Living Water Robert P. Vande Kappelle,2022-10-27 Everyone loves a good story one with interesting characters an intriguing plot lots of twists and turns and a surprise ending Jesus was a master storyteller teaching primarily through a technique we call parables In fact over one third of the gospel material in the New Testament is parabolic in nature Examining the parables of Jesus Living Water views parables as a wisdom genre belonging to mashal the Jewish tradition of sacred poetry stories proverbs riddles and dialogues through which wisdom is conveyed In the Hebrew Bible the Old Testament mashal is often associated with perplexing sayings for its meaning is deliberately obscured in order to force the reader or listener to deeper thought and higher consciousness While examining the parables of Jesus Living Water focuses not so much on traditional explanations and interpretations but on their paradoxical and perplexing nature In addition this book encourages us to take a parabolic approach to all Scripture viewing it as an aid to help us move from egoic existence to unitive existence This Spirit led way of living thinking and being requires a transformation from our False Self to our True Self from dualist self obsession to nondualist consciousness characterized by risk taking compassion generosity availability and joy a path charted by the parables of Jesus Benefitting from recent scholarly research Living Water is unique in content and conception and is useful for individual or group study Each chapter concludes with questions suitable for discussion or reflection

Harmony Anton Hoffmann,2024-11-27 Why can t we just get along This question has plagued mankind throughout the ages especially as it relates to the relationships and roles of men and women The Christian church has given us the answer from Genesis 3 where humankind goes into the god business for themselves where the power struggle between the sexes originates Instead let s ask What would it take for us to get along and the church s usual interpretation of New Testament passages that address it has not brought peace between men and women in the church or society at large This book presents a new answer based on Genesis 1 where the original intention of the Triune Godhead was to create human beings that reflect the harmonious relationships within the Trinity The relevant biblical passages are interpreted through this new lens Christ restores the relationship between God and humankind and that includes His intended relationship between men and women Discover gender Harmony in Christ for yourself

Understanding Christian

Leadership Ian Parkinson, 2020 Understanding Christian Leadership offers an examination of a distinctly Christian understanding of leadership offering a critical appraisal of insights from secular theories of leadership exploring biblical and other theological insights into the nature and practice of leadership Whilst arguing for a form of leadership which is widely dispersed and collaborative the book seeks to explain the distinctive role of leaders within such a leadership economy It also seeks to establish a proper relationship between sacred and secular leadership thinking tackling some of the common philosophical and theological reservations to do with leadership discourse whilst offering a critical framework for discerning the suitability for the Church of different sources of leadership thinking Designed as core reading for leadership modules currently taught by the author across a large number of training contexts in the UK this book is an indispensable text for those taking undergraduate or postgraduate level qualifications in Christian leadership as well as those in other less formal leadership training contexts Foreword by Justin Welby Archbishop of Canterbury

Hebrew Gospel Wolfgang Roth, 2009-11-01 a brilliant and audacious investigation of the narrative strategy of Mark Roth's mastery of Hebrew paradigms illuminates the second Gospel with compelling and at times breathtaking detail The discovery of Mark's scriptural code in the Elijah Elisha narrative will provoke many New Testament scholars to probe more deeply into the Hebraic roots of early Christianity Robert J Jewett Professor of New Testament Interpretation Garrett Evangelical Seminary Wolfgang Roth's work on the Judaic literary tradition behind the gospels leads to stunning revelations of structure and meaning Mary Douglas author of Purity and Danger and Emeritus Professor in Humanities Northwestern University I find this new achievement of Roth's remarkable and refreshing His approach to the Gospel of Mark is a sound return to the foundations of gospel writing Although some of the modern explorations into non Jewish possible literary models for New Testament writings prove useful Roth's book reminds us that the New Testament is a Jewish piece of literature whose reference is decisively the Hebrew Scripture The evidence that he brings to his thesis is in my opinion incontrovertible and irresistible Andre LaCocque Professor of Old Testament and Director Center for Jewish Christian Studies Chicago Theological

Seminary An important study By showing an aspect of the intertextuality of Mark it helps to break the impasse concerning the lack of predecessors to the gospel form Also it raises the issue of intertopicality the presence of common topoi and type scenes in the gospels Vernon Robbins Graduate Division of Religion Emory University PICTURES II Brad Young, 2024-11-19 One of the best ways to bring clarity to a written text when the meaning is not crystal clear is through the use of a picture illustration The response Oh now I understand is often the result of a good picture illustration It is normal to have questions or to have a certain amount of confusion when reading passages from the Bible What many people are not aware of is that God has provided us with hundreds of these picture illustrations to help clarify what He is saying to us in His Word God is the master illustrator and we always come to a deeper understanding of His Word and as a result greater spiritual maturity when we look carefully at the picture illustrations He has created for us In the first section of Pictures II we will examine the picture illustrations God has provided for us through creation We will discover that much of what God has created in the physical realm helps us to understand the spiritual realm We will see how the physical explains the spiritual how the visible explains the invisible This section we will call Photo Album I In the second section of the book we will cover certain biblical principles that are contained in the New Testament and we will look to the people and events of the Old Testament for picture illustrations that bring clarity to those New Testament doctrines This section we will call Photo Album II The third section of the book is the most important We will look at what the New Testament teaches about who Jesus is and about God's plan of salvation for the world and then we will look to the people and events of the Old Testament for illuminating picture illustrations We will call this section of the book Photo Album III **Preaching and the Literary Forms of the Bible**

Thomas G. Long, 1989 Long argues that the literary form and dynamics of biblical texts can and should make a difference in the kinds of sermons created from those texts not only because of what the texts say but because of how they say it He presents a methodology for taking the literary characteristics of biblical texts into account in the text to sermon process and then applies that methodology in separate chapters on preaching on psalms proverbs narratives parables and epistles

From Darkness Into Light Erwin Von Greiff, 2008-12 Recalling Gurdjieff's intent for his first series To destroy mercilessly without any compromises whatsoever in the mentation and feelings of the reader the beliefs and views by centuries rooted in him about everything existing in the world For years Gurdjieff's followers have been working reading struggling to understand his writing We are like miners chipping away at the rocks of his books seeking the dog he so carefully buried That dog has been waiting patiently to be disinterred but we have been digging with the wrong tools A few new shovels and picks which may be helpful are suggested in this book They are here for the taking use them as you will As a word of caution though be careful when you pull the dog out He can be at times a bit wild And let's face it he's probably hungry after fifty years underground That is to say that dog could jump up and bite the legs right out from under some of your more treasured beliefs or it might even bite you somewhere dearer The purpose of the second series is To acquaint the reader with the

material required for a new creation and to prove the soundness and good quality of it It is a ripening of time The seeds of Gurdjieff's Picture form language have been planted for over five decades and are now ready to burst through the soil of our Psyche to reveal the holographic images of the messages he intended for us And the purpose of the third series To assist the arising in the mentation and in the feelings of the reader of a veritable nonfantastic representation not of that illusory world which he now perceives but of the world existing in reality And with regard to languages Russian and English Gurdjieff said both these languages are like the dish which is called Moscow Solinka and into which everything goes except you and me in fact everything you wish and even the after dinner chesma veil of Sheherazade And from behind that veil Gurdjieff's hand now reaches to pull back the curtain enabling us to see if we will but open our eyes to the images hidden behind the words the esoteric teaching

A Reader on Preaching David Day, 2017-09-08 Every Sunday all over the world people rise up and claim to speak in the name of God It is an astonishing thing to do and an astonishing claim to make It is small wonder that the sermon has been the focus of debate discussion and investigation It has been dismissed as irrelevant in today's culture and has become the butt of numerous jokes and caricatures Yet the claim persists that these human words in some way can become God's message to these hearers This collection of twenty nine articles by international experts in the area of homiletics coincides with the revival of interest in preaching over the last twenty five years It is practical without being merely tips for preachers and it offers the necessary theoretical discussion for anyone who wants to take the art of preaching seriously No important issue has been omitted and taken as a whole the book constitutes a first class introduction to the principles processes context and theology of preaching Contributors include Walter Brueggemann David Buttrick Fred Craddock Edward Farley John Killinger Richard Lischer Thomas Long Elaine Lawless Jolyon Mitchell Cheryl Sanders and Thomas Troeger
