Basic College Writing:

Basic College Writing Laurie G. Kirsznar, Stephen R. Mandell, 1982 Basic College Writing is a practical step by step guide for use in freshman courses in composition It is designed to help students learn how to plan write and revise short expository papers at the college level in any discipline Written in a clear and informal style Basic College Writing offers explanations numerous examples and diagrams and many exercises to reinforce the skills it teaches Throughout its emphasis remains not on theory but on the kind of writing actually expected of college students *Evaluating College Writing Programs* Stephen Paul Witte, Lester Faigley, 1983 Noting that present evaluation systems are so limited that they are neither reliable nor valid this monograph critically reviews studies designed to evaluate composition programs at four major universities The book offers theoretical and practical guidance through discussion of generalities from the four studies and pertinent questions and guidance to evaluators of composition programs The first chapter looks at the state of the art of evaluating writing programs discussing the need for such evaluation and at two dominant approaches to writing program evaluation The second chapter discusses a quantitative model of writing program evaluation in terms of four university studies giving an overview of the dominant quantitative approach Chapter 3 discusses a framework for evaluating college writing programs including five components of writing program evaluation and the final chapter discusses accommodating context and change in writing program evaluation HTH **Writing Instruction for Success in College and in the Workplace** Charles A.

MacArthur, Zoi A. Philippakos, 2023-12 This book describes an innovative evidence based method for preparing students for the demands of college writing called Supporting Strategic Writers SSW The goal of SSW is to help students become independent learners who understand the value of strategies and can apply them flexibly in future courses and the workplace The text provides genre based strategies for rhetorical analysis planning evaluation and revision critical reading of sources and synthesis of sources that are part of college composition and applicable across contexts and course assignments Equally important to the SSW approach is that students learn metacognitive strategies for goal setting task management progress monitoring and reflection Instructional methods include discussion of model essays think aloud modeling of strategies collaborative writing peer review and self evaluation and reflective journaling Book Features Integrates three critical components strategies for critical reading and writing metacognitive strategies to help students take control of their learning and pedagogical strategies Provides research based approaches for teaching developmental writing courses first year composition summer bridge programs and first year seminars Offers thorough explanations of the strategies and instructional methods with practical examples and support materials for instructors Based on two years of design research and three experimental studies which found significant positive effects on writing quality and motivation with college students in developmental writing courses *The Hitchhiker's Guide to Writing Research* Xinghua Liu, Michael Hebert, Rui A. Alves, 2023-09-30 This book brings together the work of established scholars from around the world to celebrate and honor

the many ways in which Steve Graham has contributed to the advancement of teaching and researching writing Focusing on writing development and writing instruction in different contexts of education original contributions in this book critically engage with theoretical and empirical issues raised in Steve Graham s influential body of work and significantly extend our understandings of the importance of writing in developing learners literacy and the roles of writing in teaching and learning processes This book is organized around themes central to Steve Graham s work including theories and models of writing effective instructional methods in teaching writing surveys on teaching and learning writing and systematic review studies on writing Apart from regular chapters the book also features personal and scholarly reflections revealing the powerful ways in which Steve Graham s work has influenced our thinking in the field of writing research and continues to open up new avenues for future research endeavors

Teaching College Writing to Diverse Student Populations Dana Ferris, 2009-06-02 Statistical and anecdotal evidence documents that even states with relatively little ethnic or cultural diversity are beginning to notice and ask questions about long term resident immigrants in their classes As shifts in student population become more widespread there is an even greater need for second language specialists composition specialists program administrators and developers in colleges and universities to understand and adapt to the needs of the changing student audience s This book is designed as an introduction to the topic of diverse second language student audiences in U S post secondary education It is appropriate for those interested in working with students in academic settings especially those students who are transitioning from secondary to post secondary education It provides a coherent synthesis and summary not only of the scope and nature of the changes but of their practical implications for program administration course design and classroom instruction particularly for writing courses For pre service teachers and those new er to the field of working with L2 student writers it offers an accessible and focused look at the audience issues with many practical suggestions For teacher educators and administrators it offers a resource that can inform their own decision making
