Basketball Fundamentals Teaching Techniques For Winning:

Basketball Fundamentals Jack Lehane, 1981 **Winning Basketball Fundamentals** Lee Rose, 2012-09-21 Lee Rose has been one of basketball's most knowledgeable and respected coaches over the past 50 years at the high school, college, and professional levels. *Winning Basketball Fundamentals* presents his proven program for success, the same one he used in taking teams from two different colleges to the Final Four. From offense to defense to transition play and special situations, Rose covers every tactical facet of the game and adds his insights for improving execution in each. He presents popular offensive systems: the Triangle, LA Flex, Dribble Drive, and Motion, as well as man-to-man and zone defensive schemes with suggestions for when and how to deploy and adjust them. Rose also teaches all the essential individual skills required for performing those tactics proficiently and consistently, with special tips for executing when the game is on the line. Perimeter and post-specific instruction and drills will help players build on their skills through practice. Coach Rose also shares his Performance Rating System, a tool he's used time and again to develop some of the game's top players. Rose explains not only how to identify strengths and weaknesses but also how to use that information to maximize the potential of individual players and the team. Flashy and fluke plays might be fun to watch, but you can't build a successful season or career on them. *Winning Basketball Fundamentals* is the proven formula for developing the solid individual skills and team tactics you can count on game after game.

Game Strategies and Tactics for Basketball Kevin Sivils, 2009-09 *Game Strategy and Tactics for Basketball: Preparing to Win the Sideline Battles* is both a how-to book and a guide for how to plan strategy and tactics for basketball for an entire season or an individual game. Coaches often focus on X's and O's and overlook how and when a particular offense or defense should be applied and used during a game. *Game Strategy and Tactics for Basketball: Preparing to Win the Sideline Battles* serves as a planning guide and a master checklist for all the possible situations that a coach will face during a season. The book includes both traditional and some out-of-the-box strategies to the common situations that coaches face and provides both the pros and the cons of the approaches described. It is not the author's intention to tell each coach exactly what to do but to serve as a guide in the decision-making process.

About the author: A 24-year veteran of the coaching profession with twenty-two of those years spent as a varsity head coach, Coach Kevin Sivils amassed 464 wins, and his teams earned berths in the state playoffs 19 out of 22 seasons, with his teams advancing to the state semi-finals three times. An eight-time Coach of the Year Award winner, Coach Sivils has traveled as far as the Central African Republic to conduct coaching clinics. Coach Sivils' first coaching stint was as an assistant coach for his college alma mater, Greenville College, located in Greenville, Illinois. His teams were always known for their discipline, intense effort, execution of fundamentals, and team play. Coach Sivils is also the owner of KCS Basketball Enterprises LLC, an enterprise focused on providing coaches with information to improve their knowledge of the game of basketball and their ability to coach. If you have been looking for a rigorously thorough handbook on basketball tactics and strategy, you have found it. Coach Doug
