Basic Processes Of Learning Cognition And Motivation:

Basic Processes of Learning, Cognition, and Motivation S. M. Cormier, 2014-04-04 First published in 1986 The main objective of this book is to provide a hard headed theoretical integration of several different major areas of research on learning cognition and motivation in humans and other mammals By hard headed the author simply means that the concepts were generated from empirical data and are testable Since an integrative theory must of necessity integrate apparent diversity such an approach involves the identification and description of the most fundamental factors structural processes underlying the observed capacities of humans and animals in the domain of learning and motivation Basic Processes of Learning, Cognition, and Motivation Stephen M.
