathers Named a best nonfiction book of 2013 by Kirkus Reviews and the Tampa Bay Times Long before the rise of the Tea Party movement and the prominence of today's religious Right the John Birch Society first established in 1958 championed many of the same radical causes touted by ultraconservatives today including campaigns against abortion rights gay rights gun control labor unions environmental protections immigrant rights social and welfare programs the United Nations and even water fluoridation Worshipping its anti Communist hero Joe McCarthy the Birch Society is perhaps most notorious for its red baiting and for accusing top politicians including President Dwight Eisenhower of being Communist sympathizers It also labeled John F Kennedy a traitor and actively worked to unseat him The Birch Society boasted a number of notable members including Fred Koch father of Charles and David Koch who are using their father s billions to bankroll fundamentalist and right wing movements today The daughter of one of the society s first members and a national spokesman about the society Claire Conner grew up surrounded by dedicated Birchers and was expected to abide by and espouse Birch ideals When her parents forced her to join the society at age thirteen she became its youngest member of the society From an even younger age though Conner was pressed into service for the cause her father and mother gave their lives to the nurturing and growth of the JBS She was expected to bring home her textbooks for close examination her mother found traces of Communist influence even in the Catholic school curriculum to write letters against socialized medicine after school to attend her father s fiery speeches against the United Nations or babysit her siblings while her parents held meetings in the living room to recruit members to fight the war on Christmas or potentially poisonous water fluoridation Conner was on deck to lend a hand when JBS notables visited including founder Robert Welch notorious Holocaust denier Revilo Oliver and white supremacist Thomas Stockheimer Even when she was old enough to guit in disgust over the actions of those men Conner found herself sucked into campaigns against abortion rights and for ultraconservative presidential candidates like John Schmitz It took momentous changes in her own life for Conner to finally free herself of the legacy of the John Birch Society in which she was raised In Wrapped in the Flag Claire Conner offers an intimate account of the society based on IBS records and documents on her parents files and personal writing on historical archives and contemporary accounts and on firsthand knowledge giving us an inside look at one of the most radical right wing movements in US history and its lasting effects on our political discourse today Freedom and

Virtue George W. Carey, 2023-05-16 The long running debates between between conservatives and libertarians are vigorous and highly charged dealing with ideas about the very nature of liberty and morality Like no other single work Freedom and Virtue explores what unites and divides the adherents of these two important American traditions shedding much light on our Symposium on Politics (JCR Vol. 05 No. 01) R. J. Rushdoony, There are millions of Bible current political landscape believing Christians in the United States people who affirm their faith in the infallibility of the Bible Yet it is obvious to anyone that the United States is dominated by the forces of secular humanism Willmoore Kendall John A. Murley John E. Alvis, 2002-01-01 Willmoore Kendall Maverick of American Conservatives provides the first book length study of a man long regarded as a founding father of American intellectual conservatism. This edited collection brings together a diverse range of perspectives on Kendall's life and work and places the post World War II political theorist in the context of modern American conservatism Far from providing a monolithic view of Kendall's thought the contributions illuminate an unconventional often contradictory thinker The book traces the development of Kendall's body of political thought from his early years in Oxford through his work on John Locke to the later speculation that produced The Basic Symbols of the American Political Tradition and analyzes the influence of Leo Strauss on his later work Including for the first time in print the complete correspondence between Kendall and Strauss that significantly shaped Kendall's later work Willmoore Kendall is a vital contribution to American intellectual history The Ninth Amendment and the Politics of Creative Jurisprudence Marshall DeRosa, 2017-11-30 The Ninth Amendment holds that every right not explicitly granted to the federal government by the Constitution belongs to the states or to the individual Further those rights held by the government should not be construed to deny or disparage other rights held by the people As in other areas of contention between federal power and states rights the Ninth Amendment has become subject to activist Supreme Court interpretation whereby the traditional model of federalism in which states had meaningful public policy prerogatives has given way to a model in which states become mere extensions of the U S government In this volume Marshall DeRosa provides a thorough analysis of Supreme Court unenumerated rights policy and offers suggestions toward reestablishing American federalism as envisioned by the framers of the Constitution The book opens with a review and analysis of current debates over Ninth Amendment rights and then utilizes the privileges and immunities clauses as demonstrative of the traditional relationship between the states police powers and unenumerated fundamental rights DeRosa then considers the critical role of academia in shifting public policy away from popular control and toward the judiciary Later chapters include national and state case studies as instances of judicial creativity an examination of the effects of Ninth Amendment jurisprudence on the Second Amendment as it bears on the gun control debate and a comparative analysis of contrasting theories on the status of unenumerated rights In his conclusion DeRosa offers some prescriptive thoughts on how to restore the original constitutional concept of popular consent as a remedy to an increasingly unaccountable federal judiciary By restoring the Ninth Amendment to the context of American federalism this

volume constitutes a major contribution to contemporary scholarship challenging a corpus of commentary that either ignores misunderstands or misrepresents the relevance of popular control in the articulation of unenumerated rights The Ninth Amendment and the Politics of Creative Jurisprudence will be of interest to political scientists historians legal theorists and Lincoln and the Politics of Christian Love Grant N. Havers, 2009-11-13 America has seen faith political practitioners based initiatives and the audacity of hope in twenty first century politics but few participants in our political scene have invoked the other Christian virtue of charity as a guiding principle Abraham Lincoln extolled the merit of loving thy neighbor as thyself especially as a critique of the hypocrisy of slavery but a discussion of Christian love is noticeably absent from today s debates about religion and democracy In this provocative book Grant Havers argues that charity is a central tenet of what Lincoln once called America's political religion He explores the implications of making Christian love the highest moral standard for American democracy showing how Lincoln's legacy demands that a true democracy be charitable toward all and that only a people who lived according to such ideals could succeed in building democracy as Lincoln understood it Havers argues that it is simplistic to conflate Lincoln s invocation of with charity for all with his abiding support for the ideal of human equality The ethic of charity in his view also brought a uniquely Christian realism to the universalism of democracy He also describes how since World War I intellectuals and political leaders have denied that there exists a necessary relation between democracy and Christian love proposing that democracy is sufficiently ethical without reliance on a specific religious tradition Today s neoconservatives and liberals instead posit a universal yearning for democracy that requires no foundation in the ethic of charity Havers shows that this democratic universalism espoused by those who believe a chosen people should uphold the natural rights of humanity is alien to the sober thought of both the founders and Lincoln This carefully argued work defends Lincoln's understanding of charity as essential to democracy while emphasizing the difficulty of fusing this ethic with the desire to spread democracy to people who do not share America's Christian heritage In considering the prospect of America's leaders rediscovering a moral foreign policy based on charity rather than the costly idolization of democracy Lincoln and the Politics of Christian Love makes a timely contribution to the wider debate over both the meaning of religion in American politics and the mission of America in the world and opens a new window on Lincoln s lasting legacy The Dilemmas of American Conservatism Kenneth L. Deutsch, Ethan M. Fishman, 2010-08-18 In the second half of the twentieth century American conservatism emerged from the shadow of New Deal liberalism and developed into a movement exerting considerable influence on the formulation and execution of public policy in the United States During that period the political philosophers who provided the intellectual foundations for the American conservative movement were John H Hallowell Eric Voegelin Leo Strauss Richard Weaver Russell Kirk Robert Nisbet John Courtney Murray Friedrich Hayek and Willmoore Kendall By offering a comprehensive analysis of their thoughts and beliefs The Dilemmas of American Conservatism both illuminates the American conservative imagination and reveals its most serious contradictions The

Basic Symbols Of The American Political Tradition Introduction

In the digital age, access to information has become easier than ever before. The ability to download Basic Symbols Of The American Political Tradition has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Basic Symbols Of The American Political Tradition has opened up a world of possibilities. Downloading Basic Symbols Of The American Political Tradition provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Basic Symbols Of The American Political Tradition has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Basic Symbols Of The American Political Tradition. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Basic Symbols Of The American Political Tradition. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Basic Symbols Of The American Political Tradition, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Basic Symbols Of The American Political Tradition has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By

doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Basic Symbols Of The American Political Tradition Books
