Complementary and Alternative Approaches to Biomedicine Edwin L. Cooper,Nobuo Yamaguchi,2013-06-29 WHAT HAPPENED IN KANAZAWA THE BIRTH OF eCAM This book contains the proceedings of the International Symposium on Complementary and Alternative Medicine CAM which was convened in Kanazawa Japan November 8 10 2002 The participants were mainly from Japan USA China France England Germany Taiwan and India The world of western medicine is

gradually opening its doors to new ways of approaching healing. Since many of these approaches began centuries and even millennia ago in Asia, it was entirely appropriate to open our symposium in Kanazawa, a beautiful traditional city located on the Sea of Japan. Experts from Asia, Europe, and the United States gathered together for true discussions on complementary and alternative medicine and its role developing all over the world. As scientists, we listened to historical perspectives from India, China, and Japan where CAM is still being practiced as it has been for centuries. It is well to mention at the outset that this book will cover a rapidly growing field that has strong advocates but others who are less than enthusiastic. This should be evident by the presentation of chapters that aim to significantly dispel some of the criticisms of pseudoscience and myth that often surround the discipline. It is our purpose to present high quality peer reviewed chapters.
