## **Basic Problems Of The European Community:**

Basic Problems of the European Community Prodromos D. Dagtoglou, 1975-01-01      European Communities John Paxton, 1992-01-01 The establishment of the European Economic Community in 1958 was one of the most remarkable developments in the history of the post World War II era It aimed for nothing less than a complete economic union so that goods people and capital would be able to pass over national boundaries of member countries as freely as they move within any one country As the Community's target date of 1992 for economic integration draws closer the need for information both current and historical becomes more urgent The aim of this annotated bibliography is to create a critical and descriptive list of books published mainly in English for businessmen and analysts combining older publications with new The literature on the EC is vast and issues The Community itself nearly 3000 publications a year The range of material covered in this volume is distinguished by its great scope Historical sections provide listings on the postwar years of economic recovery the development of the EC and biographies of the leading personalities involved Policy oriented sections encompass such subjects as labor transportation environment energy and education The political ramifications of economic union financial and fiscal affairs relations between the EC and the Third World and foreign relations in general are dealt with in separate sections The volume concludes with a listing of major European Community publications The sheer bulk of published material on the EC much of it duplication has made keeping up with its developments difficult for small and medium in Europe and elsewhere This invaluable sourcebook will provide the business community and the political establishments with better access to EC information as they grapple with the implications of 1992      **European Community Law on the Free**

**Movement of Capital and EMU** Sideek Mohamed, 2023-09-20 This book deals with the EC rules on the free movement of capital and economic and monetary union EMU In the context of capital freedom the author performs a critical analysis supported by case law of the problems connected with the abolition of capital controls within the European Community and between the European Community and third countries The book highlights some of the negative consequences of capital freedom such as the scope for tax evasion and money laundering EC rules on EMU such as the rules on convergence criteria Stability and Growth Pact the euro and the continuity of contract and others are also presented in a detailed and critical manner      *Challenges and Barriers to the European Union Expansion to the Balkan Region* Costa, Bruno

Ferreira, 2022-01-21 Despite all efforts to create a political union capable of improving European citizens quality of life there are several barriers to the European Union's EU expansion to the Balkan Region The EU enlargement and expansion to the Balkan Region is one of the Union's greatest challenges and political objectives in recent years In the turmoil of economic social and sanitation crises where is the space to debate the enlargement of the EU Challenges and Barriers to the European Union Expansion to the Balkan Region presents the EU's structure the process of enlargement and the challenges related to the Balkan region This book addresses critical issues and challenges in the EU and the emerging trends for the EU's future

Covering topics such as enlargement policy integration NATO and political challenges this book is a valuable resource for post grad students of political science and international affairs faculty of higher education researchers academicians politicians world leaders and policymakers

**IBSS: Economics: 1993 Vol 42**, 1994 This bibliography lists the most important works published in economics in 1993 Renowned for its international coverage and rigorous selection procedures the IBSS provides researchers and librarians with the most comprehensive and scholarly bibliographic service available in the social sciences The IBSS is compiled by the British Library of Political and Economic Science at the London School of Economics one of the world's leading social science institutions Published annually the IBSS is available in four subject areas anthropology economics political science and sociology

**The European Union Explained** Andreas Staab, 2021-12-22 An informative well paced and clearly articulated narrative of the European Union's development Jennifer Yoder Colby College This brief and accessible introduction to the European Union is ideal for anyone who needs a concise overview of the structure history and policies of the EU This updated edition includes a new chapter on the sovereign debt crisis in the Eurozone Andreas Staab offers basic terms and interpretive frameworks for understanding the evolution of the EU the overall structure purpose and mandate of its main constituent divisions and key policy areas such as market unification and environmental policy Readers in America and Europe alike will benefit from the very considerable expertise revealed in these pages Hugh Dykes House of Lords Liberal Democrat Spokesperson on the European Union A fine introduction to the European Union and will appeal to a range of collections from political science and business holdings to college level collections strong in the media Midwest Book Review

[The European Community's Common Agricultural Policy](#) Anthony Stanley Rojko, Byron L. Berntson, Donald Chrisler, Norris Taylor Pritchard, Richard G. Wheeler, Robert Vaughn Enochian, 1961

*Political Parties and the European Union* John Gaffney, 2002-09-11 Political Parties and the European Union offers a panoramic survey of the political parties of contemporary Europe It covers party politics from Scandinavia to Greece focusing on how parties in the individual member states have responded to the processes of European integration Despite a trend towards political convergence national traditions continue to shape politics across Europe In order to reflect and do justice to the diversity of political cultures the book combines case studies comparative approaches and supranational perspectives It examines the history of the main national parties offers new comparative perspectives on communist green and extreme right parties and analyses party politics at the European level

[EBOOK: The Politics Of European Union Health Policies](#) Scott Greer, 2009-06-16 Scott Greer has done a remarkable job in explaining how the Europeanization of health policy takes place how institutional legacies exert an influence in lobbying how harmonization exacerbates path dependent welfare structures that in turn impede a race to the bottom and why the idea of a European social model creates positive external effects even if it is only an ad hoc policy construction Journal of European Social Policy 2010 20 2 Provides an original and thought provoking perspective and approach combining in depth theoretical discussions and well researched case studies over 11

chapters The book is well written and insightful and the main argument is that EU law and policy developments directly and indirectly have the potential of undermining domestic health systems and the political actors within them *Journal of Common Market Studies* 2010 Volume 48 Number 3 This book provides a unique insight into what is going on unnoticed by most below the surface in EU health policy It serves as a wake up call for those who continue to believe that the EU is of marginal interest and relevance in national level debates about the direction of health care In addition in an engaging and lively style it provides essential guidance for students of health policy who seek to understand the labyrinthine processes and the wide ranging unintended consequences for good and for bad of EU policy making Professor Naomi Chambers Head of Health Policy and Management Manchester Business School In this insightful book Scott Greer describes how European health policy has long been developed in a secret garden where a small number of people find pragmatic solutions to immediate problems while avoiding the fundamental questions Yet the logic of European integration is tearing down the garden s walls creating a public park where pragmatism takes second place to principles Something must be done but it is not clear what Greer s book will be essential reading for anyone who is responsible for organising how health care is delivered in Europe Martin McKee CBE London School of Hygiene and Tropical Medicine UK This important new book explains how European Union EU developed policies shape and constrain health services It answers the key questions asked of EU health policy What is it Why did it happen What does it take to influence it and how can it be changed Using extensive new data Greer discusses how EU policy is influenced by lobbies in Brussels and by four big member states France Germany Spain and the United Kingdom Shaping EU health policy takes information coordination nimbleness and focus The book examines the ways that the successful health lobbies and member states work identifies weaknesses and emphasizes the challenge to health policymakers if they do not influence EU health policies they will lose influence over their own health systems *The Politics of European Union Health Policies* will be of great interest to students and academics of EU policy and politics as well as health policy makers

**A Dictionary of the European Union** David Phinnemore, Lee McGowan, 2013-06-26 This unique collection of data includes concise definitions and explanations on all aspects of the European Union It explains the terminology surrounding the EU and outlines the roles and significance of the institutions member countries programmes and policies treaties and personalities It contains over 1 000 clear and succinct definitions spelling out acronyms and abbreviations arranged alphabetically and fully cross referenced Among the 1 000 entries you can find explanations and background details on accession negotiations atmospheric pollution Central European Free Trade Area common agricultural policy company law statute competition policy the euro Governance White Paper human rights MERCATOR Middle East OLAF European Anti Fraud Office refugee policy Schengen Agreement Treaty of Nice US EC Declaration **The European Union's Non-Members** Erik Oddvar Eriksen, John Erik Fossum, 2015-06-03 The EU is a supranational organization whose reach and influence extends well beyond its member states especially to the many states that have signed various forms of

association agreement with it This book asks whether qualifying states who have eschewed EU membership experience negative effects on their legal and political self governing abilities or whether they manage their independence with few such effects It explores the idea that the closer the affiliation a non member state has with the EU the more susceptible to hegemony the relationship appears to be In addition the book provides an overview of the total range of agreements the EU has with non member states This text will be of key interest to scholars and students of in EU European studies Scandinavian studies European and comparative politics international relations and democratization studies *European Union Law* Catherine Barnard, Steve Peers, 2023 Edited by Catherine Barnard and Steve Peers *European Union Law* draws together a range of perspectives from experienced academics teachers and practitioners to provide a comprehensive introduction Each chapter has been written and updated by an expert in the field to provide students with access to a broad range of ideas while offering a solid foundation in the institutional and substantive law of the EU Written by experts designed for students every chapter ensures a balance of accessible explanation and critical detail Case studies are included throughout the book to enable students to understand the context and implications of EU law as well as helping to familiarize them with some of the most significant case law in the area Quotations and examples from key legislation and academic sources are also included to help develop a well rounded understanding while further reading suggestions for each chapter act as a springboard for further study and assessment preparation This text provides a fresh and modern guide to EU law and is an ideal entry point for students new to the subject as well as those looking to develop their understanding Digital formats and resources The fourth edition is available for students and institutions to purchase in a variety of formats The e book offers a mobile experience and convenient access along with functionality tools navigation features and links that offer extra learning support [www.oxfordtextbooks.co.uk/ebooks](http://www.oxfordtextbooks.co.uk/ebooks) *Regional Policy in the European Community* Douglas Yuill, Kevin Allen, Chris Hull, 2025-09-12 *Regional Policy in the European Community* 1980 presents a structured overview of regional incentives and policy in the European Community countries set in the context of the regional problem in those countries Four main policy elements can be isolated in EEC countries infrastructure investment the use of state owned or state controlled firms to help develop problem regions the use of disincentives in regions under pressure and regional incentive expenditure This book treats each of the EEC countries systematically examining the problem the development of policy the incentives and a comparison with other countries **The European Union Encyclopedia and Directory 1999** Europa Publications, 1999 Charts the Union's development from its conception through to the implementation of the Maastricht Treaty and its continuing activities Includes an A Z section of concise definitions and explanations of organizations acronyms and terms The most extensive collection of information available on the European Union The third edition of this definitive reference work has been thoroughly revised and updated to provide the latest information on the EU It charts the Union's development from its conception through to the creation of the single market in 1992 to the implementation of the Maastricht Treaty and its

continuing activities Contents include An A Z section of concise definitions and explanations of organizations acronyms and terms plus short articles on the member states A series of introductory articles providing a broader view of the policies and activities of the EU Statistical data for the entire EU on trade employment and industrial production An extensive directory of key names addresses phone and fax numbers e mail and internet addresses for all major European Union institutions and official bodies Details of MEPs their political groups and national parties members of major committees Directorates General and other commission bodies

*Britain's Failure to Enter the European Community, 1961-63* George Wilkes,1997 The essays collected in this study reveal why the EC was too young to accommodate Britain s geopolitical interests and how the British were over optimistic in their negotiations with the EC

**European Union and New Regionalism** Mario Telò,2013-03-28 Stemming from an international and multidisciplinary network of leading specialists this best selling text is fully updated with new chapter additions With the first edition prepared at the end of the last century this new edition anticipates the world of regionalism as we move further into this millennium This new edition offers A vigorous response to conventional wisdom on EU international identity An exploration of key issues of regionalism versus globalization and the potential for world economic and political governance through regionalism A key resource for postgraduate or undergraduate study and research of international relations European studies comparative politics and international political economy Taking into account the expanded European Union the volume comprises contributions from established scholars in the field to highlight external relations in the framework of the development of regional arrangements within the globalized world of the 21st century

*European Union and Strategy* Kjell Engelbrekt,Jan Hallenberg,2010-09-13 This edited volume looks into the nature of the European Union as a strategic actor setting out to explore the paradox that the EU produces policies with strategic qualities but lacks the institutions and concepts to engage in strategic reasoning and action proper

**The European Commission** Michelle Cini,1996 Drawing on up to date sources both academic and journalistic this book sets out to explain what the European Commission does how it does it and why

European Union Jeremy Richardson,Sonia Mazey,2015-02-23 A key textbook for undergraduate and postgraduate students of contemporary European politics European Union Power and policy making 4th edition offers a comprehensive and accessible analysis of the European Union policy process Intended to advance understanding of the EU as a now mature and ongoing policy system this book addresses the central issues relating to the distribution of power and influence in the European Union including Theoretical perspectives The roles of key institutions in the processing of policy problems Different channels of representation The EU as a policy making state Written by a distinguished group of international scholars this new edition will also appeal to the worldwide community of researchers on the EU New to this edition New chapters on The Politics of Multispeed Europe The Distribution of Power Among Institutions EU Agencies Covert Integration in the European Union and Political Representation and Democracy in the EU New authors and theoretical approaches on many topics such as differentiated integration opt outs and

multi speed integration negotiation and coalition building the interplay of judicial and legislative policy making power distribution agency behaviour integration by subterfuge the democratic deficit fully updated data and content throughout
