## **Crafty Reader:**

*The Crafty Reader* Robert Scholes, 2008-10-01 I believe that it is in our interest as individuals to become crafty readers and in the interest of the nation to educate citizens in the craft of reading The craft not the art This book is about that craft from the Introduction This latest book from the well known literary critic Robert Scholes presents his thoughtful exploration of the craft of reading He deals with reading not as an art or performance given by a virtuoso reader but as a craft that can be studied taught and learned Those who master the craft of reading Scholes contends will justifiably take responsibility for the readings they produce and the texts they choose to read Scholes begins with a critique of the New Critical way of reading bad for poets and poetry and really terrible for students and teachers of poetry using examples of poems by various writers in particular Edna St Vincent Millay He concludes with a consideration of the strengths and weaknesses of the fundamentalist way of reading texts regarded as sacred To explain and clarify the approach of the crafty reader the author analyzes a wide ranging selection of texts by figures at the margins of the literary and cultural canon including Norman Rockwell Ana s Nin Dashiell Hammett and J K Rowling Throughout his discussion Scholes emphasizes how concepts of genre affect the reading process and how they may work to exclude certain texts from the cultural canon and curriculum

**Researching and Teaching Reading** Gabrielle Cliff Hodges, 2015-08-20 Many agree that engaging in research is what makes a teacher s professional development sustainable and Researching and Teaching Reading studies the ways in which research and teaching are entwined both within and beyond the classroom Gabrielle Cliff Hodges encourages readers to deepen their understanding of reading through high quality teaching and research activities designed to engage young learners and generate rich research data in the expectation that teachers will wish to adapt or develop them further within their own contexts The author explores how teachers research and critical reading can further develop their understanding of their students reading practices and argues that innovative approaches to teaching integrated with research enable English teachers to re construct ideas and change how reading is taught Key issues considered in this book include Studying reading in terms of extending young people s ability to interpret and enjoy texts The idea of reading as a social practice The concept of culture in relation to reading Why historical and spatial theoretical perspectives matter when researching and teaching reading This book is a valuable resource for any student teachers or practising English teachers wishing to learn more about the connection between researching and teaching reading how to combine them in the classroom and the positive effect bringing the two together can have on their own professional development

**Literary Intention, Literary Interpretations, and Readers** John Maynard, 2009-04-17 This accessible personal and provocative study returns to the major subject in literary discussion before and during the relatively recent flourishing of literary theory that of literary intention Does the author s personal intention or historical site determine a correct interpretation of a literary work Probing the entire range of issues connected with this many faceted and knotty concept this book engages with interpretation on both

theoretical and practical levels It argues that the hard questions about interpretation connected to issues of intention cannot be sidestepped or ignored It does not argue for conservative concepts of literature itself nor against the major historical engagements of critics in our time But in addressing those who continue to read or teach literature it does insist on a level of sophistication in issues of literary interpretation that cannot be assured by historical research and knowledge of the social and cultural connections to literary works The overall aim of the work is to recall readers to the great complexity pleasure and interest of literary interpretation

**Drawing on Religion** Ken Koltun-Fromm, 2020-11-10 Comics traffic in stereotypes which can translate into real danger as was the case when in 2015 two Muslim gunmen opened fire at the offices of Charlie Hebdo which had published depictions of Islam and Muhammad perceived by many to be blasphemous As a response to that tragedy Ken Koltun Fromm calls for us to expand our moral imaginations through readings of graphic religious narratives Utilizing a range of comic books and graphic novels including R Crumb's Book of Genesis Illustrated Craig Thompson's Blankets the Vakil brothers 40 Sufi Comics and Ms Marvel Koltun Fromm argues that representing religion in these formats is an ethical issue By focusing on the representation of Christian Jewish Muslim and Hindu religious traditions the comics discussed in this book bear witness to the ethical imagination the possibilities of traversing religious landscapes and the problematic status of racial classed and gendered characterizations of religious persons Koltun Fromm explores what religious stereotypes do and how they function in comics in ways that might expand or diminish our imaginative worlds The pedagogical challenge he argues is to linger in that space and see those worlds well with both ethical sensitivity and moral imagination Accessibly written and vibrantly illustrated this book sheds new light on the ways in which comic arts depict religious faith and culture It will appeal to students and scholars of religion literature and comic studies

**Myths of Enki, The Crafty God** Samuel Noah Kramer, John Maier, 2020-08-18 This ambitious and well researched study brings together for the first time translations of the ancient literature concerning the Sumerian god Enki one of four gods and goddesses who comprised the highest level of the Sumerian pantheon The very existence of these writings which date from the Third Millennium B C was unknown until about 100 years ago when their cuneiform script was deciphered Since then it has become apparent that Sumerian literature had a profound and enduring influence on both Biblical and classical Greek literature and so on the literature of the western world as a whole Kramer one of the world's leading sumerologists has prepared these translations from among the scores of works he has published over the last fifty years John Maier provides a full interpretive framework that places the translations in their broader comparative cultural context This rare collection will be of interest to students and scholars in a wide range of disciplines from Near Eastern and Biblical Studies to Mythology and Comparative Literature

**Reading the Bible** Timothy R. Carmody, 2004 Ideal for introductory Bible courses adult education groups and readers of any faith this book is an invitation to engage biblical text in a direct fulfilling and honest manner in order to better understand and interpret it and to enter into the process of learning how to do this

*Reading W. G. Sebald* Deane Blackler, 2007 A daring new view of Sebald s works and the reading practice they call forth W G Sebald was born in 1944 in Germany He found his way as a young academic to England and a career as professor of German Only between the late 1980s and his untimely death in 2001 did he concentrate on nonacademic writing crafting a new kind of prose work that shares features with but remains distinct from the novel essay travel writing and memoir forms and gaining elevation to the first rank of writers internationally No less a critic than Susan Sontag was moved to ask Is literary greatness still possible implying that it was and that she had found it embodied in his writing Deane Blackler explores Sebald s biography before analyzing the reading practice his textscall forth that of a disobedient reader a proactive reader challenged to question the text by Sebald s peculiar use of poetic language the pseudoautobiographical voice of his narrators the seemingly documentary photographs he inserted into his books and by his exquisite representations of place Blackler reads Sebald s fiction as adventurous and disobedient in its formulation an imaginative revitalization of literary fiction for the third millennium Deane Blackler received her Ph D in Comparative Literature in 2005 from the University of Tasmania

Through the Reading Glass Suellen Diaconoff, 2012-02-01 2005 CHOICE Outstanding Academic Title Through the Reading Glass explores the practices and protocols that surrounded women s reading in eighteenth century France Looking at texts as various as fairy tales memoirs historical romances short

stories love letters novels and the pages of the new female periodical press Suellen Diaconoff shows how a reading culture one in which books sex and acts of reading were richly and evocatively intertwined was constructed for and by women Diaconoff proposes that the underlying discourse of virtue found in women's work was both an empowering strategy intended to create new kinds of responsible and not merely responsive readers and an integral part of the conviction that domestic reading does not have to be trivial

**Readers, Reading and Reception of Translated Fiction in Chinese** Leo Tak-hung Chan, 2014-04-08 Translated fiction has largely been under theorized if not altogether ignored in literary studies Though widely consumed translated novels are still considered secondary versions of foreign masterpieces Readers Reading and Reception of Translated Fiction in Chinese recognizes that translated novels are distinct from non translated novels just as they are distinct from the originals from which they are derived but they are neither secondary nor inferior They provide different models of reality they are split apart by two languages two cultures and two literary systems and they are characterized by cultural hybridity double voicing and multiple intertextualities With the continued popularity of translated fiction questions related to its reading and reception take on increasing significance Chan draws on insights from textual and narratological studies to unravel the processes through which readers interact with translated fiction Moving from individual readings to collective reception he considers how lay Chinese readers as a community received translated British fiction at specific historical moments during the late twentieth and early twenty first centuries Case studies discussed include translations of stream of consciousness novels fantasy fiction and postmodern works In addition to lay readers two further kinds of reader with bilingual facility are examined the way critics and historians approach translated fiction is investigated from structuralist and poststructuralist perspectives A range of novels by well known British authors constitute the core of the study including novels by Oscar Wilde James Joyce D H Lawrence Virginia Woolf John Fowles Helen Fielding and J K Rowling

*Why the Humanities Matter* Frederick Luis Aldama, 2009-09-15 Is there life after postmodernism Many claim that it sounded the death knell for history art ideology science possibly all of Western philosophy and certainly for the concept of reality itself Responding to essential questions regarding whether the humanities can remain politically and academically relevant amid this twenty first century uncertainty *Why the Humanities Matter* offers a guided tour of the modern condition calling upon thinkers in a variety of disciplines to affirm essential concepts such as truth goodness and beauty Offering a lens of new humanism Frederick Aldama also provides a liberating examination of the current cultural repercussions of assertions by such revolutionary theorists as Said Foucault Lacan and Derrida as well as Latin Americanists such as Sommer and Mignolo Emphasizing pedagogy and popular culture with equal verve and writing in colloquial yet multifaceted prose Aldama presents an enlightening way to explore what culture actually does who generates it and how it shapes our identities and the role of academia in sustaining it
