International Marketing Daniel W. Baack, Eric G. Harris, Donald Baack, 2013 International Marketing presents an innovative integrated approach to the course in which marketing concepts are explored in depth within the international context. The authors identify five key factors that impact any international marketing venture: culture, language, political, legal, systems, economic systems, and technological differences, and discuss them in relation to the core marketing concepts of markets, products, pricing, distribution, place, and promotion.
