Resurrection and Discipleship Thorwald Lorenzen, 2004-01-30 The authority of the Bible in the Gospel narratives and Paul's impassioned epistles revolve around the factual basis and foundational nature of Christ's resurrection for Christianity. The question is how can the resurrection best be understood. In *Resurrection and Discipleship* Thorwald Lorenzen provides a balanced and nuanced investigation of this question.

Key Theological Thinkers Svein Rise, 2016-04-22 The 20th and 21st Centuries have been characterized by theologians and philosophers rethinking theology and revitalizing the tradition. This unique anthology presents contributions from leading contemporary theologians including Rowan Williams, Fergus Kerr, Aidan Nichols, G. R. Evans, and Tracey Rowland, who offer portraits of over fifty key theological thinkers in the modern and postmodern era. Distinguished by its broad ecumenical perspective, this anthology spans arguably one of the most creative periods in the history of Christian theology and includes thinkers from all three Christian traditions: Protestant, Catholic, and Orthodox. Each individual portrait in this anthology includes a biographical introduction, an overview of theological or philosophical writing, presentation of key thoughts, and contextual placing of the thinker within 20th Century religious discourse. Overview articles explore postmodern theology, radical orthodoxy, ecumenical theology, feminist theology, and liberation theology. A final section includes portraits of important thinkers who have influenced Christian thought from other fields, not least from Continental philosophy and literature.

Incarnation and Resurrection Paul D. Molnar, 2007-06-15 For too long contemporary theology has downplayed the importance of holding together the incarnation and the resurrection when thinking theologically. Paul Molnar here surveys the place of these key doctrines in the thought of several influential theologians: Karl Barth, Karl Rahner, Thomas F. Torrance, John Macquarrie, Gordon Kaufman, Sallie McFague, Roger Haight, John Hick, and Wolfhart Pannenberg. Molnar demonstrates that whenever the starting point for interpreting the resurrection is not Jesus himself, the incarnate Son of the Father, then Christology and Soteriology are undermined because they are not properly rooted in a plausible doctrine of the Trinity. Fair, comprehensive, and balanced, Molnar's analysis, following Torrance and Barth, highlights the details of contemporary theology of the resurrection linked to the incarnation and maintains the necessity of the incarnation in its intrinsic unity with the resurrection as the beginning rather than the end of Christology.

Emil Brunner's Integration of Faith and Reason Dong In Baek, 2024-05-06 In the philosophical purview of our intellectual endeavors, Emil Brunner's sojourn through the theological corridors reveals a tapestry of rigorous mental exercises and paradigmatic shifts. Commencing his exploration harmonized with the liberal theological currents, Brunner found himself adrift, embroiled in the tumultuous seas of Karl Barth's unequivocal 'No' to the paradigms of natural theology, etching an indelible ideological chasm. Traversing three profound metamorphic epochs initiating within the precincts of consciousness,

theology an echo chamber of Schleiermacher's musings segueing into the gravitational pull of dialectical theological realms and reaching zenith in his unparalleled emphasis on the Truth as Encounter Brunner's spiritual and intellectual topography is an odyssey of profound depths This literary endeavor plumbs the profundities of Brunner's philosophical theological metamorphosis A journey delineating his intricate dance with Bergson's intuitive paradigm his symbolic lexicon of faith an eventual critique of dialectical theology's embrace culminates in an intricate interpretation of sin and the imago Dei Of paramount significance is Brunner's theological bifurcation from Barth on the quintessential essence of human divine dynamics While both theological maestros recognize sin's pervasive imprint on the human soul Brunner postulates the tantalizing possibility of personal divine rendezvous In this erudite exposition on Brunner's theology we embark on an intellectual odyssey elucidating the subtle shades and profound resonances of his cognitive evolution An evolution wherein juxtaposed against theological titans he architects an idiosyncratic theological timbre echoing through the annals of time

The Corruption of Theological Institutions by Plagiarism in Dissertations Alkuin Schachenmayr, 2022-12-12

Getting a doctorate in Europe is supremely attractive for young Catholic priests from the Global South They attain prestige career advancement and in many cases the opportunity to move permanently from impoverished countries to some of the world's wealthiest But do they submit rigorous original doctoral research in keeping with universal academic standards This study examines theological dissertations by international students accepted by major Austrian universities and shows that academic incompetence plagiarism and negligent supervision are seriously damaging theological institutions in Europe and abroad By looking the other way advisors and administrators do their students and the church a disservice

God in the Labyrinth Andrew Hollingsworth, 2019-10-11 In *God in the Labyrinth* Andrew Hollingsworth uses Umberto Eco's semiotic concept of the model encyclopedia as the basis for a new model and approach to systematic theology Following an in depth analysis of the model encyclopedia in Eco's semiotics he demonstrates the implications this model has for epistemology hermeneutics and doctrinal development This work aims to bridge the unfortunate gap in research that exists between the fields of systematic theology and semiotics by demonstrating semiotic insights for theological method

Revelation in a Pluralistic World Louis Roy, 2022-08-25 Since the Enlightenment the churches have progressively suffered a severe loss of status because of their belief that revelation is realized only in Christianity The suggestion that Christian revelation might be truer than other so called revelations seems to be preposterous This book argues that this insistence has often remained unnuanced and simplistic with the consequence that not only unbelievers as well as believers of other religions but even numerous Christians no longer agree with the primacy of a truth revealed in Jesus Christ The book addresses the difficulties affecting the interpretation of belief given modernity's concerns The volume sets out a provisional synthesis on revelation and it makes available much expository and historical information It correlates distinctions between pair members such as the natural and the supernatural conceptualism and intellectualism heart and reason subjectivity and objectivity limited

perspective and universal viewpoint permanence of doctrine and historicity Christian and non Christian claims regarding truth revelation and divine speech moderate and radical pluralism Jesus absolutized and Jesus relativized The thrust of the argument is towards an appropriation of what is best in ancient medieval and modern traditions on revelation This book delineates in an original way a position on revelation that is at once traditional and relevant for today It accepts many values brought to the fore by modernity and draws from exegetes historians philosophers and theologians Its inspiration comes principally from the Bible Thomas Aquinas John Henry Newman and Bernard Lonergan

Christian Ambivalence Toward Its Old Testament Alexander Blair, 2011-01-01 The Old Testament Torah and Prophets recount the history of an Israel understanding the essence of each person to be the sum of its interactive thus essence creating social roles such as citizen parent or employee In contrast the European world had developed a culture described by Plato as emanating from the logos but actually directed from its upper class Each individual was to fill its logos determined place in the social order in contrast to Israel's God delegating responsibility to the human community Genesis 1:27 for itself continuously creating its interactive social structure its culture In 325 BCE Greece colonized the Near East and pressured the Jewish leaders to reinterpret their scriptures as static rules from above rather than interactive resource for learning from past experience The Jewish reformer Jesus of Nazareth urged the people to maintain their interactive tradition which caused his elimination by the colonial authorities The New Testament recounting of this restorative movement puts its current issues in creative internal interaction with Old Testament described events on average more frequently than once every two New Testament verses However neo Platonic Christian theologians Augustine Aquinas Luther Tillich and Rahner misunderstood the Old Testament and Jesus embrace of it and nineteenth and twentieth century theologians Schleiermacher Harnack and Bultmann explicitly rejected it In the 1960s scholars Eichrodt and von Rad rediscovered the Old Testament proclaimed bilateral internal interaction between God and the community And by the late twentieth century Europeans Metz and Chauvet and Latin Americans Gutierrez and Segundo offered a thoroughly interactive Christian theology Can European and North American Christianity understand its New Testament Before 1832 peasants could theologians couldn't After 1832 some theologians can most middle class consumers can't most politicians don't want to while most Africans and mestizo Latin Americans implicitly always did

An Indian Trinitarian Theology of Missio Dei P. V. Joseph, 2019-07-12 The recent rediscovery of the doctrine of the Trinity has left great impact on the thought and life of the Christian Church With this reinstatement the Trinity which was left out for long as an esoteric mystery has captured the imagination of theologians and elicited remarkable trinitarian formulations from across theological traditions This contemporary development has forced the church to review its dogma spirituality and Christian practices through the lens of this central doctrine of the Christian faith One of the important and essential upshots of the doctrine has been the reclamation of a theocentric and trinitarian understanding of mission as the missio Dei In view of the modern renewal of the Trinity and the global expansion of Christianity this book
